This emotionally haunting and beautifully written young adult debut delves into the devastating impact of trauma and loss, in the vein of Laurie Halse Anderson's *Wintergirls*. Seventeen-year-old Stevie is trapped. In her life. In her body. And now in an eating-disorder treatment center on the dusty outskirts of the New Mexico desert. Life in the center is regimented and intrusive, a nightmare come true. Nurses and therapists watch Stevie at meal time, accompany her to the bathroom, and challenge her to eat the foods she's worked so hard to avoid. Her dad has signed her up for sixty days of treatment. But what no one knows is that Stevie doesn't plan to stay that long. There are only twenty-seven days until the anniversary of her brother Josh's death—the death she caused. And if Stevie gets her way, there are only

twenty-seven days until she, too, will end her life. *Paperweight* follows seventeen-year-old Stevie's journey as she struggles not only with a life-threatening eating disorder, but with the question of whether she can ever find absolution for the mistakes of her past...and whether she truly deserves to.

Having endured years of abuse, rape, and eventually an unwanted pregnancy, Kayanni quickly became numb to the pain, leaving her to feel imprisoned in a life she never asked for. The death of her uncle brought an unexpected meeting with a handsome stranger, pulling Kayanni from her broken and battered shell, permitting her to feel again. But only then did she learn of Dallas' true motives. From selling to stripping, Kayanni acted as needed to provide for her man, and if she chose not to follow suit Dallas ensured she did. When enough is enough and another man steps in to demonstrate to Kayanni that even through all the brokenness she is worth more, she is no longer willing to keep up with the charades she once did to satisfy Dallas and his ever-growing ego. ETHAN PICKETT'S battered pickup truck is found in the valley of the Bluewater Ski Club, a four hundred foot drop, his broken and bloodied body trapped inside. Ethan is a local hero, a retired rodeo cowboy, and self-made billionaire businessman. His death is big news. When Charlie Beach hears the news, he's devastated. As a private investigator, he's had experience with death, but not with the death of someone as close to him as Ethan Pickett. On the night of the funeral, Charlie and Cedar,

Ethan's daughter, and Charlie's best and closest friend since JK, are sharing a few beers and trading stories. At one point, Cedar makes a casual comment about the irony of her father's accident, running his truck off a dark and deserted country road he had been driving his entire life. Charlie didn't understand the concept of irony, but what he did understand was the bad feeling washing over him. The OPP's top investigators ruled it an accident, but what if they missed something? What if it wasn't an accident? What if the accident was staged to cover up a murder? With no evidence, no suspects, and no motive, Charlie wouldn't go hard at it, but he figured there was no harm in talking to a few people, asking some questions, see if anything popped. Charlie would be happy if it turned out to be nothing. But, if it turned out to be something, then he'd make it his life's mission to track down the killer, and send his ass to prison.
