More than just a rousing send-up of Shakespeare, Anythynge You Want To: Shakespeare's Lost Comedy is a full-length theatrical entertainment, written and rewritten continually throughout The Firesign Theatre's long performing career. This volume collects every iambic double entendre and silly soliloquy into a surreal comedy opus, complete with Firesign's "scholarly" Introduction, tongue-in-cheek Footnotes, diagrams, and even recipes! The Firesign Theatre has infused the classic Shakespearian scenes of hurricanes at sea, witches capering about a cooking pot, apparitions on the battlements, graveyard passion, and mortal combat with their notoriously twisted political and social humor. A devastating oil spill, alchemical terrorism, sleezy politics, and Hollywood shenanigans are all part of the laughs. As The Firesign Theatre tells it, the legendary writing/acting quartet has been writing and performing plays since 1600 when they

collaborated with the Bard on Anythynge before taking their act on the road to the New World. Reborn in the Old West as Dr. Firesign's Theatre of the Plains, these fighting clowns have since worn many disguises and had countless high adventures on stage, in movies, and over the radio. The tales told here fill in the comic mythology of The Firesign Theatre's most popular recorded worlds, connecting Nick Danger and George Tirebiter to Hemlock Stones, The Electrician, and "Everything You Know is Wrong." Bonus scripts include 1967's radio saga The Armenian's Paw and an early club-act favorite, Waiting for The Mount of County Crisco. Filled with photographs from performances, along with graphics by Bruce Litz, Anythynge You Want To is truly The Firesign Theatre's major work of high comedy. *Not For Tourists Guide to Chicago 2016* Simon and Schuster

This essay collection addresses the paradox that something may at once "be" and "not be" Shakespeare. This phenomenon can be a matter of perception rather than authorial intention: audiences may detect Shakespeare where the author disclaims him or have difficulty finding him where he is named. Douglas Lanier's "Shakespearean rhizome," which co-opts Deleuze and

Guattari's concept of artistic relations as rhizomes (a spreading, growing network that sprawls horizontally to defy hierarchies of origin and influence) is fundamental to this exploration. Essays discuss the fine line between "Shakespeare" and "not Shakespeare" through a number of critical lenses—networks and pastiches, memes and echoes, texts and paratexts, celebrities and afterlives, accidents and intertexts—and include a wide range of examples: canonical plays by Shakespeare, historical figures, celebrities, television performances and adaptations, comics, anime appropriations, science fiction novels, blockbuster films, gangster films, Shakesploitation and teen films, foreign language films, and non-Shakespearean classic films.

None of them knew the colour of the sky. Their eyes glanced level, and were fastened upon the waves that swept toward them. These waves were of the hue of slate, save for the tops, which were of foaming white, and all of the men knew the colours of the sea. The horizon narrowed and widened, and dipped and rose, and at all times its edge was jagged with waves that seemed thrust up in points like rocks. Many a man ought to have a bath-tub larger than the boat which here rode upon the sea. These waves were most wrongfully and barbarously abrupt and tall, and each froth-top was a problem in small boat navigation. The cook squatted in the bottom and looked with both

eyes at the six inches of gunwale which separated him from the ocean. His sleeves were rolled over his fat forearms, and the two flaps of his unbuttoned vest dangled as he bent to bail out the boat. Often he said: "Gawd! That was a narrow clip." As he remarked it he invariably gazed eastward over the broken sea. The oiler, steering with one of the two oars in the boat, sometimes raised himself suddenly to keep clear of water that swirled in over the stern. It was a thin little oar and it seemed often ready to snap. The correspondent, pulling at the other oar, watched the waves and wondered why he was there. - Taken from "The Open Boat" written by Stephen Crane

In 1899, when film projection was barely three years old, Herbert Beerbohm Tree was filmed as King John. In his highly entertaining history, Robert Hamilton Ball traces in detail the fate of Shakespeare on silent films from Tree's first effort until the establishment of sound in 1929. The silent films brought Shakespeare to a wide public who had never had the chance to see his plays in the theatre. And Shakespeare gave the film makers an air of respectability that was badly needed by a medium with a reputation for frivolity. This work, first published in 1968, brings history to life with excerpts from scenarios, from reviews and from contemporary film journals, and with reproduction of stills and frames from the films themselves, including unusual shots of leading screen actors. This is a valuable source book for film experts, enhanced by full notes, bibliography and indexes; a fresh approach for Shakespeareans; and a vivid sketch of a world that has passed for all.

This bold new collection offers an innovative discussion of Shakespeare

on screen after the millennium. Cutting-edge, and fully up-to-date, it surveys the rich field of Bardic film representations, from Michael Almereyda's Hamlet to the BBC 'Shakespea(Re)-Told' season, from Michael Radford's The Merchant of Venice to Peter Babakitis' Henry V. In addition to offering in-depth analyses of all the major productions, Screening Shakespeare in the Twenty-First Century includes reflections upon the less well-known filmic 'Shakespeares', which encompass cinema advertisements, appropriations, post-colonial reinventions and mass media citations, and which move across and between genres and mediums. Arguing that Shakespeare is a magnet for negotiations about style, value and literary authority, the essays contend that screen reinterpretations of England's most famous dramatist simultaneously address concerns centred upon nationality and ethnicity, gender and romance, and 'McDonaldisation' and the political process, thereby constituting an important intervention in the debates of the new century. As a result, through consideration of such

offerings as the Derry Film Initiative Hamlet, the New Zealand The Maori Merchant of Venice and the television documentary In Search of Shakespeare, this collection is able to assess as never before the continuing relevance of Shakespeare in his local and global screen incarnations. Features* Only collection like it on the market, bringing the subject up to date.* Twenty-first century focus and international coverage.* Innovative discussion of a wide range of films and television.* Accessibly written for students and general readers.
