Every church is called to some form of family ministry, but this calling requires far more than adding another program to an already-packed schedule. The most effective family ministries refocus every church process to engage parents in discipling their children and to draw family members together instead of pulling them apart. In this second edition, Jones expands the definition of family ministry, and broadens the book's focus to address urban perspectives and family ministry in diverse settings.

Our children are precious to us, so naturally we want to protect them and guarantee their safety and happiness. We want to get it right, so our children will be all right. But we live in a broken world where things don't always (or ever?) go as planned. Children make mistakes, and, if they are honest, parents know they make mistakes too. So it's easy for parents to live in fear, regret, confusion, and sometimes hopelessness about parenting and the children they love. Is there a better way? Can you learn to live by faith, to trust the God who made you and your children with their past, present, and future? How can parents live by faith as they parent their children? These are questions that are best answered in community. This ten-session small group resource will help parents apply the gospel of Jesus Christ to their families. Each lesson looks at parenting through the lens of God's grace for sinners (parents and children) and gives parents a gospel center to their parenting. Parents will learn how to live out the biblical principles of faith, repentance, and faithfulness to their calling as parents with their children. Each lesson is self-contained,

featuring clear teaching from Scripture, and requires no extra work outside of the group setting. The self-explanatory Leader's Guide at the back of the book helps small group leaders with discussion questions and background material that clearly explain and apply the gospel truths from each lesson.

The story of Jesus interacting with the Emmaus disciples after his resurrection provides an outline for what a gospel-centered kids ministry looks like: gospel-centered teaching that points to Jesus in every session, gospel-centered transformation that positions the gospel to change a child's heart and then his or her behavior, and gospel-centered mission where kids join in on the big story of Jesus that continues to unfold. Seven out of ten kids will walk away from church after they turn eighteen. About five will return when they have families of their own. But two will never return. Clearly, something isn't connecting with our kids. As kids ministry leaders, we need to take a hard look at what we are missing in our kids ministries and provide kids the one thing that will satisfy them and keep them connected to the church—the gospel. Gospel-Centered Kids Ministry also addresses how to communicate with and encourage gospel-centered leaders and parents as part of your ministry.

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

A New York Times Best Seller Merging real stories with theory, research, and practice, a prominent scholar offers a new approach to teaching and learning for every stakeholder in urban education. Drawing on his own experience of feeling undervalued and invisible in classrooms as a young man of color and merging his experiences with more than a decade of teaching and researching in urban America, award-winning educator Christopher Emdin offers a new lens on an approach to teaching and learning in urban

schools. For White Folks Who Teach in the Hood...and the Rest of Y'all Too is the much-needed antidote to traditional top-down pedagogy and promises to radically reframe the landscape of urban education for the better. He begins by taking to task the perception of urban youth of color as unteachable, and he challenges educators to embrace and respect each student's culture and to reimagine the classroom as a site where roles are reversed and students become the experts in their own learning. Putting forth his theory of Reality Pedagogy, Emdin provides practical tools to unleash the brilliance and eagerness of youth and educators alike—both of whom have been typecast and stymied by outdated modes of thinking about urban education. With this fresh and engaging new pedagogical vision, Emdin demonstrates the importance of creating a family structure and building communities within the classroom, using culturally relevant strategies like hip-hop music and call-and-response, and connecting the experiences of urban youth to indigenous populations globally. Merging real stories with theory, research, and practice, Emdin demonstrates how by implementing the “Seven C’s” of reality pedagogy in their own classrooms, urban youth of color benefit from truly transformative education.

This book will help you to pause and marvel at Jesus, whose now-glorified wounds are a sign of his unflinching love and the decisive victory that he has won: “He was pierced for our transgressions, he was crushed for our iniquities; the punishment that brought us peace was on him, and by his wounds we are healed.” (Isaiah 53:5) This book can be used as a devotional. The chapters on Holy Week make it especially helpful during the Lent season and at Easter.

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave Dogmatic Constitution on Divine Revelation Crossway

How are parents to raise children so they don't become Pharisees (legalists) or prodigals (rebels)? It's all about grace-filled, gospel-driven parenting, says the mother/daughter team of Elyse Fitzpatrick and Jessica Thompson. Christian parents, in their desire to raise godly children, can drift toward rule-centered discipline. There is, however, a far more effective method—a grace-motivated approach that begins with the glorious truth of God's love for sinners. In Give Them Grace, parents will learn how to connect the benefits of the cross—especially regeneration, adoption, and justification—to their children's daily lives. Chapters address topics such as our inability to follow the law perfectly, God's forgiveness and love displayed at the cross, and what true heart obedience looks like. Fitzpatrick and Thompson also discuss discipline, dealing with popular culture, and evangelism as a way of life. Parents will find this book a great resource for raising grace-filled, Jesus-loving kids.

Jeff Young Prestonwood Church, Dallas, TX This study is not an examination of what Jesus taught. It is an examination of how Jesus taught. In this book, you will learn. . .

- Why is story such an effective way to teach? Where to find great stories. It is easier than it has ever been. What makes a great story?
- How many times did Jesus ask questions? I was shocked by the answer.
- What did Jesus expect of his disciples and how does expectation affect teaching?
- Jesus wasn't always meek and mild and if you want to teach like Jesus you should raise your voice from time to time.
- Teaching is not just about teaching. It is also about relationship. Love like Jesus.
- Jesus teaching was not always clear. We are still fighting about it today. Why is that? Why wasn't Jesus clearer when he taught?
- Jesus often taught in apparent

contradiction. He told us to let our light so shine before men and to be careful not to do our acts of righteousness before men. He made these two statements in one sermon. What do we learn about teaching from that? • Jesus teaching was shocking to his original audience. Sometimes it shocks us. This book is born out of a careful study of the life of Christ taken from the gospels in the original Greek. Background information is from respected commentaries as well as the latest brain science on how we learn. This book has one simple goal: Teach like Jesus.
