Photosynthesis has been an important field of research for more than a century, but the present concerns about energy, environment and climate have greatly intensified interest in and research on this topic. Research has progressed rapidly in recent years, and this book is an interesting read for an audience who is concerned with various ways of harnessing solar energy. Our understanding of

photosynthesis can now be said to have reached encyclopedic dimensions. There have been, in the past, many good books at various levels. Our book is expected to fulfill the needs of advanced undergraduate and beginning graduate students in branches of biology, biochemistry, biophysics, and bioengineering because photosynthesis is the basis of future advances in producing more food, more biomass, more fuel, and new chemicals for our expanding global human population. Further, the basics of photosynthesis are and will be used not only for the above, but in artificial photosynthesis, an important emerging field where chemists, researchers and engineers of solar energy systems will play a major role.

Photosynthesis: Solar Energy For Life
[Bombay : Published for] Sir Syed Hall, Aligarh Muslim University [by] Asia Publishing House

This book presents a nuanced narrative on Sir Syed Ahmad Khan's (1817–1898) life and his invaluable contribution to the democratic consciousness in India. Based on extensive archival research and a close study of his writings, speeches, and addresses, it explores the life and works of Sir Syed in the broader context of socio-political debates in nineteenth-century India. A seminal figure who shaped modern India, Sir Syed Ahmad Khan is known as the pioneer of modern education among the Muslims in India. Reconciling faith with demonstrable truths, he contributed immensely as a member of the several apex bodies such as Vice-Regal Legislative Council, Royal Public Service Commission, Royal Education Commission, and Legislative Council of North West Provinces. The volume also explores the reformer's views on issues like colonial law and administration, the concept of blasphemy, conversion, female education, religious beliefs, freedom of press, emancipation of women, Hindu–Muslim unity, Urdu–Hindi controversy, and reservation for Muslims. Thoughtfully and incisively written, this volume will be of great interest to scholars and researchers of

modern India, Indian political thought, political philosophy, education, political science, colonial history, Islamic Studies, religious studies, Islamic law, biography, and South Asian studies.
