After tragedy strikes, Sophia Mason finds herself thrown back together with her ex fake-brother/boyfriend Drew. But this time she's going in with her eyes open and her mission clear: she'll help Drew get back on his feet and then show him the door. Simple...right? Drew Nolan's spirit is almost as broken as his body. Asking

Sophia to help him seems cruel after the way things ended between them, but she doesn't give him much choice—something he's extremely grateful for. When Sophia's brother, Brody, reappears, their lives become even more of a circus, but they all manage to settle into their own version of normal—a normal that involves starting a venture of questionable ethics in the eyes of the university. As Sophia and Drew help get the business off the ground, it becomes impossible for them to deny the feelings that still exist between them. But when the going gets tough and Sophia

risks getting kicked out of school, will Drew remain by her side and support her, or will he run again? Gemini Penguin Sutton Spencer's ideas for her life were fairly simple: finish graduate school and fall in love. It would be a lot simpler if she could pinpoint exactly what she should do when she graduates in less than a year. Oh, and if she could figure out how to talk to a woman without feeling like a total mess, that would be great too. Charlotte Thompson is very much the opposite. She's always had clear steps outlining her path to success with no time or inclination for romance. Her burgeoning career in politics means everything to her and she's not willing to compromise it for something as insignificant as love. Fleeting, casual, and discreet worked perfectly fine. When they meet through a dating app, it's immediately clear that they aren't suited for anything more than friendship. Right?

A Hero for Hailey

Harlequin

"I don't want to be invisible anymore!" Hailey Shaw is feisty, funny, and brimming with liveliness, but that's not what most people see, at least right away. As she puts it, "Most of who I am is hidden away in a place where you can't see me ..." Not that she wants it that way -- Hailey's life changed in her first moments of birth, when a catastrophic accident led to the neurological disorder called cerebral palsy. Now Hailey is fighting back. In her frank and painfully honest book she shares her journey to be recognized as a young woman who is eager to plunge into life, to be accepted, and to find love. Will people be able to look beyond her wheelchair and strained and difficult speech? Will she ever be more than just that girl with CP? While her radiant smile is genuine, so is the discouragement Hailey has suffered from being misunderstood and discounted by teachers, friends, and sometimes,

even family. Hailey also shares her deep and inspiring faith in God, who rescued her from depression and thoughts of suicide, and opened up the doors of friendship, reconciliation with family, and a new life of hope. Her faith has led to new dreams, including a future career as an advocate for the disabled, and the dream which you hold in your hands now --

Hailey's own life story, and her determination to be invisible no more. Waiting for Ty Waterhouse Press LLC

*How to Date Like a Guy: 1. Flirt constantly. 2. Keep your options open. 3. Don't get attached.* Cassie and her two best friends, Greta and Keagan, are so over boyfriends. But just because the girls are anti-boyfriend doesn't mean they're anti-boy. So they make a pact for the summer: They'll each kiss ten different guys before school starts—no commitments, no drama, just fun. Sounds easy enough. Then Cassie meets the perfect guy (nine boys too soon), and the pact starts to seem like a terrible idea. Not to mention Boy Number One turns out to be her best friend's ex. Ugh—Cassie's summer just went from carefree to complicated faster than she can say "heartbreaker."

### **A Ferry of Bones & Gold**

Harper Collins

Iconic actress Hayley Mills shares personal memories from her storied childhood, growing up in a famous acting family and becoming a Disney child star, trying to grow up in a world that wanted her to stay forever young. The daughter of acclaimed British actor Sir John Mills was still a preteen when she began her acting career and was quickly thrust into the spotlight. Under the wing of Walt Disney himself, Hayley Mills was transformed into one of the biggest child starlets of the 1960s through her iconic roles in *Pollyanna*, *The Parent Trap*, and many more. She became one of only twelve actors in history to be bestowed with the Academy Juvenile Award, presented at the Oscars by its first recipient, Shirley Temple, and went on to win a number of awards including a Golden Globe, multiple BAFTAs, and a Disney Legacy Award. Now, in her charming and forthright memoir, she provides a unique window into when Hollywood was still 'Tinseltown' and the great Walt Disney was at his zenith, ruling over what was (at least in his own head) still a family business. This behind-the-scenes look at the drama of having a sky-rocketing career as a young teen in an esteemed acting family will

offer both her childhood impressions of the wild and glamorous world she was swept into, and the wisdom and broader knowledge that time has given her. Hayley will delve intimately into her relationship with Walt Disney, as well as the emotional challenges of being bound to a wholesome, youthful public image as she grew into her later teen years, and how that impacted her and her choices—including marrying a producer over 30 years her senior when she was 20! With her regrets, her joys, her difficulties, and her triumphs, this is a compelling read for any fan of classic Disney films and an inside look at a piece of real Hollywood history.

From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago,

almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M
