SimCity, also known  
as Micropolis or  
SimCity Classic, is a  
city-building  
simulation video game

developed by Will  
Wright and released  
for a number of  
platforms from 1989 to  
1991. SimCity features  
two-dimensional  
graphics and an  
overhead perspective.  
The objective of the  
game is to create a city,  
develop residential and  
industrial areas, build  
infrastructure and  
collect taxes for further

Sim City Snes Manual  
SimCity Manual, PC DOS (pdf) ::  
SimCity is a city-building simulation game, originally developed by game designer Will Wright. The inspiration for SimCity came from a feature of the game Raid on Bungeling Bay that allowed Wright to create his own maps during development. The

objective of SimCity, as the name of the game suggests, is to build and design a city, without specific goals to achieve ...

Hi everyone, new poster here. Its been many years since I played the original SimCity on the PC. I'm now interested in purchasing the game on Amazon/Ebay for the SNES to experience a little bit of nostalgia. I recall that on the PC version it was necessary to have the manual in order to enjoy the full game. Is this also true with the SNES version?
