The Plan CF4kids

For people in the workplace, there is a great deal to learn from Joseph in the book of Genesis. He spent time both at the top and at the bottom—as a leader and as a slave in Egypt. In this new book about faith and work, author Albert M. Erisman shares lessons learned from the frontlines of business, government, and education, and how they connect to Joseph's life. Through the author's own work experiences and interviews with business leaders across the world, you'll learn that Joseph dealt with issues that are still common in the business world today.

Studying his life can offer guidance and encouragement in any workplace.

In *The Art of Prophesying*, Puritan William Perkins (1558-1602) teaches how to preach the Word with "studied plainness," not relying on technique or soaring flourishes of oratory, but rather by unleashing the majestic power of the unencumbered Word of God. Unlike so much of the milquetoast preaching heard today, Perkins teaches how to utilize the Scripture in all its capacities: for teaching correct doctrine, for reproof and correction, and for training the godly in righteousness (2 Timothy 3:16). This type of preaching changed lives during Perkins' lifetime, and it has the same effect today. Includes a biographical preface by Benjamin Brook. Scripture references (from the ESV) are embedded in the text as hyperlinks--no internet connection required.

The Magnificent Time Machine Christian Focus

Since the days of the early church, Christians have struggled to understand the relationship between two seemingly contradictory concepts in the Bible: law and gospel. If, as the apostle Paul says, the law cannot save, what can it do? Is it merely an ancient relic from Old Testament Israel to be discarded? Or is it still valuable for Christians today? Helping modern Christians think through this complex issue, seasoned pastor and theologian Sinclair Ferguson carefully leads readers to rediscover an eighteenth-century debate that sheds light on this present-day doctrinal conundrum: the Marrow Controversy. After sketching the history of the debate, Ferguson moves on to discuss the theology itself, acting as a wise guide for walking the path between legalism (overemphasis on the law) on the one side and antinomianism (wholesale rejection of the law) on the other.

"When John Mark wrote out his "good news" about Jesus two thousand years ago, his Gospel was a completely new kind of book. No one had ever written one before. In fact no one would have known what a Gospel was...What made the Gospel of Mark unique was this: it was not written merely as the memoir of Jesus as a great man, not even as the greatest man who had ever lived. Rather it was meant to persuade its readers that Jesus was the Son of God...Who is Jesus of Nazareth? What is the good news (gospel) about him?...This book presents us with Mark's answer."

In five sections and thirty-nine chapters, Sinclair B Ferguson writes on pastor-teachers whose life and work have left an indelible mark on his own life, and then leads us in a series of chapters on the teaching of John Calvin, John Owen and the seventeenth century Puritans. This is followed by studies of Scripture, the ministry of the Spirit, the nature of Biblical Theology, the work of Christ, adoption, the nature of the Christian life and other important doctrines. The final section discusses various aspects of

preaching, including preaching Christ from the Old Testament, the importance of theology, reaching the heart, and concludes with a decalogue for preachers. All this, as the epilogue makes clear, is set within the context and goal of doxology.

What are the most important lessons the New Testament has to teach us about being a Christian? Sinclair Ferguson shows that a deep-seated concern of the writers of the New Testament was to see Christians grow to spiritual maturity, "and if that was the concern of the first believers, then it should be our concern too. In clear and logical chapters that are rooted in the reality of the Christian life, the author, who has had long experience in pastoral ministry and seminary teaching, seeks to show what Christian maturity is, and how it is to be obtained. It was the apostle Paul's desire to present those to whom he ministered 'mature in Christ', "for such a maturity would lead to stable, servant-hearted Christians, and healthy, fruit-bearing churches. All those who desire to live useful, mature, and consistent Christian lives will gain much wisdom from reading and reflecting upon the contents of this book.

The book of Ruth contains far more about God than its size would suggest; it records experiences of joy and sorrow; it tells a story of home life, romance and marriage, of unexpected conversion and radical consecration. Here is a vital part of the biblical narrative of redemptive history, focusing like a microscope on part of the detailed preparation God made as he sovereignly directed history towards the coming of the Saviour Jesus Christ. This book helps us to understand Christ himself--and, indeed, the whole Bible--more fully and clearly, and teaches us much about God's grace and providence. The book has its origins in a series of memorable addresses given at the English Conference of the Evangelical Movement of Wales in Aberystwyth in August 1996. It includes as a helpful appendix a letter by John Newton on the guidance of God.

Thomas Chalmers was a Scottish Presbyterian minister who served most of his life at St. John's parish in Glasgow—a congregation that was both the largest and the poorest congregation in the city. Known for his extensive charitable work in caring for the poor and downtrodden, Chalmers was also an astute theologian. One of his most notable works is *The Expulsive Power of a New Affection*, in which Chalmers inspires his readers to remove the tangles of sin through the expulsive power of a new affection—desiring God. As a result of the fall, human feelings of love are often misplaced on the creation rather than the Creator. This classic work of the faith reorients our affections toward him.
