The Evil That Men Do Simon and Schuster
Publisher Description

The Search for the Green River Killer RJ PARKER PUBLISHING, INC.
New York Times Bestseller and
Winner of the Edgar Award: The
definitive account of a serial
killer's rampage—and the manhunt
that stopped him. On June 14,
1962, twenty-five-year-old Juris
Slesers arrived at his mother's

apartment to drive her to church.
But there was no answer at the
door. When he pushed his way
inside, Juris found Anna Slesers
dead on the kitchen floor, the
cord of her housecoat knotted
tightly around her neck. Over the
next two years, twelve more bodies
were discovered in and around
Boston: all women, all sexually
assaulted, and all strangled. None
of the victims exhibited any signs
of struggle, nothing was stolen
from their homes, and there were
no signs of forcible entry. The
police could find no discernable
motive or clues. Who was this
madman? How was he entering
women's homes? And what insanity
was driving him? Drawn from
hundreds of hours of personal

interviews, as well as police,
medical, and court documentation,
this is a grisly, horrifying, and
meticulously researched account of
Albert DeSalvo—an American serial
killer on par with Jack the
Ripper.

My Life Among the Serial Killers Zondervan

An unidentifiable body is found in an
Indianapolis park, deliberately arranged
so that police know it's not just a random
crime. Former cop Frank Behr, now a P.I.
with no cases, no money and no options,
finds himself chasing down the
disappearance of a wayward young
woman who's been missing for months in
a futile attempt to collect a reward. With
assistance from his few remaining
contacts on the force, Behr follows the
tenuous thread of his case into the world

of small-time prostitution-and discovers a possible connection to the body in the park. When another murder victim turns up, it's clear there's a serial killer at work, but this predator seems to be invisible, camouflaged by his perfectly normal-looking life. Behr's relentless quest for the missing girl and his parallel pursuit of the killer become entangled with the official police investigation. Ultimately, Behr's obsession with the truth will lead him into the darkest places, and force him to make an unavoidable and devastating decision.

The Silence of the Lambs Ballantine Books

They smelled the foul odors. They heard the power saw buzzing in the dead of night but neighbors never imagined the horrors happening right next door. The hot sultry night of July 22, 1991 was one the tenants of the Oxford Apartments would never forget. A panic stricken young man--a pair of handcuffs still dangling from his wrists--ran out of Apartment 213 and told police an incredible tale of terror. Shaking with fear, he led officers back to his captor's lair, where they made the gruesome discovery. Inside were the body parts of at least fifteen men--including torsos stuffed into a barrel, severed heads in a refrigerator, and skulls boiled clean and stashed in a filing cabinet. Tacked to the freezer were Poloroid photographs of mutilated corpses. When investigators arrested 31-year-old Jeffrey Dahmer, they realized they had stumbled onto a "real-life Hannibal Lecter"--a sadistic murderer who told them he had saved a

human heart "to eat later". What could turn a handsome, former tennis player, the son of middle-class parents, into a perverse serial killer whose unthinkable acts shocked the nation? The Jeffrey Dahmer Story takes you into Jeffrey Dahmer's twisted world of bizarre sexual encounters, mutilation and cannibalism--in one of history's most appalling true crime cases. With 8 pages of chilling photographs.

Cruel Death Authorlink

Anthropophagy - humans eating their fellow-humans - creates a curious blend of revulsion and fascination in the 'civilised' Western

world. When the perpetrator is a murderer - most commonly a sadistic serial killer - the crime not only shocks but it causes bewilderment. With this 2015 update of her comprehensive 1993 study of cannibalistic killers, Moira Martingale expands her original research about the making of such monsters. Cannibal Killers tracked the phenomenon from five hundred years ago with the notorious Sawney Bean to those whose names became a byword for horror as the twentieth century waned, such as Jeffrey Dahmer. In this updated version, we see that in the twenty-first century cannibals who thirst for human flesh and blood are still around, and alarmingly, they have moved online.
