They keep the balance of nature and guard the borders of our world, but don't make the mistake of crossing one... Barbara Yager loves being one of the most powerful witches in the world, but sometimes she'd rather kick back in her enchanted Airstream with a beer in her hand than work out how to grant the requests of the worthy few who seek her out. Is a little time alone with the man you love too much to ask? Well, it may be—when you're Persephone Alcmedi, Lustrata of the witches, and your lover is Domn Lup of the wærewolves. For once, however, the disturbance is not

Seph's foster daughter, Beverly, her wacky grandmother, or her newly rediscovered mother. His dreams imperiled, Menessos needs Seph more than ever . . . and she needs him. Now, Seph has magical promises to fulfill for the wæres, multiple mundane family challenges to meet, vampire politics to confront . . . and into the bargain she's balancing two sexy supernatural males. It's enough to drive any woman insane, especially when you throw in a dragon and—even worse—a government investigator. As danger threatens, Seph isn't sure she can stay alive for the rest of the day . . . let alone long enough to accomplish all that needs to be done.

Empathetic, supportive and respectful... Or competitive, manipulative and

downright bitchy? Or somewhere in between? In *Just Between Us*, a host of Australia's best-loved female writers bare all on this age-old quandary: Are female friendships all-natural and nurturing? Or are some more damaging than delightful? And most of all, what happens when female relationships go off the rails? And who is to blame? While falling in and out of romantic love is a well-documented experience, losing a friend rarely gets discussed. Which doesn't mean the pain is less - quite the opposite, as we discover in this extraordinary collection of heartfelt fiction and non-fiction works that put female friendship in the spotlight. Nikki Gemmell looks at the hardwiring that keeps us bonded in tightly knit packs, but makes us feel oh-so-claustrophobic in mothers groups and at the school gate. Melina Marchetta reveals the peculiar shame of being overlooked for the high-status netball positions of Centre and Goal Attack. Liz Byrski conducts a forensic examination of her own friendship history, and finds some uncomfortable patterns. And Merridy Eastman pens a letter from Helena to Hermia from *A Midsummer Night's Dream*, which shines the light on one of literature's most famously dysfunctional female friendships.

Frederick Buechner's *Godric* "retells the life of Godric of Finchale, a twelfth-century English holy man whose projects late in life included that of purifying his moral ambition of pride...Sin, spiritual yearning, rebirth, fierce asceticism--these hagiographic staples aren't easy to revitalize but Frederick Buechner goes at the task with intelligent intensity and a fine readiness to invent what history doesn't supply. He contrives a style of speech for his narrator--Godric himself--that's brisk and tough-sinewed...He avoids metaphysical fiddle, embedding his narrative in domestic reality--familiar affection, responsibilities, disasters...All on his own, Mr. Buechner has managed to reinvent projects of self-purification and of faith as piquant matter for contemporary fiction [in a book] notable for literary finish...Frederick Buechner is a very good writer indeed." -- Benjamin DeMott, *The New York Times Book Review* "From the book's opening sentence...and sensible reader will be caught in Godric's grip...Godric glimmers brightly." -- Peter S. Prescott, *Newsweek* "Godric is a memorable book...a marvelous gem of a book...destined to become a classic of its kind." -- Michael Heskett, *Houston Chronicle* "In the extraordinary figure of Godric, both stubborn outsider and true child of God, both worldly and unworldly, Frederick Buechner has found an ideal means of exploring the nature of spirituality. Godric is a living battleground where God fights it out with the world, the Flesh, and the Devil." -- *London Times Literary Supplement* "Wityh a poet's sensibly and a high reverent fancy, Frederick Buechner

paints a memorable portrait." -- Edmund Fuller, *The Wall Street Journal*

UNREPENTANT. UNIMPRESSED. AND TOTALLY UNDEAD.

Eric's got issues. He has short-term and long-term memory problems; he can't remember who he ate for dinner yesterday, much less how he became a vampire in the first place. His best friend, Roger, is souring on the strip club he and Eric own together. And his girlfriend, Tabitha, keeps pressuring him to turn her so she can join him in undeath. It's almost enough to put a Vlad off his appetite. Almost. Eric tries to solve one problem, only to create another: he turns Tabitha into a vampire, but finds that once he does, his desire for her fades -- and her younger sister, Rachel, sure is cute. And when he kills a werewolf in self-defense, things really get out of hand. Now a pack of born-again lycanthropes is out for holy retribution, while Tabitha and Rachel have their own agendas -- which may or may not include helping Eric stay in one piece. All Eric wants to do is run his strip club, drink a little blood, and be left alone. Instead, he must

survive car crashes, enchanted bullets, sunlight, sex magic, and werewolves on ice -- not to mention his own nasty temper and forgetfulness. Because being undead isn't easy, but it sure beats the alternative.

Daughter of the Forest is a testimony to an incredible author's talent, a first novel and the beginning of a trilogy like no other: a mixture of history and fantasy, myth and magic, legend and love. But it is Sorch, the seventh child and only daughter, who alone is destined to defend her family and protect her land from the Britons and the clan known as Northwoods. For her father has been bewitched, and her brothers bound by a spell that only Sorch can lift. To reclaim the lives of her brothers, Sorch leaves the only safe place she has ever known, and embarks on a journey filled with pain, loss, and terror. When she is kidnapped by enemy forces and taken to a foreign land, it seems that there will be no way for her to break the spell that condemns all that she loves. But magic knows no boundaries, and Sorch will have to choose between the life she has always known and a love that comes only once. It should be a piece of cake. So why is she so nervous? It probably has something to do with the insanity that happens when you deal with shifters—especially sexy ones who come bearing promises of easy jobs and easier money. Or maybe it's all the other missing kids that Kit discovers while working the case, or the way her gut keeps screaming she's gotten in over her head. Or maybe it's because if she fails—she's dead. If she can stay just one step ahead, she should be okay. Maybe she'll even live long to collect her fee...
