Feet and Puppies, Thieves and Guppies Hachette Books

#1 NEW YORK TIMES BESTSELLER • “ This book delivers completely new and refreshing ideas on how to create value in the world. ” —Mark Zuckerberg, CEO of Meta “ Peter Thiel has built multiple breakthrough companies, and Zero to One shows how. ” —Elon Musk, CEO of SpaceX and Tesla The great secret of our time is that there are still uncharted frontiers to explore and new inventions to create. In Zero to One, legendary entrepreneur and investor Peter Thiel shows how we can find singular ways to create those new things. Thiel begins with the contrarian premise that we live in an age of technological stagnation, even if we ’ re too distracted by shiny mobile devices to notice. Information technology has improved rapidly, but there is no reason why progress should be limited to computers or Silicon Valley. Progress can be achieved in any industry or area of business. It comes from the most important skill that every leader must master: learning to think for yourself. Doing what someone else already knows how to do takes the world from 1 to n, adding more of something familiar. But when you do something new, you go from 0 to 1. The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won ’ t make a search engine. Tomorrow ’ s champions will not win by competing ruthlessly in today ’ s marketplace. They will escape competition altogether, because their businesses will be unique. Zero to One presents at once an optimistic view of the future of progress in America and a new way of thinking about innovation: it starts by learning to ask the questions that lead you to find value in unexpected places.

Boldly Go Chronicle Books

A groovy guide to hippie culture from the New York Times – bestselling author. Brothers and sisters! Here at last is a light-hearted, free-spirited, groovy guide to the timeless hippie skills and activities that make the world a better place, one macrame belt at a time. In illustrated, easy-to-follow instructions, author Chelsea Cain—who grew up on an Iowa hippie commune—provides practical and playful know-how for the hippie and hippie-at-heart. Learn how to milk a goat, build a compost pile, play “ Kumbaya ” on the guitar, teach a dog how to catch a Frisbee, and get your file from the FBI. Discover the finer points of caring for a fern, choosing a mantra, organizing a protest, naming your hippie baby, and making sand candles as holiday gifts. Including primers on cooking, dressing, driving, telling time, dancing, and celebrating your birthday in classic hippie style, and a righteous appendix of essential hippie books, movies, and slang, The Hippie Handbook knows the score. Right on. “ Run us cheerily through the basics of the hippie lifestyle and beyond. ” —January Magazine

Leonard Andrews McMeel Publishing

An Esquire Best Book of 2022! Written with inside access, comprehensive research, and a down-to-earth perspective, Phasers on Stun! chronicles the entire history of Star Trek, revealing that its enduring place in pop culture is all thanks to innovative pivots and radical change. For over five decades, the heart of Star Trek ’ s pro-science, anti-racist, and inclusive messaging has been its willingness to take big risks. Across thirteen feature films, and twelve TV series—including five shows currently airing or in production—the brilliance of Star Trek is in its endless ability to be rethought, rebooted, and remade. Author and Star Trek expert Ryan Britt charts an approachable and entertaining course through Star Trek history; from its groundbreaking origins amid the tumultuous 1960s, to its influence on diversifying the space program, to its contemporary history-making turns with LGBTQ+ representation, this book illuminates not just the behind-the-scenes stories that shaped the franchise but the larger meaning of the Final Frontier. Featuring over 100 exclusive interviews with actors and writers across all the generations, including Walter Koenig, LeVar Burton, Dorothy Fontana, Brent Spiner, Ronald D. Moore, Jeri Ryan, and many more, Britt gets the inside story on all things Trek, like Spock ’ s evolution from red devil to the personification of logical empathy, the near failure to launch of The Next Generation in 1987, and how Trekkie outrage has threatened to destroy the franchise more than once. The book also dives deep with creators like Michael Chabon (co-creator of Star Trek: Picard) and Nicholas Meyer (director, The Wrath of Khan). These interviews extend to the bleeding edge of contemporary Star Trek, from Discovery to Picard to Lower Decks, and even the upcoming highly anticipated 2022 series, Strange New Worlds. For fans who know every detail of each Enterprise bridge, to a reader who has never seen a single minute of any Star Trek, this book aims to entertain, inform, and energize. Through humor, insight, archival research, and unique access, this journey through the Star Trek universe isn ’ t just about its past but a definitive look at its future.

Writing Monsters Lerner Books [UK]

New York Times Bestseller Leonard Nimoy and William Shatner first crossed paths as actors on the set of The Man from U.N.C.L.E. Little did they know that their next roles as Spock and Captain Kirk, in a new science fiction television series, would shape their lives in ways no one could have anticipated. In seventy-nine television episodes of Star Trek and six feature films, they grew to know each other more than most friends could ever imagine. Over the course of half a century, Shatner and Nimoy saw each other through personal and professional highs and lows. In this powerfully emotional book, Shatner tells the story of a

man who was his friend for five decades, recounting anecdotes and untold stories of their lives on and off set, as well as gathering stories from others who knew Nimoy well, to present a full picture of a rich life. As much a biography of Nimoy as a story of their friendship, Leonard is a uniquely heartfelt book written by one legendary actor in celebration of another.

Patient Number One Penguin

Volume two of a fifty-year oral history of Star Trek by the people who were there sharing never-before-told stories.

Star Trek - The Original Series: A Celebration Simon and Schuster

Star Trek legend and veteran author William Shatner discusses the meaning of life, finding value in work, and living well whatever your age. "I have always felt," William Shatner says early in his newest memoir, that "like the great comedian George Burns, who lived to 100, I couldn ’ t die as long as I was booked." And Shatner is always booked. Still, a brief health scare in 2016 forced him to take stock. After mulling over the lessons he's learned, the places he's been, and all the miracles and strange occurrences he's witnessed over the course of an enduring career in Hollywood and on the stage, he arrived at one simple rule for living a long and good life: don't die. It's the only one-size-fits-all advice, Shatner argues in Live Long and...What I Learned Along the Way, because everyone has a unique life—but, to help us all out, he's more than willing to share stories from his unique life. With a combination of pithy humor and thoughtful vulnerability, Shatner lays out his journey from childhood to peak stardom and all the bumps in the road. (Sometimes the literal road, as in the case of his 2,400-mile motorcycle trip across the country with a bike that didn't function.) William Shatner is one of our most beloved entertainers, and he intends never to stop entertaining. His funny, provocative, and poignant reflections offer an unforgettable read about a remarkable man.

Shatner Rules Deluxe Penguin

Shatner examines the televisions shows' fan conventions.

Willful Child Penguin Group

A living pop culture legend and one of American film and television's most enduring stars, William Shatner will forever be associated with the role of James T. Kirk, captain of the starship Enterprise. Star Trek Memories is Shatner's classic behind-the-scenes look at the legendary series that continues to put forth movies, books, and series spin-offs decades after the last episode aired. A television phenomenon that suffered from shaky ratings from its first broadcast in 1966 through its entire run, Star Trek nevertheless exploded into a worldwide, billion-dollar industry. Avid Trekkers who were onboard at the launch, as well as fans of the later Trek incarnations, will be delighted with this eye-opening, eminently fascinating "captain's log" from James Kirk himself.

Get a Life! Crown

From the New York Times Bestselling author Steven Erikson comes a new science fiction novel of devil-may-care, near calamitous and downright chaotic adventures through the infinite vastness of interstellar space. These are the voyages of the starship A.S.F. Willful Child. Its ongoing mission: to seek out strange new worlds on which to plant the Terran flag, to subjugate and if necessary obliterate new life-forms, to boldly blow the... And so we join the not-terribly-bright but exceedingly cock-sure Captain Hadrian Sawback and his motley crew on board the Starship Willful Child for a series of devil-may-care, near-calamitous and downright chaotic adventures through ‘ the infinite vastness of interstellar space.' The New York Times bestselling author of the acclaimed Malazan Book of the Fallen sequence has taken his lifelong passion for Star Trek and transformed it into a smart, inventive, and hugely entertaining spoof on the whole mankind-exploring-space-for-the-good-of-all-species-but-trashing-stuff-with-a-lot-of-high-tech-gadgets-along-the-way, overblown adventure. The result is an SF novel that deftly parodies the genre while also paying fond homage to it. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Live Long And ... Simon and Schuster

Over five decades, Star Trek's celebration of mankind's technical achievements and positive view of the future have earned it an enduring place in our global culture. Its scientific vision has also had a profound effect on the past thirty years of technological breakthroughs. Join William Shatner, the

original captain of the Starship Enterprise, as he reveals how Star Trek has influenced and inspired some of our greatest scientific minds -- the people behind the future we will all share. In interviews with dozens of scientists we learn about the inventions that will revolutionise our lives and the discoveries that will make it truly possible to explore the last great frontier -- space. As one Nobel Laureate commented on being shown a wood and plastic model of the engine core from a Star Trek: The Next Generation starship: "I'm working on that." From the technicalities of warp speed to real-life replicators to the likelihood of our being able to beam across continents, this always-informative book takes us on a fascinating and eye-opening voyage to the realms of the possible and probable.

[You Can Date Boys When You're Forty](#) It Books

Mass Historia Pocket Books/Star Trek

"In Great Dames, Marie Benner introduces us to a pantheon of women whose lives are both gloriously individual and yet somehow universal. Her subjects range from Jacqueline Kennedy Onassis, who found happiness in her last decade, to Constance Baker Motley, who argued Brown versus the Board of Education before the United States Supreme Court, to Luise Rainer, who won two Academy Awards by age thirty, then fled Hollywood for good. We meet Kitty Carlisle Hart, a professional charmer and tireless advocate of the arts, and Diana Trilling, the intellectual's intellectual, who published her final, splendid memoir at age ninety-one. There are even the Becky Sharps, who maneuvered powerful men to help them ascend: Marietta Tree, Pamela Harriman, and Clare Boothe Luce. And the wonderfully flamboyant Kay Thompson, whose pint-sized creation, Eloise, gave her a place in American cultural history. Finally, there is Thelma Brenner, who was the first great dame her daughter ever knew." "These are women who helped shape a century. Marie Brenner's portraits are intimate, vivid, and true, and full of subtle but important lessons. The way the great dames lived their lives - their rules, their codes, their insistence on certain fundamentals - are models that today's women should consider as they ascend to positions of leadership in a new millennium."--BOOK JACKET .Title Summary field provided by Blackwell North America, Inc. Shatner Macmillan

The comedian and radio personality discusses his drug addiction, battle with depression, and ultimate recovery.

[To Root, to Toot, to Parachute](#) Penguin

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of Furiously Happy. “ Gaspingly funny and wonderfully inappropriate. ” —O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent Let ’ s Pretend This Never Happened, Lawson ’ s long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

Just a Geek Beyond Words/Atria Books

"Lange ’ s entertaining book makes it clear that, no matter how wild and risky his lifestyle may be, he takes comedy more seriously than anything else." —Publishers Weekly When Artie Lange's first book, the #1 New York Times bestseller, Too Fat To Fish, hit the top of the charts, audiences learned what Howard Stern listeners already knew: that Artie is one of the funniest people alive. He is also an artist haunted by his fair share of demons, which overtook him in the years that followed. After a suicide attempt, a two-year struggle with depression, and years of chronic opiate addiction, Artie entered recovery and built himself back up, chronicling his struggle in brave detail in his next book and second New York Times bestseller, Crash and Burn. In his hilarious third book, the two-time bestselling author, comedian, actor, and radio icon explains the philosophy that has kept his existence boredom-free since the age of 13—the love of risk. An avid sports better and frequent card player, Lange believes that the true gambler gets high not from winning, but from the chaotic unknown of betting itself. He recounts some of his favorite moments, many of which haven't involved money at all. In this candid and entertaining memoir, he looks back at the times he's wagered the intangible and priceless things in life: his health, his career, and his relationships. The stories found in Wanna Bet? paint a portrait of a man who would just as quickly bet tens of thousands of dollars on a coin toss as he would a well thought out NBA or NFL wager. Along for the ride are colorful characters from Artie's life who live by the same creed, from a cast of childhood friends to peers like comedian and known gambler Norm McDonald. The

book is a tour of a subculture where bookies and mobsters, athletes and celebrities ride the gambling roller coaster for the love of the rush. Through it all, somehow Artie has come out ahead, though he does take a few moments to imagine his life if things hadn't quite gone his way. Unrepentant and unrestrained, the book is Lange at his finest.
