“I will always be somebody.” This assertion, a startling one from a nineteenth-century woman, drove the life of Dr. Mary Edwards Walker, the only American woman ever to receive the Medal of Honor. President Andrew Johnson issued the award in 1865 in recognition of the incomparable medical service Walker rendered during the Civil War. Yet few people today know anything about the woman so well-known--even notorious--in her own lifetime. Kaminski shares a different way of looking at the Civil War, through the eyes of a woman confident she could make a contribution equal to that of

any man. This part of the story takes readers into the political cauldron of the nation’s capital in wartime, where Walker was a familiar if notorious figure. Mary Walker’s relentless pursuit of gender and racial equality is key to understanding her commitment to a Union victory in the Civil War. Her role in the women’s suffrage movement became controversial and the US Army stripped Walker of her medal, only to have the medal reinstated in 1977.

Stephen King ' s unforgettable novella—first included in his 1990, award-winning collection *Four Past Midnight* and made into a highly acclaimed miniseries—about a terrifying plane ride into a most unfriendly sky. On a cross-country, redeye flight from Los Angeles to Boston, ten passengers awaken in Bangor, Maine, to find that the crew and most of their fellow passengers have disappeared. The airport shows no signs of life. Yet they hear “ radio static ” in the distance. Craig Toomey, an irritable investment banker on the verge of a breakdown, believes it is “ *The Langoliers*, ” monsters he was afraid of as a child who attack those who waste time. It ' s

mystery author Bob Jenkins who first theorizes that they have flown through a time rip. Bob declares they have entered a place that forbids time travelers to observe or interfere with past events. It turns out that Craig is right, in a way. Two creatures, followed by hundreds more, emerge from the forest and head for the plane, consuming everything in their path. Can the survivors manage to fly the plane back to Los Angeles, back to the correct time, before *The Langoliers* succeed in their deadly mission to destroy the plane and the world? Dinah Bellman, the young blind girl whose aunt did not survive the time rip, has the greatest insight of all. A spine-tingling, propulsive novella, *The Langoliers* is a brilliant read from the masterful Stephen King.
