Kids Coloring Books Age 4-8. The Big Book of Faces. Recognizing Diversity with One Cool Face at a Time. Colors, Shapes and Patterns for Kids Bloomsbury Publishing
The Force is strong with this series! Introducing a line of workbooks that marries the iconic popularity of Star Wars with the unique mix of editorial quality, fun presentation, and rigorous educational standards that Workman applied to the BRAIN QUEST Workbooks. Twelve titles launch the seriesÑthree each for Pre-K through 2nd GradeÑand dig deep into core subjects, including numbers, ABCs, phonics, and reading readiness for younger grades, and math, reading, and writing for the older ones. The material, which aligns with national Common Core State Standards, is designed to reinforce essential concepts and lessons taught in schools. Any child, not just fans of Star WarsÑbut yes, those fans will be especially delighted (as will reluctant learners)Ñwill love the ÖAÖ is for Anakin approach to phonics. Kids will practice learning numbers by counting and circling X-wing starfighters and clone troopers. Master place values by sorting groups of Wookiees. There are math problemsÑYoda is holding 7 lightsabers. 5 of the lightsabers are blue. The rest are green. How many green lightsabers is he holding? And Language ArtsÑCircle the correct homophone in this sentence: Luke is a Jedi knight/night. Featuring favorite characters like Luke Skywalker, Queen Amidala, Yoda, and Obi-Wan Kenobi, and other creatures, monsters, Jedi, and Sith, the workbooks are filled with thousands of original illustrations drawing from all six Star Wars movies and the expanded Star Wars universe. Learn well, you will.
School Zone Colors & Shapes Workbook Brighter Child Flash Cards
This coloring book will teach your child about diversity, along with lessons on colors, shapes, and patterns too. The Kids Coloring Books Age 4-8. The Big Book of Faces. Recognizing Diversity with One Cool Face at a Time. Colors, Shapes and Patterns for Kids is an ideal introduction to social sciences. It has 200 pages of: Coloring - Coloring is the primary task that your child will be asked to do when working on this coloring book. There are 8.5 x 8.5-inch pages entirely dedicated to it. Your child will be asked to color shapes and faces, too. Colors - The more coloring pages your child does, the stronger his/her knowledge of the color wheel becomes! Give him/her more color options, and he/she will be naming them in no time. Shapes - As your child works through the pages of this coloring book, he/she will realize that there is an abundance of shapes in every image. This realization will open the doors for

drawing exercises, and overall "no word" communication excellence, later on. Patterns - Another cool mental challenger included in this activity book has something to do with patterns. Your child will have to look carefully and decide which part of the pattern is inconsistent with the rest. Other times, he/she might even have to draw the image that comes next in the pattern. Diversity - Again, the primary purpose of this book is for kids to realize that diversity exists. There many races around the world and each has its unique features. Some may have dark-colored skin, while others are fair. Some may have red hair, while others are black. The use of this engaging coloring book is recommended for kids age 4-8. But older or younger children are also encouraged to give it a try.
Cut and Paste Books for Kids Workman Publishing
Through an analysis of glass beads from four key study regions in Britain, the book aims to explore the role that this object played within the networks and relationships that constructed Iron Age society.

COLOR IT YOUR WAY for All Ages: Shapes and Patterns Edition DP Kids
Cut and Paste books for kids Awesome scissor cutting, gluing, coloring practice activity book for preschoolers, kindergarten, pre k, age 3-5 How to Teach a Child to Use Scissors Most children around age 2 or 3 are ready to begin using scissors. It's important for children to know how to be safe with scissors. Once they're ready, using scissors can be an excellent way for the child to build fine motor skills and patience. Teaching How to Use Scissors 1.Let the child see you use a scissors. Show them how you do it, and let them watch. If they're curious, then you'll know they're most likely ready to learn. 2.Start with the grip. Show the child in your hand how to hold the scissors, and then have them try to copy it. If they aren't able to alone, help move their fingers and thumb into the right position. -Teach them that the thumb always goes in the hole. Draw an eyeball on the small thumb hole and explain that the eyeball will always be on top. -Teach them that two fingers in the larger hole. Help them put their index finger and their middle finger in the hole. 3.Try having the child do their best to cut in a line or other shapes. Try drawing lines or shapes for the child to cut. After they do it, praise them. (Keep in mind that they may not be very precise yet; they're still young.) This book will help to improve cutting skill for your kids 50 pages for cutting activity Big size 8.5" x 11" Coloring picture before cut

Color and Shape Books for All Ages Rockridge Press

Children will love learning about colors and shapes with the help of pictures from the Old and New Testaments! This Bible Colors & Shapes Fun! workbook from the Inspired Learning Series, helps children learn to identify colors and write color words. It also offers a variety of activities that introduce the names and characteristics of seven basic shapes. Plus, each page cross-references scripture and shares teachings from the Bible that will remind children of Gods love and faithfulness. For example, one page uses drawings of faces to illustrate circles, and says, Proverbs 15:13 tells us that a happy heart makes a cheerful face. It then directs little learners to trace each shape and color the picture. At the bottom of the page it also reminds: Look around at all of Gods goodness. This is a wonderful workbook for parents, Sunday school teachers, and home and Christian educators.
