Book 1, SIMPLE SOLUTIONS for Planet Earth, dealt with energy and the environment. SIMPLE SOLUTIONS for Humanity provides ultimate answers for our society and beyond. Ever wonder if there could ever be a way to end crime and war forever, or the prospects for immortality, or a better educational system, or the reality of extraterrestrial intelligence, or the future of religion? If all the above can be satisfactorily resolved, then, just in case there is no afterlife, where is the best place to live on Earth today? Simple solutions, of course, are hardly that. How to end crime? What about three strikes and you're dead! Sure this should work, but it's not morally rational. The solution to war is incredibly simple. Just read the book and find out how. Scientists are getting very close to determining a way to disarm our aging gene. When will this happen? Our educational system is flawed. Be prepared to be shocked by the Stanford Marshmallow Study. Then find out that our terrible student scores relative to the developed world might not be

worth all the anguish. The USA will prevail because of our superiority in.... Could the solution for world peace or curing cancer be streaming in from space? The Search for Extraterrestrial Intelligence could someday soon detect what would be the most monumental discovery since the invention of God. How can religion overcome the immorality of purporting to promise an afterlife WITHOUT ANY PROOF? A Golden Evolution is suggested. Are you one of those who largely wasted your life looking out only for yourself, family and friends? Could there be a higher calling? You, too, can make a positive difference. Rainbow Vision is explained to equip you with the tools to help save Planet Earth and Humanity.

George Orwell was a much-respected English novelist, who wrote some of the finest pieces

in literary criticism, fiction. Orwell's work is Conceived, and Delightfully Written' SAN known for its simplicity and wit. He wrote with FRANCISCO CHRONICLE 'Absolutely First-Rate... smartness on subjects such as anti-fascism, Comparable to Voltaire and Swift' THE NEW YORKER democratic socialism etc. His best works include *A New Dictionary of Universal Knowledge* Springer Science & Business Media "ANIMAL FARM". It's an allegorical novella. It got published in August 1945. The fiction based on Farm animals, the author has named them too. Such as Major (a majestic-looking pig), 3-dogs (Bluebell, Jessie, and Pincher), many hens, pigeons, ducklings, sheeps and cows. Two horses, Boxer and Clover. Amongst them, Major is their leader. He wanted to speak on "the nature of life on this earth" and "How any animal is now living". The author has nicely elaborated through these Characters about the animals' misery and slavery. Animals complain that despite their hard labour, why then do they continue in the miserable condition? They also complain about human beings that they use to steal nearly the whole of their produce. Their main enemy is - Man. So, remove Man from the scene and the root cause of hunger and overwork will be abolished for ever. The book narrates about the agony of ill-treated farm animals. Then what decision they take and how this Animal Farm born, everything has become very interesting. The ultimate satire on fascism. A must-read book. Practical Applications for TESOL Teachers IAP Capitalising on developments in the field over the past decade, *Riddles at work* provides an up-to-date microcosm of research on the early medieval riddle tradition. The book presents a wide range of traditional and experimental methodologies. The contributors treat the riddles both as individual poems and as parts of a tradition, but, most importantly, they address Latin and Old English riddles side-by-side, bringing together texts that originally developed in conversation with each

other but have often been separated by scholarship. Together, the chapters reveal that there is no single, right way to read these texts but rather a multitude of productive paths. This book will appeal to students and scholars of early medieval studies. It contains new as well as established voices, including Jonathan Wilcox, Mercedes Salvador-Bello and Jennifer Neville.

From W. Bruce Cameron, the author of the New York Times and USA Today bestselling novel *A Dog's Purpose*, which is now a major motion picture! After 13-year-old Charlie Hall's mother dies and his father retreats into the silence of grief, Charlie finds himself drifting lost and alone through the brutal

halls of junior high school. But Charlie Hall is ultimately intended to benefit: the residents not entirely friendless. In the woods behind his house, Charlie is saved from a mountain lion by a grizzly bear, thought to be extinct in northern Idaho. And this very unusual bear will change Charlie's life forever. Deeply moving, and interwoven with hope and joy, Emory's Gift is not only heartwarming and charming coming of age story, but also a page-turning insightful look at how faith, trust, and unconditional love can heal a broken family and bridge the gaps that divide us. In this book, Sue Popkin tells the story of how an ambitious—and risky—social experiment affected the lives of the people it was

ultimately intended to benefit: the residents who had suffered through the worst days of crime, decay, and rampant mismanagement of the Chicago Housing Authority (CHA), and now had to face losing the only home many of them had known. The stories Popkin tells in this book offer important lessons not only for Chicago, but for the many other American cities still grappling with the legacy of racial segregation and failed federal housing policies, making this book a vital resource for city planners and managers, urban development professionals, and anti-poverty activists.
