'Dreams in Islam' is a subject which is located in knowledge internally received, and its supreme importance for the believer continually increases as the world grows in godlessness and as the historical process draws to a close. The Prophet (sallallahu 'alaihi wa sallam) said: "When the time (of the end of the world) draws close, the dreams of a believer will hardly fail to come true, and a dream of a believer is one of the forty-six parts of prophethood." One of the signs of the last age, i.e., before the end of the world, is the absence of knowledge (of Truth and, therefore of Islam). Our widespread ignorance of the subject of 'Dreams' and the important place which 'Dreams' occupy in Islam, as well as the widespread ignorance of the subject of the Prohibition of Riba in Islam, is yet another indication that the last age has-arrived! The Sufi epistemology recognizes that knowledge comes from two sources- the first is knowledge that is externally acquired, and the other is knowledge that is internally received. The Sufi epistemology, which was taught by our great teacher, Maulana Dr. Muhammad Fadlur Rahman Ansari (rahimahullah), at the Aleemiyah Institute of Islamic Studies in Karachi, Pakistan, is the epistemology of knowledge internally received, and we hasten to inform the gentle reader that this book is based on that epistemology.

I have followed with indescribable pain the cowardly American terrorist attacks on those Muslims of Afghanistan who took a stand for Islam and who were entirely innocent of the September 11th terrorist attack on America. America has consistently followed the same policy of ruthless merciless oppression from the time of the extermination of the indigenous American-Indian peoples and the enslavement of the African people in the Americas to the absolutely shameless support for the relentless oppression of the State of Israel in the Holy Land. Only those who are completely blind and totally corrupted in respect of their capacity for understanding can fail to see the above. It was cowardly because the godless enemy is too terrified to ever fight a Muslim on a level battleground. That enemy fights his cowardly battles from the safety of fighter aircrafts, helicopter gun ships, massive bombs, guided missiles, etc., far up in the sky. But Allah Most High will surely bring us that day, Insha Allah, when we will be able to face the enemy on the ground on a level battleground. Amin! Until that day comes

we must continue our struggle to defend ourselves and to resist oppression while showing utmost patience and while holding on to faith. The struggle must continue regardless of the price we have to pay.

Jerusalem in the Qur'an is a great book that thrilled and delighted me in a number of ways. I am surprised that such a meticulously documented book had to wait for such a long time before seeing the light. It is now more than half a century since the Zionists began their appalling oppression and ethnic cleansing of the Palestinian people whose only offense is that they happened to live in a country considered by the Jews to be their promised Holy Land. The Zionists have continuously referred to distorted scriptures from the Torah and other Biblical material to justify their atrocious behavior and to motivate the Jews to establish a State of Israel that extends from the Nile to the Euphrates with Jerusalem as its capital. For example, David Ben Gurion, the first Prime Minister of Israel, is quoted to have said, The Bible is our deed to the land of Israel. Muslim scholars, on the other hand, have largely failed in refuting Zionist claims from authenticated historical and religious sources and have also failed to accomplish their religious responsibility in clearly documenting this question from the Holy Qur'an and the Blessed Ahadith of our beloved Prophet (peace and blessings be upon him). As far as I know, whatever is written on this subject is rather superficial and emotionally tainted or simply stating facts in a cool manner. May Allah Ta'ala reward Brother Imran Hosein for writing this scholarly document, which will indeed fill up this intellectual and religious gap and serve as an academic reference to Muslims in all parts of the world. As I write this introduction, this book that was published only this year is already being translated to Arabic and Bosnian. In a short time it will be rendered into other European languages and to all the other tongues of the Islamic world. It must be reported however that the importance of writing a book about the Holy Land in the Qur'an have not escaped the vision of far-sighted and creative Muslim thinkers such as Dr. Kalim Siddiqui, Founder-President of the Muslim Institute for Research and Planning, and Professor (Shaheed) Ismail Al-Farouqi. I am surprised at the vision of the former scholar who asked Imran Hosein to write this book as early as 1974. He urged him saying that Jerusalem is the key to understanding the historical process of the Middle East and the world at large. Shaikh Imran successfully accomplished this task after 27 years. Though

seemingly late, but it has come at the right time in which the whole world is being shocked by Jenin and what happened in Sabra and Shatila. I am amazed by Imran's style of writing. Though Jerusalem in the Qur'an, is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the Qur'an and Hadith, it runs like a story. Once you begin reading it, it is hard to stop. This is the general quality of a novel. The person would read it once and throw the book away - but not that of a serious thought-provoking dissertation like the book that Brother Shaikh Imran published. It is a reference that one needs to keep and reread whenever the subject is to be researched. I believe that this eloquence of the Shaikh must be the result of a natural gift that has interacted with his indefatigable work as a preacher and da'iyah and the Divine Blessings for his sincerity. Finally, in spite of the seemingly depressing situation of the Muslims in general and the Palestinians in particular, reading the book would certainly give one a warm surge of optimism about our future; a bright light that shines at the end of our long dark tunnel of history. We are living at the end of time. This is the age in which the prophecies of the Holy Qur'an and the Blessed Hadith are unfolding right before our very eyes to prove to humanity the truthfulness of our faith.

One of the elite scholars in Baghdad's prestigious House of Wisdom, al-Khwarizmi is best remembered for his famous work Al-Jabr wa al-Muqabala, the text that defined the branch of mathematics known as algebra. He was also an accomplished astronomer and geographer. This fascinating biography describes in vivid detail the Islamic world's Golden Age, a period during the Middle Ages when learning and scientific advancement were revered and honored. Readers will learn what is known of al-Khwarizmi's life, as well as the pertinent history of both the Arab world and the fields of science in which al-Khwarizmi excelled.

My study of Islam is joined to a quest for truth that has been my companion from an early age. Even then it caused me to bite the many hands that fed me, hence, certain persons mentioned herein are subject to this beleaguering habit for which I apologize but without regret. I have done so because during the course of ceaseless studies I encountered contradictions in deed and doctrine for which no other remedy is possible, especially in light of the command given to Muslims to right that which is wrong and treat the enemies of Islam as such whenever possible. And though I have some reservations as I am yet a novice in the school of Islam's wisdom, I make this offering.

John L. Esposito is one of America's leading authorities on Islam. Now, in this brilliant portrait of Islam today-- and tomorrow-- he draws on a lifetime of thought and research to provide an accurate, richly nuanced, and revelatory account of the fastest growing religion in the world. Here Esposito explores the major questions and issues that face Islam in the 21st century and that will deeply affect global politics: Is Islam compatible with modern notions of democracy, rule of law, gender equality, and human rights? How representative and widespread is Islamic fundamentalism and the threat of global terrorism? Can Muslim minority communities be loyal citizens in America and Europe? In the midst of these questions Esposito places an important emphasis on the issue of Islamophobia, the threat it poses, and its vast impact on politics and society in the US and Europe. He also turns the mirror on the US and Europe and paints a revealing portrait of how we appear to Muslims. Recent decades have brought extraordinary changes in the Muslim world, and in addressing these issues, Esposito paints a complex picture of Islam in all its diversity--a picture of urgent importance as we face the challenges of the coming century.

"In 'The Islamic Antichrist', Richardson exposes Western readers to the traditions of Islam and predicts that the end times may not be far away. His book will stun readers unaware of the similarities between the Antichrist and the "Islamic Jesus." His research on the relationship between Christian end-time prophecy and Islamic expectations of world domination will shock readers and shape the debate over radical Islam for years to come. This is the book to read to understand Islam's potential role in fulfilling the prophecies of the Bible" --Cover, p. 2.

This is a very in depth account of what the Russian government believed was going on during the decade just before the war and the war as it progressed in the first two years. Key events such as the Russo-Japanese war is highlighted as well as the French and English alliance they found themselves in. With a more "western" identity moving in to the First World War, Russia believed that they were completely ready for the chance to splash back into the elite sector of Europe by becoming victors in this war. Written before the Bolshevik Revolution, this is a great look into pre-soviet Russia.

An Anthology of Dissent Noor of Islam

As the war on Islam intensifies, and as the day approaches when the imposter Euro-Jewish State of Israel would make its bid to become the ruling State in the world, and the false Messiah (i.e., Dajjal) would rule the world from Jerusalem and declare that he is the true Messiah, I fear that there would be many, particularly governments which declare their friendship for USA and hence for Israel, who would want to ban books on the Qur'an. I therefore pray most humbly, and ask my gentle readers to also kindly join in the prayer, that Allah Most High might protect books (such as this humble quartet of books on Surah al-Kahf) that use the blessed Qur'an to explain, to expose and to challenge those in the godless modern age who are waging wicked war on Islam. This first volume of four, containing 'Text Translation and Modern Commentary of Surah al-Kahf', makes its appearance just before our main work on the subject entitled 'Surah al-Kahf and the Modern Age' is to be published, and is meant to function as a companion volume to that main work. We propose, Insha Allah, to publish a third and fourth volume on this subject in which we would like to offer to the reading public a comprehensive and credible modern interpretation of the Ahadith and Qur'anic verses dealing (directly and indirectly) with the critically important topics of Dajjal the false Messiah or Anti-Christ, and of Gog and Magog. If any such books have already been written and published, they must be very few indeed.

This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and

his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics.

History began with a Divine warning not to approach a forbidden tree of lust to rule over others. History is ending with that new actor on the stage of the world displaying an unprecedented imperial lust to rule the world. That new actor possesses power unprecedented in human history and has already used that power through Gog and Magog to spread himself out in all directions as he took control of the world. He then proceeded to liberate the Holy Land for the Jews, to bring them back to the Holy Land to reclaim it as their own two thousand years after they had been expelled from it by Divine decree, and to restore in the Holy Land a State of Israel. That mysterious new actor is now preparing the way for Israel's Pax Judaica to replace USA's Pax Americana. This pioneering book on Islamic Eschatology has identified that strange and mysterious new actor who occupies center-stage in the world in the End-time, and who brought modern western civilization into being, as Dajjal the false Messiah.

What if Islam never existed? To some, it's a comforting thought: no clash of civilizations, no holy wars, no terrorists. But what if that weren't the case at all? In *A World Without Islam*, Graham E. Fuller guides us along an illuminating journey through history, geopolitics, and religion to investigate whether or not Islam is indeed the cause of some of today's most emotional and important international crises. Fuller takes us from the birth of Islam to the fall of Rome to the rise and collapse of the Ottoman Empire. He examines and analyzes the roots of terrorism, the conflict in Israel, and the role of Islam in supporting and energizing the anti-imperial struggle. Provocatively, he finds that contrary to the claims of many politicians, thinkers, theologians, and soldiers, a world without Islam might not look vastly different from what we know today. Filled with fascinating details and counterintuitive conclusions, *A World Without Islam* is certain to inspire debate and reshape the way we think about Islam's relationship with the West.

Eschatological and Epistemological Implications of True Dreams and Visions - A View from Isla Iron Heart Publishing

This book was originally written by Ibn Kathir over 1300 years ago in many languages. Many writers copied his writing. All of Ibn Kathir's books can be found in Mecca's Library. He has written over 60,000 pages and he was blind. Amazing! In recent times things have become very confusing and we have begun to see in book stores and on websites speculations about future events. Sometimes you hear about the appearance of the false Messiah, sometimes you hear that the final battle between the Good and the Evil is close at hand, other time you hear something happening in the East or in the West. So, learn about the Final hour and it signs by reading this book which is backed by proofs from the Quran, Bible, and the Torah.
