Shark Dichotomous Question Answer Shark Dichotomous Key Lab Classification is a way of

separating a large group of closely related organisms into smaller subgroups. With such a system,

identification of an organism is easy. The scientific names of organisms are based on the

classification systems of living organisms. Shark Dichotomous Key - MR.

A dichotomous keyis a listing of specific characteristics, such as structure and behavior, in such a

way that an organism can be identified through a process of elimination. In this investigation, it

is expected that you: 1) Use a key to identify 14 shark families.
