Audre Lorde was not only a famous poet; she was also one of the most important radical black feminists of the past century. Her writings and speeches grappled with an impressive broad list of topics, including sexuality, race, gender, class, disease, the arts, parenting, and resistance, and they have served as a transformative and important foundation for theorists and activists in considering questions of power and social justice. Lorde embraced difference, and at each turn she emphasized the importance of

using it to build shared strength among marginalized communities. *I Am Your Sister* is a collection of Lorde's non-fiction prose, written between 1976 and 1990, and it introduces new perspectives on the depth and range of Lorde's intellectual interests and her commitments to progressive social change. Presented here, for the first time in print, is a major body of Lorde's speeches and essays, along with the complete text of *A Burst of Light* and Lorde's landmark prose works *Sister Outsider* and *The Cancer Journals*. Together, these writings reveal Lorde's commitment to a radical course of thought and action, situating her works within the women's, gay and lesbian, and African American Civil Rights movements. They also place her within a continuum of black feminists, from Sojourner Truth, to Anna Julia Cooper, Amy Jacques Garvey, Lorraine

Hansberry, and Patricia Hill Collins. *I Am Your Sister* concludes with personal reflections from Alice Walker, Gloria Joseph, Johnnetta Betsch Cole, Beverly Guy-Sheftall, and bell hooks on Lorde's political and social commitments and the indelibility of her writings for all who are committed to a more equitable society.

We live in an Islamophobic world, where Muslim people are constantly under attack, and must prove their innocence when they 've not even committed a crime. We also live in a

world of rigid gender roles and gender violence, where women, gender non-conforming and trans people are victims of violence, and have their gender expressions, freedoms, and desires policed. There ' s pressure from both Muslims and non-Muslims to fit into severe stereotypes of Muslim identity and the ways in which it is acceptable to be Muslim. *The BreakBeat Poets Vol. 3: Halal If You Hear Me* is a celebration of intersectional identity that dispels the notion that there is one correct way to be a Muslim, particularly for women, gender non-conforming, and trans people. In holding space for multiple intersecting identities, the anthology celebrates and protects those identities.

### Thick Crown

A treatise of Black women's transformative influence in media and society, placing them front and center in a new chapter of mainstream resistance and political engagement In *Reclaiming Our Space*, social worker, activist, and cultural commentator Feminista Jones explores how Black women are changing culture, society, and the landscape of feminism by building digital communities and using social media as powerful platforms. As Jones reveals, some of the best-loved devices of our shared social media language are a result of Black women's innovations, from well-known movement-building hashtags (#BlackLivesMatter, #SayHerName, and #BlackGirlMagic) to the now ubiquitous use of threaded tweets as a marketing and storytelling tool. For some, these online dialogues provide an introduction to the work of Black feminist icons like Angela Davis, Barbara Smith, bell hooks, and the women of the Combahee River Collective. For others, this discourse provides a platform for continuing their feminist activism and scholarship in a new, interactive way. Complex conversations around race, class, and gender that have been happening behind the closed doors of academia for decades are now becoming part of the wider cultural vernacular—one pithy tweet at a time. With these important online conversations, not only are Black women influencing popular culture and creating sociopolitical movements; they are also galvanizing a new generation to learn and engage in Black feminist thought and theory, and inspiring change in communities around them. Hard-hitting, intelligent, incisive, yet bursting with humor

and pop-culture savvy, *Reclaiming Our Space* is a survey of Black feminism's past, present, and future, and it explains why intersectional movement building will save us all.

*Begin Again* is one of the great books on James Baldwin and a powerful reckoning with America ' s ongoing failure to confront the lies it tells itself about race. In these brilliant and stirring pages, Glaude finds hope and guidance in Baldwin as he mixes biography—drawn partially from newly uncovered Baldwin interviews—with history, memoir, and poignant analysis of our current moment to reveal the painful cycle of Black resistance and white retrenchment. As Glaude bears witness to the difficult truth of racism ' s continued grip on the national soul, *Begin Again* is a searing exploration of the tangled web of race, trauma, and memory, and a powerful interrogation of what we must ask of ourselves in order to call forth a new America.

In *Nursing Civil Rights*, Charissa J. Threat investigates the parallel battles against occupational segregation by African American women and white men in the U.S. Army. As Threat reveals, both groups viewed their circumstances with the Army Nurse Corps as a civil rights matter. Each conducted separate integration campaigns to end the discrimination they suffered. Yet their stories defy the narrative that civil rights struggles inevitably arced toward social justice. Threat tells how progressive elements in the campaigns did indeed break down barriers in both military and civilian nursing. At the same time, she follows conservative threads to portray how some of the women who succeeded as agents of change became defenders of exclusionary practices when men sought military nursing careers. The ironic result was a struggle that simultaneously confronted and reaffirmed the social hierarchies that nurtured discrimination.
