Margaret Rhyne loved and cared for her daughter Alexis for 29 years before Alexis unexpectedly passed away in 2005. Alexis began suffering seizures at eight weeks old, and never grew larger than a five-year-old. Even though Alexis was never able to walk, talk, or feed herself, Margaret worked to give

Alexis a normal life, involving her in family functions, trips to the grocery store, and other opportunities for social interaction. This is the story of life after Alexis as well, including restoring a 1910 Sears catalogue home in Sedalia in honor of Alexis' memory.

#### Dress Your Family in Corduroy and Denim American Enterprise Institute

A guide to locating and preparing wild edible plants growing in Missouri. Each plant has a botanical name attached. The length or season of the flower bloom is listed; where that particular plant prefers to grow; when the plant is edible or ready to be picked, pinched, or dug; how to prepare the wildings; and a warning for possible poisonous or rash-producing plants or parts of plants.--from Preface (p. vi).

#### **Pulp and Paper Investigation Hearings** April 26-May 9, 1908 McGraw Hill Professional

Stephen King's unforgettable novella—first included in his 1990, award-winning collection Four Past Midnight and made into a highly acclaimed miniseries—about a terrifying plane ride into a most unfriendly sky. On a cross-country, redeye flight from Los Angeles to Boston, ten passengers awaken in Bangor, Maine, to find that the crew and most of their fellow passengers have disappeared. The airport shows no signs of life. Yet they hear “radio static” in the distance. Craig Toomey,

---

an irritable investment banker on the verge of a breakdown, believes it is “The Langoliers,” monsters he was afraid of as a child who attack those who waste time. It’s mystery author Bob Jenkins who first theorizes that they have flown through a time rip. Bob declares they have entered a place that forbids time travelers to observe or interfere with past events. It turns out that Craig is right, in a way. Two creatures, followed by hundreds more, emerge from the forest and head for the plane, consuming everything in their path. Can the survivors manage to fly the plane back to Los Angeles, back to the correct time, before The Langoliers succeed in their deadly mission to destroy the plane and the world? Dinah Bellman, the young blind girl whose aunt did not survive the time rip, has the greatest insight of all. A spine-tingling, propulsive novella, *The Langoliers* is a brilliant read from the masterful Stephen King.

### *The Delineator*

This book revisits the critical period of unbridled competition between the Bell System and independent telephone companies early in this century.

### **The Doolittle Family in America**

David Sedaris plays in the snow with his sisters. He goes on vacation with his family. He gets a job selling drinks. He attends his brother's wedding. He

mops his sister's floor. He gives directions to a lost traveler. He eats a hamburger. He has his blood sugar tested. It all sounds so normal, doesn't it? In his newest collection of essays, David Sedaris lifts the corner of ordinary life, revealing the absurdity teeming below its surface. His world is alive with obscure desires and hidden motives -- a world where forgiveness is automatic and an argument can be the highest form of love. *Dress Your Family in Corduroy and Denim* is another unforgettable collection from one of the wittiest and most original writers at work today.

### *Editor & Publisher*

This collection of squadron histories has been prepared by the USAF Historical Division to complement the Division's book, *Air Force Combat Units of World War II*. The 1,226 units covered by this volume are the combat (tactical) squadrons that were active between 7 December 1941 and 2 September 1945. Each squadron is traced from its beginning through 5 March 1963, the fiftieth anniversary of the organization of the 1st Aero (later Bombardment) Squadron, the

first Army unit to be equipped with aircraft for tactical operations. For each squadron there is a statement of the official lineage and data on the unit's assignments, stations, aircraft and missiles, operations, service streamers, campaign participation, decorations, and emblem.

### IAAPA International Directory & Buyer's Guide

“I will always be somebody.” This assertion, a startling one from a nineteenth-century woman, drove the life of Dr. Mary Edwards Walker, the only American woman ever to receive the Medal of Honor. President Andrew Johnson issued the award in 1865 in recognition of the incomparable medical service Walker rendered during the Civil War. Yet few people today know anything about the woman so well-known--even notorious--in her own lifetime. Kaminski shares a different way of looking at the Civil War, through the eyes of a woman confident she could make a contribution equal to that of any man. This part of the story takes readers into the political cauldron of the nation’s capital in wartime, where Walker was a familiar if notorious figure. Mary Walker’s relentless pursuit of gender and racial equality is key to understanding

---

her commitment to a Union victory in the Civil War. Her role in the women's suffrage movement became controversial and the US Army stripped Walker of her medal, only to have the medal reinstated in 1977.

### **Library Journal**

A stunning, rhythmic picture book biography of African American composer Scott Joplin, whose ragtime music paved the way for jazz. There was something special about Scott Joplin... This quiet kid could make a piano laugh out loud. Scott, the son of a man who had been enslaved, became a king—the King of Ragtime. This celebration of Scott Joplin, whose ragtime compositions paved the way for jazz, will captivate audiences and put a beat in their step, and the kaleidoscope-like illustrations will draw young readers in again and again.

### **McGraw-Hill's 10 ACT Practice Tests, Second Edition**

Overview: Provides a history of the Corona Satellite photo reconnaissance Program. It was a joint Central Intelligence Agency and United States

Air Force program in the 1960s. It was then highly classified.
