Divorced and the mother of a college-bound daughter, Natalie is enjoying dating her neighbor, but they disagree over the possibility of having more children, until Natalie's daughter comes home with a surprise addition that may change their lives forever. Original.

Never Let Me Go Farrar, Straus and Giroux

Aeneas appears in *The Illiad* in vague snatches and starts as a traveling warrior of great piety who was loosely connected to the foundation of Rome. Virgil weaves these fragments into a powerful myth about the founding of Rome in *The Aeneid*.

Aeneas travels from his native Troy to Italy then wages victorious war upon the Latins.

Children Under Institutional Care and in Foster Homes Fodor's

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is

not only a mystery, but also a complete and entertaining history of philosophy.

Allstate Motor Club RV Park & Campground Directory David R. Godine Publisher

The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung's revolutionary ideas "What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society."—*The Guardian* "Our psyche is part of nature, and its enigma is limitless." Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

The Prelude The Floating Press

"Newly edited from the manuscripts and fully illustrated in color with paintings and drawings contemporaneous with the composition of the poem."

Sophie's World The Oera Linda BookOdysseyMarriage by Contract Part 1 (36 Hours, Book 22)

An updated guide to the thirty-three national parks of the American West features driving tours and itineraries, suggested accommodations, camping and hiking information, nature trails, scenic overlooks, ranger programs, points of interest, outdoor activities, and field guides for park flora and fauna. Original.

Children Under Institutional Care and in Foster Homes, 1933 Harlequin Books

Set in the summer home of an English family, the novel unfolds through shifting perspectives of each character's stream of consciousness, recalling childhood emotions and highlights of

adult relationships. Shifts occur even mid-sentence, and in some sense they resemble the rotating beam of the lighthouse. A landmark of high modernism and one of Woolf's best works. To the Lighthouse features the serene and maternal Mrs. Ramsay, the tragic yet absurd Mr. Ramsay, and their children and assorted guests who are on holiday on the Isle of Skye. From the seemingly trivial postponement of a visit to a nearby lighthouse, Virginia Woolf constructs a moving examination of the complex tensions and allegiances of family life and the conflicts within a marriage.

Marriage by Contract Reagan Arthur Books

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Dark Lover (Wal-Mart Edition) Mira Books

A destiny that leads the English to the Dutch is strange enough; but one that leads from Epsom into Pennsylvania, and thence into the hills that shut in Altamont over the proud coral cry of the cock, and the soft stone smile of an angel, is touched by that dark miracle of chance which makes new magic in a dusty world.

The Oera Linda Book Harlequin

Bringing a baby into the world during a blackout, Dr. Tony Petrocelli and nurse Bethany Kent find themselves in custody of the child when it is mysteriously abandoned, a situation that brings them together. Original.

The New York Charities Directory Dell

Acclaimed for her 1928 novel *A Lantern in Her Hand*, Bess Streeter Aldrich became one of the most widely read interpreters of the prairie pioneer experience. In 1935, she published her masterpiece, *Spring Came on Forever*, a novel of two Nebraska pioneer families from settlement to the 1930s. Elsewhere an artist of the romance, here Aldrich turns romance on its head. The heroine is Amalia Holmsdorfer, one of a band of German immigrants who settle on the prairie. From her late teens to her mid-eighties she confronts and defeats the forces of nature and society that discourage or ruin others. Her life might be a modest triumph but for one detail: she married the wrong man. Quickly paced and precisely drawn, this novel is Aldrich's greatest tribute to the complexity, humor, endurance, and intelligence of the people who settled the prairie. Whatever its sentiments, it has as many cutting edges as a buzz saw.

36 Hours Serial As a devastating summer storm hits Grand Springs, Colorado, the next thirty-six hours will change the town and its residents forever....

Road Trip USA Pacific Coast Highway U of Nebraska Press

Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

Jane Eyre Moon Travel

"As the book's subtitle indicates, Mr. Ziegler uses one of the world's great rivers as a vehicle to pursue this story—and what a vehicle it is. . . [He] writes beautifully, and with the fervor of a naturalist." —The Wall Street Journal "The writing is superb . . . a true labour of love, *Black Dragon River* is a triumph." —The Spectator *Black Dragon River* is a personal journey down one of Asia's great rivers that reveals the region's essential history and culture. The world's ninth largest river, the Amur serves as a large part of the border between Russia and China. As a crossroads for the great empires of Asia, this area offers journalist Dominic Ziegler a lens with which to examine the societies at Europe's only borderland with east Asia. He follows a journey from the river's top to bottom, and weaves the history, ecology and peoples to show a region obsessed with the past—and to show how this region holds a key to the complex and critical relationship between Russia and China today. One of Asia's mightiest rivers, the Amur is also the most elusive. The terrain it crosses is legendarily difficult to traverse. Near the river's source, Ziegler travels on horseback from the Mongolian steppe into the taiga, and later he is forced by the river's impassability to take the Trans-Siberian Railway through the four-hundred-mile valley of water meadows inland. As he voyages deeper into the Amur wilderness, Ziegler also journeys into the history of the peoples and cultures the river's path has transformed. The known history of the river begins with Genghis Khan and the rise of the Mongolian empire a millennium ago, and the story of the region has been one of aggression and conquest ever since. The modern history of the river is the story of Russia's push across the Eurasian landmass to China. For China, the Amur is a symbol of national humiliation and Western imperial land seizure; to Russia it is a symbol of national regeneration, its New World dreams and eastern prospects. The quest to take the Amur was to be Russia's route to greatness, replacing an oppressive European identity with a vibrant one that faced the Pacific. Russia launched a grab in 1854 and took from China a chunk of territory equal in size nearly to France and Germany combined. Later, the region was the site for atrocities meted out on the Russian far east in the twentieth century during the Russian civil war and under Stalin. The long shared history on the Amur has conditioned the way China and Russia behave toward each other—and toward the outside world. To understand Putin's imperial dreams, we must comprehend Russia's relationship to its far east and how it still shapes the Russian mind. Not only is the Amur a key to Putinism, its history is also embedded in an ongoing clash of empires with the West.

Directory of Social and Health Agencies of New York City

As a devastating summer storm hits Grand Springs, Colorado, the next thirty-six hours will change the town and its residents forever... From the first moment she sees him, nurse Bethany Kent falls in love with little baby Christopher, who's been abandoned by his mother. She dreams of adopting him, but in small town Grand Springs she'll need a husband in order to adopt a child. Dr. Tony Petrocelli has a reputation for romance. In reality, he's tired of short-term relationships and intrigued by Bethany. And if he's going to get that promotion to Head of Obstetrics, he needs to show the Board he's a stable family man by getting married. A marriage of convenience can help them both. As long as Tony never learns Beth's secret, it's the perfect

solution.... Book 8 of the 36 Hours series. Don't miss Book 9: A straight-arrow cop is attracted to his prime suspect in a murder investigation in *Partners in Crime* by award-winning author Alicia Scott.
