The Gettysburg Address is a
speech by U.S. President
Abraham Lincoln, one of the best-
known in American history. It
was delivered by Lincoln during
the American Civil War, on the
afternoon of Thursday,
November 19, 1863, at the
dedication of the Soldiers'
National Cemetery in Gettysburg,
Pennsylvania, four and a half
months after the Union armies
defeated those of the Confederacy
at the Battle of Gettysburg.

Abraham Lincoln's carefully crafted address, secondary to other presentations that day, was one of the greatest and most influential statements of national purpose. In just over two minutes, Lincoln reiterated the principles of human equality espoused by the Declaration of Independence and proclaimed the Civil War as a struggle for the preservation of the Union sundered by the secession crisis, with "a new birth of freedom" that would bring true equality to all of its citizens. Lincoln also redefined the Civil War as a struggle not just for the Union, but also for the principle of human equality. Beginning with the now-iconic phrase "Four score and seven years ago"—referring to

the United States Declaration of Independence in 1776—Lincoln examined the founding principles of the United States as stated in the Declaration of Independence. In the context of the Civil War, Lincoln also memorialized the sacrifices of those who gave their lives at Gettysburg and extolled virtues for the listeners (and the nation) to ensure the survival of America's representative democracy: that "government of the people, by the people, for the people, shall not perish from the earth." Despite the speech's prominent place in the history and popular culture of the United States, the exact wording and location of the speech are disputed. The five known

manuscripts of the Gettysburg Address in Lincoln's hand differ in a number of details, and also differ from contemporary newspaper reprints of the speech. Golden Gulag Simon and Schuster "In 'He is a Glutton and a Drunkard': Deviant Consumption in the Hebrew Bible Rebekah Welton uses interdisciplinary approaches to explore the social and ritual roles of food and alcohol in Late Bronze Age to Persian-period Syro-Palestine (1550 BCE-400 BCE). This contextual backdrop throws into relief episodes of consumption deemed to be excessive or deviant by biblical writers. Welton emphasises the social networks of

the household in which food was entangled, arguing that household animals and ritual foodstuffs were social agents, challenging traditional understandings of sacrifice. For the first time, the accusation of being a 'glutton and a drunkard' (Deut 21:18-21) is convincingly re-interpreted in its alimentary and socio-ritual contexts"--

The 3rd Edition of Literacy & Learning in the Content Areas helps readers build the knowledge, motivation, tools, and confidence they need as they integrate literacy into their middle and high school content area classrooms. Its unique approach to teaching content area literacy actively engages preservice and practicing teachers in reading and writing and the very activities that they will use to teach literacy to their own students in middle and high school classrooms. Rather

than passively learning about strategies for incorporating content area literacy activities, readers get hands-on experience in such techniques as mapping/webbing, anticipation guides, booktalks, class websites, and journal writing and reflection. Readers also learn how to integrate children's and young adult literature, primary sources, biographies, essays, poetry, and online content, communities, and websites into their classrooms. Each chapter offers concrete teaching examples and practical suggestions to help make literacy relevant to

students' content area learning. Author Sharon Kane demonstrates how relevant reading, writing, speaking, listening, and visual learning activities can improve learning in content area subjects and at the same time help readers meet national content knowledge standards and benchmarks.

But nothing could imprison her spirit. With the rushing Ohio River as her guide, Mary Ingles walked one thousand miles through an untamed wilderness no white woman had ever seen. What goes on in human beings when they make or listen to music? What is it about music, what gives it such peculiar power over us, power delectable and beneficent for the most part, but also capable of uncontrollable and sometimes destructive force? Music has no concepts, it lacks images; it has no power of representation, it has no relation to the world. And yet it is evident in all of us – we tap our feet, we keep time, hum, sing, conduct music, mirror the melodic contours and feelings of what we hear in our movements and expressions. In this book, Oliver Sacks explores the power music wields over us – a power that sometimes we control and at other

times don ' t. He explores, in his inimitable fashion, how it can provide access to otherwise unreachable emotional states, how it can revivify neurological avenues that have been frozen, evoke memories of earlier, lost events or states or bring those with neurological disorders back to a time when the world was much richer. This is a book that explores, like no other, the myriad dimensions of our experience of and with music.
A Novel Taylor & Francis
National Bestseller For all who remain intrigued by the legacy of the Civil War -- reenactors, battlefield visitors, Confederate descendants and other

Southerners, history fans, students of current racial conflicts, and more -- this ten-state adventure is part travelogue, part social commentary and always good-humored. When prize-winning war correspondent Tony Horwitz leaves the battlefields of Bosnia and the Middle East for a peaceful corner of the Blue Ridge Mountains, he thinks he's put war zones behind him. But awakened one morning by the crackle of musket fire, Horwitz starts filing front-line dispatches again this time from a war close to home, and to his own heart. Propelled

by his boyhood passion for the Civil War, Horwitz embarks on a search for places and people still held in thrall by America's greatest conflict. The result is an adventure into the soul of the unvanquished South, where the ghosts of the Lost Cause are resurrected through ritual and remembrance. In Virginia, Horwitz joins a band of 'hardcore' reenactors who crash-diet to achieve the hollow-eyed look of starved Confederates; in Kentucky, he witnesses Klan rallies and calls for race war sparked by the killing of a white man who brandishes a rebel flag; at Andersonville, he finds

that the prison's commander, executed as a war criminal, is now exalted as a martyr and hero; and in the book's climax, Horwitz takes a marathon trek from Antietam to Gettysburg to Appomattox in the company of Robert Lee Hodge, an eccentric pilgrim who dubs their odyssey the 'Civil Wargasm.' Written with Horwitz's signature blend of humor, history, and hard-nosed journalism, *Confederates in the Attic* brings alive old battlefields and the new 'classrooms, courts, country bars' where the past and the present collide, often in explosive ways. Tony

Horwitz ' s new book, *Spying on the South: An Odyssey Across the American Divide*, is available now.

“ If I could, I would put this book into the hands of every Christian in America. ” —Dr. David Jeremiah “ Be strong and courageous. Do not be frightened, and do not be dismayed, for the LORD your God is with you wherever you go ” (Joshua 1:9). Each day, you watch America turn further from Christian values and the core principles of liberty. It ' s frustrating to feel you can ' t assert biblical truth without facing condemnation, and fearful to witness outrage and

victimhood replace respect and reason. Amidst this dissent, how can you not only stay rooted in your own faith, but continue publicly testifying for Jesus? In *We Will Not Be Silenced*, Dr. Erwin W. Lutzer prepares you to live out your convictions against a growing tide of hostility. Gain a better understanding of nonbelievers ' legitimate hurts and concerns regarding issues like racism, sexism, and poverty—and identify the toxic responses secular culture disguises as solutions. In the process, you ' ll see how you can show compassion and gentleness to those outside of the faith without affirming their beliefs. *We Will Not Be Silenced* will ready you to move beyond fear and

boldly accept the challenge of representing Christ to a watching world that needs Him now more than ever before.

A Novel HarperCollins
A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from

the East, Indiana was on the leading edge of America ' s westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America.

Indiana ' s stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and

more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.
