My name is Sawyer William Vincent-I know, it sounds like three first names-but

most people know me as the Red Raptor.Well, technically no one knows I'm the Red Raptor-he's just a bit more popular. Wow. Enough about my name. Let me start

over. I'm a superhero-the legendary Black Harrier's partner. Not sidekick. I don't care if I'm still in high school. We work together to

bring down the city's most dangerous villains. When the

Black Harrier gets a mysterious note, then goes missing in New York City, things are pretty much left up to me.But don't worry... I've got this. Piece of cake.If you like Tim Drake as Robin or ever wondered what Peter Parker would be like if he lived in Gotham, Raptors is right up your alley.From Washington Post bestseller Jaime Castle and CJ Valin comes a new superhero universe perfect for fans of both DC and Marvel.

Actually, it's for fans of anything superhero-related...

You're gonna like it. Promise. *InfoWorld* Veloce Publishing Ltd
THE CITY'S GREATEST HERO HAS DISAPPEARED and it's up to his teenage sidekick to find him. But Red Raptor isn't prepared for the challenges he must face when he has to go up against their most dangerous foe without his partner. Sawyer was starting to get a little bored being Red Raptor, the sidekick of The Black Harrier. Since his power allows him to copy anything he watches, he's followed his partner into numerous battles and come through virtually

unscathed. In fact, his problems living at home with an alcoholic single mom and being bullied at school are worse than anything he's faced as a crime fighter. And then there's this girl... For the first time in his life, Red Raptor is forced to test the limits of his abilities and come to grips with what it means to be a hero. "Valin has taken the familiar and re-imagined it in an exciting and fresh way for the next generation of superhero fans." - Bret Bernal, Tao Boy and Engine

Andrew Bean might be a part of H.E.R.O., a secret organization for the training of superhero sidekicks, but that doesn't mean that life is all leaping tall buildings in single bounds. First, there's Drew's power: Possessed of super senses—his hearing, sight, taste, touch, and smell are the most powerful on the

Add in trying to keep his sidekick life a secret from everyone, including his parents, and the truth is clear: Middle school is a drag even with superpowers. But this is all before a supervillain long thought dead returns to the city of Justicia, superheroes begin disappearing at an alarming rate, and Drew's two identities threaten to
