Gender and Dance in Modern Iran: Biopolitics on Stage investigates

the ways dancing bodies have been providing evidence for competing representations of modernity, urbanism, and religiosity across the twentieth century. Focusing on the transformation of the staged dancing body, its space of performance, and spectatorial cultural ideology, this book traces the dancing body in multiple milieus of performance, including the Pahlavi era 's national artistic scene and the popular café and cabaret stages, as well as the commercial cinematic screen and the post-revolutionary Islamized theatrical stage. It links the socio-political discourses on performance with the staged public dancer, in order to interrogate the formation of dominant categories of "modern," "high," and "artistic," and the subsequent "othering" of cultural realms that were discursively peripheralized from the "national" stage. Through the study of archival and ethnographic research as well as a diverse literature pertaining to music, theater, cinema, and popular culture, it combines a close reading of primary sources such as official documents, press materials, and program notes with visual analysis of filmic materials and imageries, as well as interviews with practitioners. It offers an original and informed exploration into the ways performing bodies and their public have been associated with binary notions of vice and virtue, morality and immorality, commitment and degeneration, chastity and eroticism, and veiled-ness and nakedness. Engaging with a range of methodological and historiographical methods, including postcolonial, performance, and feminist studies, this book is a valuable resource for students and scholars of Middle East history and Iranian studies, as well as gender studies and dance and performance studies.

INSTANT NEW YORK TIMES BESTSELLER "Searing. Powerful. Needed." —Oprah "Sometimes a single story can change the world. Unbound is one of those stories. Tarana's words are a testimony to liberation and love." —Brené Brown From the founder and activist behind one of the largest movements of the twentieth and twenty-first centuries, the "me too" movement, Tarana Burke debuts a powerful memoir about her own journey to saying those two simple yet infinitely powerful words—me too—and how she brought empathy back to an entire generation in one of the largest cultural events in American history. Tarana didn't always have the courage to say "me too." As a child, she reeled from her sexual assault, believing she was responsible. Unable to confess what she thought of as her own sins for fear of shattering her family, her soul split in two. One side was the bright, intellectually curious third generation Bronxite steeped in Black literature and power, and the other was the bad, shame ridden girl who thought of herself as a vile rule breaker, not as a victim. She tucked one away, hidden behind a wall of pain and anger, which seemed to work...until it didn't. Tarana fought to reunite her fractured self, through organizing, pursuing justice, and finding community. In her debut memoir she shares her extensive work supporting and empowering Black and brown girls, and the devastating realization that to truly help these girls she needed to help that scared, ashamed child still in her soul. She needed to stop running and confront what had happened to her, for Heaven and Diamond and the countless other young Black women for whom she cared. They gave her the courage to embrace her power. A power which in turn she shared with the entire world. Through these young Black and brown women, Tarana found that we can only offer empathy to others if we first offer it to ourselves. Unbound is the story of an inimitable woman's inner strength and perseverance, all in pursuit of bringing healing to her community and the world around her, but it is also a story of possibility, of empathy, of power, and of the leader we all have inside ourselves. In sharing her path toward healing and saying "me too,"

In the Qur'an, Allah has revealed the machinations of the hypocrites, He has unveiled their beliefs, their qualities, and made their goals clear so that the believers can be aware of them. He divided mankind into three groups in the beginning of Surah al-Baqarah: the believer, the disbeliever, and the hypocrite. He mentioned four verses concerning the believers, two verses concerning the disbelievers, and thirteen verses concerning the hypocrites due to their plenitude and the great harm and tribulation they bring to Islam and the Muslims. The harm they cause to Islam is truly severe for they claim to be Muslims, they claim to aid and support Islam, whereas in reality they are its enemies seeking to destroy it from within, covertly spreading their corruption and ignorance such that the unwary thinks that what they are upon is knowledge and right action.

No legal system in the world has aroused as much public interest as Sharia. However, the discourse around Sharia law is largely focussed on its development and the theories, principles and rules that inform it.

Less attention has been given to studying the consequences of its operation, particularly in the area of Islamic criminal law. Even fewer studies explore the actual practice of Islamic criminal law in contemporary societies. This book aims to fill these gaps in our understanding of Sharia law in practice. It deals specifically with the consequences of enforcing Islamic criminal law in Pakistan, providing an in-depth and critical analysis of the application of the Islamic law of Qisas and Diyat (retribution and blood money) in the Muslim world today. The empirical evidence adduced more broadly demonstrates the complications of applying traditional Sharia in a modern state.

Preface to the English edition
In the Name of Allah, Most Gracious, Most Merciful
I have pleasure in making available to the English reader my Book, *al Fatawa al-Muyyessarah Jurisprudence Made Easy*, which has also been translated to few other languages. I am glad to say that the Arabic Edition has now been published few times. This is indicative of the need for books of jurisprudence, which is a quite technical subject, in a form of language that is down to earth. This being so as to make the subject matter more accessible to the readers, irrespective of their backgrounds. I am confident that this novel approach to dealing

with the subject will bear fruit, not least in contributing to the spread of religious knowledge among vast sections of the society, especially the up-and-coming generation, who has been starved of gaining any meaningful knowledge of the precepts of religion, because of the way the education system has been geared.

Heal your pain and break free from your abusive relationship with this unique recovery program designed by one of the world's leading authorities on narcissistic abuse. Narcissistic abuse was originally defined as a specific form of emotional abuse of children by narcissistic parents. More recently, the term has been applied more broadly, referring to any abuse by a narcissist (someone that who admires their own attributes)—especially adult-to-adult relationships, where the abuse may be mental, physical, financial, spiritual, or sexual. If you have been through an abusive relationship with someone who has Narcissistic Personality Disorder, you will know that no one understands what you are going through unless they have personally experienced it. Author Melanie Tonia Evans was abused by her former husband for over five years, and it almost took her to the point of no return. At her lowest point, she had an epiphany that signified the birth of the Quanta Freedom Healing Technique, which she presents here. In this book, you will learn how to:

- recognize if you are in an abusive relationship
- detach or remove yourself from the narcissist's ability to affect or abuse you
- identify your subconscious programming, release it, and replace it
- focus on healing yourself to become empowered to thrive and not just survive

With thousands of patients successfully treated worldwide, this revolutionary program is designed to heal you from the inside out.

This volume deals with the last two and a half years of the Prophet's life. In addition to the three major expeditions to Hunayn, Ta'if, and Tabuk, it describes in detail the circumstances surrounding the illness from which he died and the subsequent crisis of leadership faced by the nascent Muslim community. The author depicts with admirable fairness all the various opinions and divisions that existed within the community. He also presents a vivid picture of the Prophet's physical appearance, his personal life, and his marriages. Among other topics discussed in this volume are all the deputations that came to Medina; a summary of all the expeditions and raiding parties; and his scribes, freedmen, horses, camels, goats, swords, coats of mail, and so on. It also covers the apostasy of Musaylimah, Aswad, and Tulhahah and the Prophet's attempts to deal with them. The translation not only preserves the original lively flavor of al-Tabari but also, in its annotations, draws extensively on both parallel Arabic sources and the intensive research of recent years. Readers who seek a deeper understanding of the Prophet's personality and of the reasons for antagonisms engendered among various factions will find this volume most informative.

Celebrating the sesquicentennial anniversary of the completion of the first transcontinental railroad in the United States, *After Promontory: One Hundred and Fifty Years of Transcontinental Railroading* profiles the history and heritage of this historic event. Starting with the original Union Pacific—Central Pacific lines that met at Promontory Summit, Utah, in 1869, the book expands the narrative by considering all of the transcontinental routes in the United States and examining their impact on building this great nation. Exquisitely illustrated with full color photographs, *After Promontory* divides the western United States into three regions—central, southern, and northern—and offers a deep look at

the transcontinental routes of each one. Renowned railroad historians Maury Klein, Keith Bryant, and Don Hofsommer offer their perspectives on these regions along with contributors H. Roger Grant and Rob Krebs.

In the name of Allah, the Most Merciful and Most Compassionate. Praise to the One Who completed this religion and sent guidance through His Messenger salAllahu 'alayhi wa sallam. To begin: Every so often our daily lives preoccupy us and turn us away from Allah's promise. When we walk out of our homes, turn on the radio, TV, or Internet, we are distracted by the evils we see and hear. As result of immorality and unashamed disobedience, our hearts grow hard and distant from Allah and His Messenger's call. We know the message of Islam is true, but we are weak due to the rigidity of our heart, spirit and mind. In times like these, we need something to penetrate that stiffness. We need a remedy to soften that hardness and the inflexibility of our choices. Disunity and harshness afflicts this Ummah today.

Consequently, many people have turned away from brotherhood, caring, and even Islam itself. Their hearts have transformed into dwellings of complete hatred for a sinner, disdain toward the weak Muslim, and jealousy of their successful brother or sister. I have selected some ahaadeeth from the most authentic book after the Qur'aan to soften the hearts in our chests. I used Shaykh Muhammad ibn Saalih Al-'Uthaymeen's explanations for the ahaadeeth selected. The ahaadeeth selected come from a book in Imam Al-Bukhari's collection titled *Riqaq: Heart Softeners*. This chapter brings tears to one's eyes, fear to one's mind, and most importantly it diminishes the rigidity in one's heart. I ask Allah to make the translation and compilation solely for His pleasure. I pray to Allah for acceptance of this deed and His mercy in the Hereafter.
