A Newspaper for China? Stanford University Press

This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in

length. The more than 500 entries by 275 contributors include entries on nationalities, various categories of essays such as generic (such as sermons, aphorisms), individual major works, notable writers, and periodicals that created a market for essays, and particularly famous or significant essays. The preface details the historical development of the essay, and the alphabetically arranged entries usually include biographical sketch, nationality, era, selected writings list, additional readings, and anthologies

The digital revolution  
has forever changed  
American journalism,  
and not for the better.  
Robert Kaiser, former  
managing editor of The  
Washington Post,  
writes in his new  
Brookings Essay that  
the changing media  
landscape is not only a  
threat to traditional  
news, but to the future  
of democracy. A news  
industry without a  
viable business model,  
distracted by the need  
to attract eyeballs and  
discover new revenue  
streams, could lose the  
ability to provide the  
balanced,  
comprehensive, and  
investigative

journalism that is the  
lifeblood of a healthy  
democracy. THE  
BROOKINGS ESSAY:  
In the spirit of its  
commitment to high-  
quality, independent  
research, the Brookings  
Institution has  
commissioned works on  
major topics of public  
policy by distinguished  
authors, including  
Brookings scholars.  
The Brookings Essay is  
a multi-platform  
product aimed to  
engage readers in open  
dialogue and debate.  
The views expressed,  
however, are solely  
those of the author.  
Available in ebook only.

and analyzes the principal legal doctrines affecting copyright practice around the world, in both transactional and litigation settings. The volume is a synthesis of copyright law and practice, taking into account the Berne Convention, the TRIPS Agreement, and the advent of the Internet. National copyright rules on protectible subject matter, ownership, term, and rights are covered in detail and compared from country to country, as are topics on moral rights and neighboring rights. Separate sections cover topics such as territoriality, national treatment and choice of law, as well as the treaty and trade arrangements that underlie substantive copyright norms.

**Real Essays with Readings** is the essay-level book in Susan Anker's highly successful series of writing texts that motivate students with their message that writing is an essential skill in college and in real life — and that this skill is achievable. Anker's advice, examples, and assignments show the relevance of writing to all aspects of students' lives, and profiles of former students prove that success is attainable. Like all the books in the Anker series, **Real Essays** presents writing in logical, manageable increments: step-by-step

---

writing guides and a focus on the "four basics" of each mode of writing keep students from becoming overwhelmed. Real Essays maintains its emphasis on what really matters by focusing on the four most serious errors (fragments, run-ons, subject-verb agreement problems, and verb form problems). Real Essays gives students what they need to succeed in college and become stronger academic writers.

**The Man behind the Legend: Memoirs, Autobiographical Novels & Essays of Jack London**  
Routledge

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a

---

unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Simon and Schuster

Journalists in today's media environment require a skill set that can be adapted to a variety of media. Dynamics of News Reporting and Writing: Foundational Skills for a Digital Age teaches students the foundational skills they need to successfully report and write the news in an evolving digital landscape. Author Vince F. Filak offers guidance on the essential skills of the industry while weaving in the "how-to's" of writing digital news.

Recognizing that well-crafted stories are founded on sharp prose, this new text covers the foundational elements of newswriting, such as lead writing, structure, and storytelling while also

teaching students how to think critically and determine what matters most to their readers. Key Features: An audience-centric approach encourages students to understand why and how news is relevant to the lives of their readers before they even start digging into their stories. "Write Now! Exercises" provide students with an opportunity to immediately practice the core set of skills they have just learned and apply these skills to various platforms. "Consider This" debates spark classroom discussions by encouraging students to take a closer look at a current issue or ideological dilemma and make a valid case for their position. "Thoughts from a Pro" offer students an up-close look at a specific aspect of reporting and writing from a professional who is plying their trade each day.

### **How to Read Like a Writer**

Stanford University Press

"[A] landmark book . . . Solnit illustrates how the uprisings that begin on the streets can

---

upend the status quo and topple authoritarian regimes” (Vice). A book as powerful and influential as Rebecca Solnit’s *Men Explain Things to Me*, her *Hope in the Dark* was written to counter the despair of activists at a moment when they were focused on their losses and had turned their back to the victories behind them—and the unimaginable changes soon to come. In it, she makes a radical case for hope as a commitment to act in a world whose future remains uncertain and unknowable. Drawing on her decades of activism and a wide reading of environmental, cultural, and political history, Solnit argues that radicals have a long, neglected history of transformative victories, that the positive consequences of our acts are not always immediately seen, directly knowable, or even measurable, and that pessimism and despair rest on an unwarranted confidence about what is going to happen next. Now, with a moving new introduction explaining how the book came about and a new afterword that helps teach us how to hope and act in our unnerving world, she brings a new illumination to the darkness of our times in an unforgettable new edition of this classic book. “One of the best books of the 21st century.” —The Guardian “No writer has better understood the mix of fear and possibility, peril and exuberance that’s marked this new millennium.” —Bill McKibben, *New York Times*—bestselling author of *Falter* “An elegant reminder that activist victories are easily forgotten, and that they often come in extremely unexpected, roundabout ways.” —The New Yorker

*Spanish Women Writers and the Essay* Simon and Schuster

As seen in Time, USA TODAY, The Atlantic, The Wall Street Journal, and on CBS This Morning, BBC,

PBS, CNN, and NPR, iGen is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, iGen is the first generation to spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and

---

politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

*On Bullshit* Walch Publishing  
Never before has a book examined Spanish women and their mastery of the essay. In the groundbreaking collection *Spanish Women Writers and the Essay*,

Kathleen M. Glenn and Mercedes Mazquiarán de Rodríguez help to rediscover the neglected genre, which has long been considered a "masculine" form. Taking a feminist perspective, the editors examine why Spanish women have been so drawn to the essay through the decades, from Concepción Arenal's nineteenth-century writings to the modern works of Rosa Montero. Spanish women, historically denied a public voice, have discovered an outlet for their expression via the essay. As essayists, they are granted the authority to address subjects they personally deem important, discuss historical and sociopolitical issues, and denounce female subordination. This genre, which attracts a different audience than does the novel or poem, allows Spanish women writers to engage in a direct dialogue with their readers. Featuring twelve critical investigations of influential female essayists,

---

Spanish Women Writers and the Essay illustrates Spanish women writers' command of the genre, their incorporation of both the ideological and the aesthetic into one concise form, and their skillful use of various strategies for influencing their readers. This fascinating study, which provides English translations for all quotations, will appeal to anyone interested in nineteenth- and twentieth-century Spanish literature, comparative literature, feminist criticism, or women's studies.

*Linguistic Creativity in*

*Japanese Discourse* Wipf and Stock Publishers

Print and Politics offers a cultural history of a late Qing newspaper, *Shibao*, the most influential reform daily of its time. Exploring the simultaneous emergence of a new print culture and a new culture of politics in early-twentieth-century China, the book treats *Shibao* as both institution and text and demonstrates how the journalists who wrote for the

paper attempted to stake out a "middle realm" of discourse and practice. Chronicling the role these journalists played in educational and constitutional organizations, as well as their involvement in major issues of the day, it analyzes their essays as political documents and as cultural artifacts.

Particular attention is paid to the language the journalists used, the cultural constructs they employed to structure their arguments, and the multiple sources of authority they appealed to in advancing their claims for reform.

*Stop Reading the News*  
Spanish Women Writers and the Essay

This study finds in Oliver Goldsmith's early work a

compelling narrative of social protest and professional accommodation: the struggle of an anonymous "hack" with expectations of recognition and fame too unrealistic for survival in a newly forming profession. As "true critic," as "foreign correspondent" to the magazines, and as an anonymous voice of protest against the commercialization of letters, Goldsmith defined a journalistic self that would inform his later productions. Goldsmith was the "true critic" assailing the romance of - and proclaiming aesthetic standards for - poetry, philosophy, history, satire, and most of the staples of the press in the late 1750s and early 1760s. He was the "foreign correspondent" who, without leaving his bookseller's garret, gave a "first-hand" account of the latest in fashion and learning throughout Europe. He was the blistering social critic attacking the taste of booksellers and "coffee-house readers." And, perhaps most significantly, he provided

---

a lens through which to view the commercialization and professionalization of the publishing industry at a time when literary patronage was moribund. He was, in fact, one of the most important commentators on a period of war and economic expansion, rapid change in public taste, and revolutionary developments in the press. Indeed, the journalistic achievements of Oliver Goldsmith invite a reconsideration of the man doomed for so many years to play "Doctor Minor" to Johnson's "Doctor Major." Long before he established a reputation as the author of *The Vicar of Wakefield*, *She Stoops to Conquer*, and *The Deserted Village*, Goldsmith was establishing his unique journalistic voice - a voice incredibly diverse, if also frequently self-contradictory. There is no doubt that Goldsmith was something of a controversial figure - working for both of London's monthly book review journals while they were engaged in an ongoing, venomous, and well-publicized dispute. But it is important to remember that he was respected, too. He did serve, after all, as principal contributor to several of London's most successful newspapers and magazine miscellanies. In this capacity, his career intersected with the careers of Arthur Murphy, John Newbery, David Hume, Thomas Gray, Edmund Burke, and the most prominent booksellers, authors, and editors of the period. As interest in eighteenth-century English journalism continues to accelerate, the critical reputation of Oliver Goldsmith which has been dwindling for years may receive an important boost. Scholars now have a wealth of primary and critical material from which to construct a contextual framework for understanding literary, social, and political developments in eighteenth-century England. Perhaps this wealth of information will lead them to reassess the man who

---

not only exemplified, but also consistently commented on, the state of the press in "High Georgian" England.

### **Hope in the Dark** Penguin

This Text-book traces the evolution of the newspaper, documenting its changing form, style and content as well as identifying the different roles ascribed to it by audiences, government and other social institutions.

Starting with the early 17th century, when the first prototype newspapers emerged, through Dr Johnson, the growth of the radical press in the early 19th century, the Lord Northcliffe revolution in the early 20th century, the newspapers wars of the 1930s and the rise of the tabloid in the 1970s, right up to Rupert Murdoch and the online revolution, the book explores the impact of the newspapers on our lives and its role in British society.

Using lively and entertaining examples, Kevin Williams illustrates the changing form of the newspaper in its social,

political, economic and cultural context. As well as telling the story of the newspaper, he explores key topics in detail, making this an ideal text for students of journalism and the British newspaper. Issues include: newspapers and social change the changing face of regional newspapers the impact of new technology development of reporting techniques forms of press regulation

### *Animal Farm* Routledge

From the editor in chief of Breitbart News, a firsthand account of how the establishment media became weaponized against Donald Trump and his supporters on behalf of the political left. Alex Marlow was just a twenty-one-year-old UC Berkeley student when renowned media mogul Andrew Breitbart hired him as his first employee. Breitbart began mentoring Marlow on how to fight the culture war

---

one headline at a time and to remain resilient in the face of personal attacks. Now, in this eye-opening and timely book, Marlow explains how the establishment press destroyed its own credibility with a relentless stream of “fake news” designed to smear Donald Trump and his supporters while advancing a leftist agenda. He also reveals key details on how our information gatekeepers truly operate and why America’s “fake news” moment might never end. Breitbart—and Trump—began banging the drum about “fake news” during the 2016 election, and it resonated with millions of voters because they intuitively knew the corporate media was willing to say or write anything to achieve their political ends. It’s a battle cry that continues to this day. Alex

and his team of researchers elucidate the stunning details of the key “fake news” moments of the Trump era and take a deep dive into some of the right’s favorite media targets: from Bloomberg, CNN, The Washington Post, and The New York Times to the tech elite in Silicon Valley. Deeply researched and eye-opening, *Breaking the News* rips back the curtain on the inner workings of how the establishment media weaponizes information to achieve their political and cultural ends.
