Forests Challenge Badge Asa Test Prep
The ocean covers 70 percent of the Earth's surface, and is essential for life on our planet - even for those of us who live nowhere near the sea! It provides us all with food and other materials that we need, regulates our climate and provides half of the oxygen we breathe. The ocean also offers us various means of transport and opportunities for recreation. People have long thought that the ocean was so wide and bountiful that it would go on supplying our needs forever, but this is not the case: human activities are causing significant damage to life in the ocean. People are often unaware of the problems created by this heavy reliance, as few of us have the opportunity to look beneath the surface of the sea and see the damage that our actions have caused. This is where the Ocean Challenge Badge comes in: let it take you on a journey to discover the ocean! It is packed with activities to help you learn about how the ocean works, the creatures that live in it, and just how important it is in our everyday lives. You will also discover how YOU can play a role in protecting our ocean for future generations. We hope you will be inspired to take the challenge and celebrate our ocean. So dive in and begin your aquatic discoveries!

The purpose of the United Nations Challenge Badges is to raise awareness, educate and motivate young people to change their behaviour and be active agents of change in their local communities. Additional badges are available or are being developed on a number of other topics including: Agriculture, Biodiversity, Climate Change, Energy, Governance, Hunger, Nutrition, the Ocean, Soils and Water. The Forests Challenge Badge is designed to help educate children and young people about the crucial role that forests play for life on our planet. This booklet includes basic educational contents on the different types of forests and where they grow. It explains how forests provide essential ecosystem services such as clean air, water, and climate change mitigation. It

also describes various forest resources and explains how millions of people worldwide rely on forests for their livelihoods. The badge describes the threats to our planet's forests and what is being done to protect them. This material is appropriate for use in school classes, Guide or Scout groups or youth meetings generally. It includes a wide range of activities and ideas to stimulate learning about the importance of forests, while motivating children and young people to help protect forests and become aware of the impacts of their actions on the environment.
