Sistem Engine Lancer

One of the most common trouble codes with the Mitsubishi Lancer is the P0446 code. This trouble code references a number that is given to you when you plug your Lancer into a OBDII scanner. P0446 Indicates that there is a fault in the evaporative emission control system. It often appears with other codes, such as P0420, P0441, or P0440.

[Mitsubishi Lancer - Wikipedia](#)

Mitsubishi did a lot of things
right when developing the
2008-2015 Lancer Evolution.
When it got to the X models, the
car was a beast of a performer
with its new 4B11T 2.0-liter
inline-4 GEMA engine and its
Super All Wheel Control system,
which used some clever torque
vectoring technology for
powering the rear wheels.
