*Spyro Versus the Mega Monsters* Grosset & Dunlap  
Sonichu #0 is the first issue of Christian Weston Chandler's magnum opus. At this initial stage, the comic was almost entirely about Sonichu and Rosechu, although bits of Chris's life still managed to find their way in. The "hand-drawn premiere issue" is a special zero issue. In the comics industry, zero issues are used as either a sales-enhancing gimmick (Image Comics is a notable user of this) or a special preview of work that will not truly begin until issue #1. Given that it previews nothing, which one Chris was going for is probably the former, though given that it's not legally able to be sold, it fails even that. The comic consists of Sonichu's first three

adventures. In "Sonichu's Origin", the core cast of the series is introduced as Sonichu and Rosechu are created. Then, in "Genesis of the Lovehogs", the two protagonists meet and immediately fall in love. Finally, in "Sonichu vs. Naitsirhc", our yellow hero does battle with his first real villain, who but foreshadows the challenges awaiting the hedgehogs in the following issue. Bonus material in Sonichu #0 includes various advertisements for imaginary Sonichu products, "classic" Sonichu comic strips drawn outside of the narrative of the main comic book, and the first "Sub-Episode".

Skylanders SWAP Force Signature Series Strategy Guide Penguin

A potent new book examines the overlap between our ecological crisis and video games. Video games may be fun and immersive diversions from daily life, but can they go beyond the realm of entertainment to do something serious—like help us save the planet? As one of the signature issues of the twenty-first century, ecological deterioration is seemingly everywhere, but it is rarely considered via the realm of interactive digital play. In *Playing Nature*, Alenda Y. Chang offers groundbreaking methods for exploring this vital overlap. Arguing that games need to be understood as part of a cultural response to the growing ecological crisis, *Playing Nature* seeds conversations around key environmental science concepts and terms. Chang suggests several ways to rethink existing game taxonomies and theories of agency while revealing surprising fundamental similarities between game play and scientific work. Gracefully reconciling new media theory with environmental criticism, *Playing Nature* examines an exciting range of games and related art forms, including historical and contemporary analog and digital games, alternate- and augmented-reality games, museum exhibitions, film, and science fiction. Chang puts her surprising ideas into conversation with leading media studies and environmental humanities scholars like Alexander Galloway, Donna Haraway, and Ursula Heise, ultimately exploring manifold ecological futures—not all of them dystopian.

Prima's Official Strategy Guide Penguin

A spunky chorus girl. A hotshot movie star. An unforgettable stage kiss. Beth Bennet can't keep her mind off of Will Darcy--but only because he's infuriatingly arrogant just like every other Hollywood type she's known. It's definitely not because he's drop-dead gorgeous. If she didn't need this job so badly, their choreography would be more like stage combat--toe-curling kiss notwithstanding. And since she swore to loathe him for all eternity, falling for him would be an extreme inconvenience. Will Darcy is only doing this musical as a favor to a friend, and he certainly could do without the distraction from the sassy and spirited Beth Bennet--even if she invades his daydreams like an over-zealous photo bomber. As sparks fly, riotous drama ensues when they can no longer fight the attraction on and off stage. But when the curtain falls and the lights dim, is their on-stage romance more than just a fantastic performance? *Love and Loathing* is a clean romantic comedy and a standalone in the Backstage Romance Book Series. If you like enemies to lovers chemistry, witty banter, and giggle-inducing humor, you'll love Gigi Blume's hilarious retelling of Jane Austen's *Pride and Prejudice*. Buy *Love and Loathing* today and enjoy the show.
