Swap Force David Fickling Books

Video games can instil amazing qualities in children – curiosity, resilience, patience and problem-solving to name a few – but with the World Health Organisation naming gaming disorder as a clinically

diagnosable condition, parents and carers can worry about what video games are doing to their children. Andy Robertson has dealt with all of the above, not just over years of covering this topic for newspapers, radio and television but as a father of three. In this guide, he offers parents and carers practical advice and insights – combining his own experiences with the latest research and guidance from psychologists, industry experts, schools and children's charities – alongside a treasure trove of 'gaming recipes' to test out in your family. Worrying about video game screen time, violence, expense and addiction is an understandable response to scary newspaper headlines. But with first-hand understanding of the video games your children love to play, you can anchor them as a healthy part of family life. Supported by the [www.taminggaming.com](http://www.taminggaming.com) Family Video Game Database, Taming Gaming leads you into

---

doing this so that video games can stop being a point of argument, worry and stress and start providing fulfilling, connecting and ambitious experiences together as a family.

*Cheats, Tips and Game  
Guide* Rockridge Press

From how to deal with  
cyberbullying to the strange,  
true stories behind Barbie and  
G.I. Joe, media insider Bill  
Ratner takes an inside look at  
our wired-up world in a  
fascinating book—part memoir,  
part parenting guide—for the  
digital age. Landing his first  
job in advertising at age  
fourteen, Ratner learned early  
that the media doesn't  
necessarily have our best  
interests at heart. His career  
as one of America's most  
popular voiceover artists and  
his life as a parent and  
educator gives readers a first-  
hand look at the effects of  
digital media on children and  
what you can do about it.
