~Winner of the Lambda Literary Award for the best LGBT YA novel of 2017~ An unforgettable story of two girls navigating the unknowable waters of identity, millennial anxiety, and first love, from the acclaimed author of *The Mystery of Hollow Places*. In Savannah Espinoza's small New Mexico hometown, kids either flee after graduation or they're trapped there forever. Vanni never planned to get stuck—but that was before her father was diagnosed with Huntington's disease, leaving her and her mother to care for him. Now she doesn't have much of a plan at all: living at home, working as a performing mermaid at a second-rate water park, distracting herself with one boy after another. That changes the day she meets Leigh. Disillusioned with small-

town life and looking for something greater, Leigh is not a "nice girl." She is unlike anyone Vanni has met, and a friend when Vanni desperately needs one. Soon enough, Leigh is much more than a friend. But caring about another person threatens the walls Vanni has carefully constructed to protect herself and brings up the big questions she's hidden from for so long.

Land Rover Defender, 90 and 110 Range - 30 Years of the Coil-Sprung 4x4 Models charts the evolution of the coil-sprung Defender vehicles. When Land Rover switched from leaf springs to coil springs for their utility models in 1983, it was a major step forward. The first coil-sprung model, the One Ten, replaced the Series III 109s. The short-wheelbase Ninety replaced the Series III 88s in 1984. From 1990, the models were all re-branded as Land Rover Defenders - 90, 110 and 140 - as the Land Rover range expanded and the marketing teams wanted a new name. Topics covered include: Origins of the Defender and early Ninety and One Ten Models; Development and use of the long-wheelbase models; Special conversions and Defenders built outside the UK, including in Australia and South Africa; Military and emergency service use of the Defender; Detailed examinations of engines and engineering, and the focus on diesel power; The future of the Defender. Charts the evolution of the coil-sprung Defender vehicles - the early 90 and 110 models from 1983 to present day. A must buy for all Land Rover enthusiasts. Superbly illustrated with 300 colour photographs. James Taylor is a well-known writer on classic motoring and a specialist on the Land Rover marque.
