This manual has been written with the Law Enforcement Firearms Instructor in mind. It is an attempt to save the instructor time by furnishing already prepared outlines that cover most of the subject currently taught by and to law enforcement personnel. The purpose of the manual is twofold: First, it can be used by current firearms instructors as a handy reference guide and also as a way of keeping all of the firearms outlines in one simple format. By preparing the manual in this fashion, all of an instructor's outlines are easily accessible should an instructor's class be challenged by the legal system. Secondly, this manual can be used as the text for firearms instructor initial certification classes. Once the new instructor completes the basic certification course, he or she will have a complete set of outlines that can be

used for teaching their classes. The first four outlines in this manual (The Role of the Firearms Instructor, Safety Responsibilities, Record Keeping, and Discipline) are generally used during instructor development classes. The rest of the outlines, while also used in instructor development classes, are also appropriate for basic recruit classes as well as classes that are designed for in-service personnel. The Appendix contains material that can be used as class handouts or made into overheads for class presentations. Some of the courses can be used for general firearms qualification, while others are used for training a specific skill, such as linear and lateral movement or multiple attackers. The manual has been written to take the pain out of the "office work" part of being a firearms instructor and to give the instructor more time to teach.

The U.S. Army teamed up with cartoonist and graphic artist Will Eisner to produce teaching tools for U.S. soldiers in a medium that they could easily understand. The M16A1 Rifle: Operation and Preventive Maintenance, first printed in 1969, features a female narrator who instructs GIs on the proper care of their AR-15 (military name M16A1) rifles—firearms notorious for jamming and malfunctioning. More than a simple manual and step-by-step guide, this unconventional yet important military document tried to appeal to soldiers with suggestive chapter titles such as “How to Strip Your Baby,” “What to Do in a Jam,” “Sweet 16,” and “All the Way with N é g l i g é .” A copy of the thirty-two-page booklet was issued to nearly every soldier serving in Vietnam.

Unlikely pairs join forces to crack a slew of intriguing cases in an anthology edited by New York Times bestselling author Anne Perry, featuring original stories by Jacqueline Winspear, Jeffery Deaver, Allison Brennan, Charles Todd, and many more, including Perry herself. Throughout the annals of fiction, there have been many celebrated detective teams: Sherlock Holmes and John Watson. Nick and Nora Charles. Hercule Poirot and Arthur Hastings. Thomas and Charlotte Pitt. That last pair is the creation of beloved mystery writer Anne Perry, who, as the editor of Odd Partners and in conjunction with Mystery Writers of America, has enlisted some of today's best mystery writers to craft all-new stories about unlikely duos who join forces—sometimes unwillingly—to solve beguiling whodunits. From Perry's own entry, in which an English sergeant and his German counterpart set out to find a missing soldier during World War I, to a psychological tale of an airplane passenger who wakes up unsure of who he is and must enlist his fellow passengers to help him remember, to a historical mystery about a misguided witch-hunt and the unlikely couple that brings it down, each story deals in the wonderful complexities of human interactions. And not just human interactions: Honey bees avenge the death of their beekeeper, a wandering cat brings

home clues to a murder, and a gray wolf and a fly fisherman in the Minnesota woods try to protect their land from a brash billionaire. Featuring work by New York Times bestselling authors, Edgar Award winners, and up-and-coming members of the Mystery Writers of America, these tales of friends, enemies, and pairs who lie somewhere in the middle will satisfy every type of mystery reader. Not Now, Cow Gun Digest Books

My purpose and hope in writing this book about Handguns, Concealed Carry, and Legal Concerns is to impart to you knowledge to save you money. An even more important goal is to save you potential heartache; and most critical, to encourage you to protect your life and that of your loved ones. "Why and how," you ask? First, The Need: The FBI reported, "In 2010 there was a burglary every 15 seconds." One in five women in a recent survey stated they had been a victim of sexual assault. When resisting a criminal assault, an armed woman has a 400% better chance of escaping unharmed than an unarmed woman. Question: What's your plan? Just trust in Blind Luck? The Why: To purchase an inappropriate hand gun or two can cost hundreds of dollars. To run afoul of the law- that expense begins in the thousands of dollars. To be unarmed and unprepared to confront a violent attacker-that cost is incalculable. Remember: "Lightning and violence have one thing in common-they both strike somewhere." The How: There is no other single source, one volume book covering handguns, ammunition, holsters, maintenance, safes, safety, legal concerns, and miscreant misbehavior. This book is an effort to fill that void. If you are not certain that you need to know more, open the book to page IX and take a quick assessment of your knowledge. Thank you for giving me a look, and don't forget: "You make your choice and you take your chances."

The #1 New York Times bestselling memoir of U.S. Navy Seal Chris Kyle, and the source for Clint Eastwood's blockbuster, Academy-Award nominated movie. "An amazingly detailed account of fighting in Iraq--a humanizing, brave story that's extremely readable." — PATRICIA CORNWELL, New York Times Book Review "Jaw-dropping...Undeniably riveting." —RICHARD ROEPER, Chicago Sun-Times From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. His fellow American warriors, whom he protected with deadly precision from rooftops and stealth positions during the Iraq War, called him "The Legend"; meanwhile, the enemy feared him so much they named him

al-Shaitan ("the devil") and placed a bounty on his head. Kyle, who was tragically killed in 2013, writes honestly about the pain of war—including the deaths of two close SEAL teammates—and in moving first-person passages throughout, his wife, Taya, speaks openly about the strains of war on their family, as well as on Chris. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the great war memoirs of all time.

Making its debut in 1935, the Browning High-Power was the world's most widely used military pistol for much of the 20th century. Military and law-enforcement agencies in more than 90 countries have issued the High-Power and it has seen combat in conflicts from World War II through to the 'War on Terror'. After conquering Belgium, Nazi Germany produced more than 300,000 High-Powers for use by the Waffen-SS, Fallschirmjäger and others, and after 1945 the High-Power became standard for most NATO-armed forces as well as scores of others. Chambered for the 9x19mm Luger cartridge, John Browning's High-Power improved on the classic Colt M1911 design, especially in its use of a far simpler takedown system. The pistol's innovative 13-round magazine, designed by Dieudonné Saive, staggered the cartridges for higher capacity without unduly increasing the grip size. During its 82-year production run at Fabrique Nationale (FN) in Belgium, the design evolved slightly, but a 2017 High-Power was still easily recognizable as a descendant of the original model. Packed with gripping material including detailed technical specifications, contemporary photographs and highly accurate artist's renditions, this title is a comprehensive and informative guide to the world's most iconic semi-automatic pistol.

Albemarle Park was envisioned as a picturesque mountainside resort in north Asheville. It was a great success due to the collaborative efforts of railroad executive William Greene Raoul and his son Thomas; Bradford Gilbert, architect of New York City's first skyscraper; and Samuel Parsons Jr., landscape architect for the City of New York. The Manor and its surrounding cottages served as an alternative to standard late-19th-century Asheville hotels and boardinghouses. Dances, plays, bowling, archery, golf, motoring, and equestrian events were available for guests to enjoy, and meals were sourced from The Manor's own farm. Notable guests of The Manor included Eleanor Roosevelt and Grace Kelly. It was also a film set for The Last of the Mohicans. Consisting of enchanting architecture and romantic landscaping, Albemarle Park was listed in the National Register of Historic Places in 1977 and as a local historic district in 1989. Through family archives, private collections, and ephemera, Asheville's Albemarle Park showcases the history of this significant Asheville neighborhood.
