We are a small, but growing company, and are adding titles every month.

Rosencrantz and Guildenstern Are Dead Grove/Atlantic, Inc.
Since the rediscovery of Elizabethan stage conditions early this century, admiration for Measure for Measure has steadily risen. It is now a favorite with the critics and has attracted widely different styles of performance. At one extreme the play is seen as a religious allegory, at the other it has been interpreted as a comedy protesting against power and privilege. Brian Gibbons focuses on the unique tragi-comic experience of watching the play, the intensity and excitement offered by its dramatic rhythm, the reversals and surprises that shock the audience even to the end. The introduction describes the play's critical reception and stage history and how these have varied according to prevailing social, moral and religious issues, which were highly sensitive when Measure for Measure was

written, and have remained so to the present day.

The Tragedy of King Lear BookCaps Study Guides

English Drama before Shakespeare surveys the range of dramatic activity in English up to 1590. The book challenges the traditional divisions between Medieval and Renaissance literature by showing that there was much continuity throughout this period, in spite of many innovations. The range of dramatic activity includes well-known features such as mystery cycles and the interludes, as well as comedy and

tragedy. Para-dramatic activity such as the liturgical drama, royal entries and localised or parish drama is also covered. Many of the plays considered are anonymous, but a coherent, biographical view can be taken of the work of known dramatists such as John Heywood, John Bale, and Christopher Marlowe. Peter Happé's study is based upon close reading of selected plays, especially from the mystery cycles and such Elizabethan works as Thomas Kyd's *The Spanish Tragedy*. It takes account of contemporary research into dramatic form, performance (including some important recent revivals), dramatic sites and early theatre buildings, and the nature of early dramatic texts. Recent changes in outlook generated by the publication of the written records of early drama form part of the book's focus. There is an extensive bibliography covering social and political background, the lives and works of individual authors, and the development of theatrical ideas through the period. The book is aimed at undergraduates, as well as offering an overview for more advanced students and researchers in drama and in related fields of literature and cultural studies.

Measure for Measure Vintage

Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption.

English Drama Before Shakespeare Penguin

Grand drama of nobles' rebellion against King

Henry, complicated by the ruler's problems with the wayward Prince Hal. Superb blend of courtly intrigue, battlefield action, and comic interludes featuring Sir John Falstaff.

Henry IV: Part One in Plain and Simple

English Createspace Independent Pub

Shakespeare and Lost Plays returns Shakespeare's dramatic work to its most immediate and (arguably) pivotal context; by situating it alongside the hundreds of plays known to Shakespeare's original audiences, but lost to us. David McInnis reassesses the value of lost plays in relation to both the companies that originally performed them, and to contemporary scholars of early modern drama. This innovative study revisits key moments in Shakespeare's career and the development of his company and, by prioritising the immense volume of information we now possess about lost plays, provides a richer, more accurate picture of dramatic activity than has hitherto been possible. By considering a variety of ways to grapple with the problem of lost, imperceptible, or ignored texts, this volume presents a methodology for working with lacunae in archival evidence and the distorting effect of Shakespeare-centric narratives, thus reinterpreting our perception of the field of early modern drama.

King Richard III Associated University Presse

The Tempest is a short play...and a confusing one. There is no one single central plot (there are three main plots that alternate throughout the story). Long story short: it's easy to get lost! And the Shakespearean language doesn't help. If you have struggled in the past reading Shakespeare, then BookCaps can help you out. This book is a modern translation of

The Tempest. The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. This Is Shakespeare BookCaps Study Guides
Acclaimed as a modern dramatic masterpiece, *Rosencrantz & Guildenstern are Dead* is the fabulously inventive tale of Hamlet as told from the worm's-eye view of the bewildered Rosencrantz and Guildenstern, two minor characters in Shakespeare's play. In Tom Stoppard's best-known work, this Shakespearean Laurel and Hardy finally get a chance to take the lead role, but do so in a world where echoes of *Waiting for Godot* resound, where reality and illusion intermix, and where fate leads our two heroes to a tragic but inevitable end. Tom Stoppard was catapulted into the front ranks of modern playwrights overnight when *Rosencrantz and Guildenstern Are Dead* opened in London in 1967. Its subsequent run in New York brought it the same enthusiastic acclaim, and the play has since been performed numerous times in the major theatrical centers of the world. It has won top honors for play and playwright in a poll of London Theater critics, and in its printed form it was chosen one of the "Notable Books of 1967" by the American Library Association.
