All her life, Breena had always dreamed about fairies as though she lived among them...beautiful fairies living among mortals and living in Feyland. In her dreams, he was always there the breathtakingly handsome but dangerous Winter Prince, Kian, who is her intended. When Breena turns sixteen, she begins seeing fairies and other creatures mortals don't see. Her best friend Logan, suddenly acts very protective. Then she sees Kian, who seems intent on finding her and carrying her off to Feyland. That's fine and all, but for the fact that humans rarely

survive a trip to Feyland, a without a trace. After all that kiss from a fairy generally means death to the human unless that human has fairy blood in them or is very strong, and although Kian seemed to be her intended, he seems to hate her and wants her dead. This edgy tale about beautiful and dangerous fairies, based on Dutch lore, will leave you breathless... Six were taken. Eleven years later, five come back--with no idea of where they've been. A riveting mystery for fans of *We Were Liars*. Eleven years ago, six kindergartners went missing

time, the people left behind moved on, or tried to. Until today. Today five of those kids return. They're sixteen, and they are . . . fine. Scarlett comes home and finds a mom she barely recognizes, and doesn't really recognize the person she's supposed to be, either. But she thinks she remembers Lucas. Lucas remembers Scarlett, too, except they're entirely unable to recall where they've been or what happened to them. Neither of them remember the sixth victim, Max--the only one who hasn't come back. Which leaves Max's sister, Avery, wanting answers. She wants to find her brother--dead or alive--and isn't buying this whole memory-loss story. But as details of the disappearance

begin to unfold, no one is prepared for the truth. This unforgettable novel--with its rich characters, high stakes, and plot twists--will leave readers breathless.

inside me knows that I need him as much as he needs me. Hades says a light so bright can't live in the dark. But I'm not sure a life without him is worth living. The Promise of Hades is the third and final book in the Hades Trials, which is intended for adults and is packed with magic, mythology and slow-burn soulmate romance!

The Catastrophic History of You And Me Harper Collins
From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we

met." Misha I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+. The Promise of Hades Independently Published "Goodbye, unicorns." "What?" My heart dropped. "What?" was a stupid question. I knew exactly what she meant. Still, it

was hardly the kind of thing I expected to hear a seven-year-old girl mumble as she headed out her bedroom door for what would probably be the last time. To an onlooker, it might make sense. Her room was, in fact, a pink and purple web of horned horses she'd spent more than half her life believing in. But I knew the rest of the story. And her words told me this was worse than a kid finding out about Santa. 'Goodbye unicorns' wasn't happening. Not on my watch. The true story of a little girl looking to find a new faith in the world after losing her mother to the drug epidemic, *Goodbye Unicorns* is a story of love, loss, rebuilding, and what it takes to restore magic for a kid has no reason to believe it exists... Could you have faith again?
