Since the financial crisis of 2007 to 2009 the role of the company in society, especially the role of publicly traded companies, has acquired a political salience that was largely absent in the decades before the crisis. This concern has been reflected in both enhanced reporting requirements and in the latest version of the Corporate Governance and Stewardship Codes applicable to the largest companies. This books analyses these developments in full, as well as the more fundamental proposals for reform of corporate law that have been advanced outside official circles. The book also examines the functions of the five core features of company law-separate legal personality, limited liability, centralized management, shareholder control, and transferability of shares. It finally analyses the legal strategies available for moderating the frictions that these core features nevertheless generate for those providing the necessary inputs for a company's business. Written by one of the field's foremost experts, Paul Davies' Introduction to Company Law provides a comprehensive conceptual introduction to the subject, giving readers a clear framework with which to navigate the intricacies of company law.

The multilateral development banks cumulatively channel billions of dollars annually in development assistance to borrower countries. This finance is usually spent through processes that incorporate the public procurement regulations of the banks and it is often a condition of this finance that the funds must be spent using the procurement regulations of the lender institution. This book examines the issues and challenges raised by procurement regulation in the multilateral development banks. The book examines the history of procurement regulation in the banks; the tripartite relationship created between the banks, borrowers and contractors in funded procurements; the procurement documents and procurement cycle; as well as how the banks ensure competition and value for money in funded procurements. The book also examines the banks' approach to sustainability concerns in public procurement such as environmental, social or industrial concerns; as well as how the banks address the issue of corruption and fraud in funded contracts. Another issue that is addressed by this book is how the banks have implemented the aid effectiveness agenda. It will be seen that the development banks have undertaken steps to harmonise their policies and practices, increased borrower procurement capacity, taken steps to reduce the tying of aid, and play an important role in the reform of borrower procurement systems, all in an effort to improve the effectiveness of development finance. The book also considers the contractual and other remedies that are available to parties that may be aggrieved as a result of a funded procurement. The book analyses, compares and contrasts the legal, practical and institutional approaches to procurement regulation in the World Bank, the Inter-American Development Bank, the African Development Bank, the Asian Development Bank and the European Bank for Reconstruction and Development.

This book contains the results of the first and only multi-institution study of interlibrary loan and document delivery customer satisfaction among academic library patrons. By examining customer perceptions and ILL/DD activities, Interlibrary Loan/Document Delivery and Customer

Satisfaction: Strategies for Redesigning Services allows library administrators and managers to better understand service needs and shows them where to best allocate resources. The volume includes current reports on workload and staffing in ILL, analysis of current ILL statistical software packages, reports of on-site software development, and suggestions for the future of ILL/DD services. As ILL and DD are the fastest growing services in academic libraries, having a tool that provides so much comparative data on service quality, efficiency, and effectiveness is crucial for librarians in search of solutions to an array of ILL/DD problems. Interlibrary Loan/Document Delivery and Customer Satisfaction is a valuable resource for academic librarians, public and special librarians struggling with ILL/DD issues, DD providers (commercial or otherwise), and students in the field of library and information studies. Readers become immersed in the issues as this book: describes the development of local software to reduce the tedious tasks involved in request fulfillment, freeing office personnel to tackle more difficult requests analyzes how important delivery speed is to academic ILL/DD requestors and suggests when investing additional resources in improving delivery speed may be a waste of money provides comparative data on how many requests can be processed by the typical ILL office staff member debunks some long-held assumptions about delivery speed sets guidelines for efficiency and effectiveness proposes two strategies for redesigning ILL services to incorporate new developments in technology and innovative approaches toward long-standing, traditional services Interlibrary Loan/Document Delivery and Customer Satisfaction is useful not only to administrators interested in redesigning ILL and DD, but also to other libraries interested in comparing the speed and effectiveness of their service with some positively evaluated services provided by high-volume libraries. The software review helps providers implement the best choice of software for their offices and provides in-depth discussions about the strategies needed to further develop one’s own software to reduce workload. At a time when the tenets of Total Quality Management and customer satisfaction are the focus of many managers, interlibrary loan and document delivery are transforming from peripheral services to primary services in the academic library. Interlibrary Loan/Document Delivery and Customer Satisfaction reflects the convergence of these trends and provides a great snapshot of services provided by a representative group of academic libraries.

The definitive guide for navigating today’s credit agreements Today’s syndicated loan market and underlying credit agreements are far more complex than ever. Since the global financial crisis, the art of corporate loan syndications, loan trading, and investing in this asset class have changed dramatically. Lenders are more diverse, borrowers more demanding, and regulations more stringent. Consequently, the credit agreement has evolved, incorporating many new provisions and a host of revisions to existing ones. The LSTA’s Complete Credit Agreement Guide brings you up to speed on today’s credit agreements and helps you navigate these complex instruments. This comprehensive guide has been fully updated to address seven years of major change—which has all but transformed the loan market as we knew it. It provides everything you need to address these new developments, including what to look for in large sponsor-driven deals, the rise of “covenant lite” agreements for corporate borrowers seeking fewer covenant restrictions, Yankee Loans, other products resulting from globalization, and other product developments driven by the diversification of the investor class. You’ll benefit from the authors’ in-depth coverage of all the nuances of today's credit agreements, as well as their tips on how to protect your loan, manage defaults, and navigate cross-border deals. This reliable guide covers: o Commitments, Loans, and Letters of Credit o Interest and Fees o Amortization and Maturity o Conditions Precedent o Representations o Covenants o Guarantees and Security o Defaults and Enforcement o Interlender, Voting, and Agency issues o Defaulting Lenders o Assignments, Participations, and Disqualified Lender ListsBorrower Rights o Regulatory Developments Structuring and managing credit agreements has always been a difficult process – but now it’s more complicated than ever. Whether you work for a company that borrows money in the syndicated loan market or for a bank, a hedge fund, pension fund, insurance company, or other financial institution, the LSTA’s Complete Credit Agreement Guide puts you ahead of the curve of today’s credit landscape.
