The text and images in this book are in grayscale.  
A hardback color version is available. Search for  
ISBN 9781680922929. Principles of Accounting is  
designed to meet the scope and sequence  
requirements of a two-semester accounting  
course that covers the fundamentals of financial

and managerial accounting. This book is  
specifically designed to appeal to both accounting  
and non-accounting majors, exposing students to  
the core concepts of accounting in familiar ways  
to build a strong foundation that can be applied  
across business fields. Each chapter opens with a  
relatable real-life scenario for today's college  
student. Thoughtfully designed examples are  
presented throughout each chapter, allowing  
students to build on emerging accounting  
knowledge. Concepts are further reinforced  
through applicable connections to more detailed  
business processes. Students are immersed in the  
"why" as well as the "how" aspects of accounting in  
order to reinforce concepts and promote  
comprehension over rote memorization.

0133877248 /ISBN-13: 9780133877243. For courses in Financial and Managerial Accounting. Expanding on Proven Success with Horngren's Financial and Managerial Accounting Horngren's Financial and Managerial Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. The Eleventh Edition expands on the proven success of the significant revision to the Horngren franchise and uses what the authors have learned from focus groups, market feedback, and colleagues to create livelier classrooms, provide meaningful learning tools, and give professors resources to help students inside and outside the class. First, the authors ensured that content was clear, consistent, and above all, accurate. Every chapter is reviewed to ensure that students understand what they are reading and that there is consistency from chapter to chapter. The author team worked every single accounting problem and employed a team of accounting professors from across the nation to

---

review for accuracy. This edition continues the focus on student success and provides resources for professors to create an active and engaging classroom. Through MyAccountingLab, students have the opportunity to watch author recorded solution videos, practice the accounting cycle using an interactive tutorial, and watch in-depth author-driven animated lectures that cover every learning objective. In addition, all instructor resources have been updated to accompany this edition of the book, including the PowerPoint presentations and Test Bank. Also available with MyAccountingLab ® MyAccountingLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

*Accounting* Wiley

Deep coverage and rigorous examination of international corporate finance Multinational Finance offers an advanced exploration of international corporate finance concepts and operations. Despite its status as one of the most rigorous texts on the topic, this book remains accessible and readable without sacrificing depth of coverage. Sidebars, key terms, essays, conceptual questions, and problems with solutions help aid in the learning process, while suggested readings and PowerPoint handouts reinforce the material and offer avenues for further exploration. This new

sixth edition includes Excel templates that allow students to use real-world tools in a learning environment, and the modular structure facilitates course customization to individual objectives, interests, and preparatory level. The emphasis is on the basics of financial management, but coverage includes unique chapters on treasury management, asset pricing, hedging, options, and portfolio management in addition to traditional finance topics. International finance is a diverse field with myriad specialties and a vast array of possible interests. This book allows students to view the field through the lens of a financial manager with investment or financial options in more than one country to give them a practical feel for real-world application. Understand the nature and operations of international corporate finance Evaluate opportunities, costs, and risks of multinational operations See beyond the numbers and terminology to the general principles at work Learn the markets, currencies, taxation, capital structure,

---

governance, and more Comprehensive, adaptable, and rigorously focused, this book gives students a solid foundation in international corporate finance, as well as a sound understanding of the tools and mechanics of the field. Designed for MBA and advanced undergraduate courses, Multinational Finance provides the deep coverage so essential to a solid education in finance.

Problems & Solutions in Advanced Accountancy Volume I, 6th Edition SBPD Publications

The Balance of Payments and International Investment Position Manual 6: Compilation Guide is a companion document to the sixth edition of the Balance of Payments and International Investment Position Manual (BPM6). The purpose of the Guide is to show how the conceptual framework described in the BPM6 may be implemented in practice and to provide practical advice on source data and methodologies for compiling statistics on the

---

balance of payments and the international investment position. The Guide is not intended to be a stand-alone manual, and readers should be familiar with the BPM6.
