"This book supports my own 30-year crusade to demonstrate that games are an art form that undeniably rivals

traditional arts. It gives detailed explanations of game art techniques and their importance, while also highlighting their dependence on artistic aspects of game design and programming." — John Romero, co-founder of id Software and CEO of Loot Drop, Inc. "SolarSKI's methodology here is to show us the artistic techniques that every artist should know, and then he transposes them to the realm of video games to show how they should be used to create a far more artful gaming experience ... if I were an artist planning to do video game work, I'd have a copy of this on my shelf." — Marc Mason, Comics Waiting Room Video games are not a revolution in art history, but an evolution. Whether the medium is paper or canvas—or a computer screen—the artist's challenge is to make something without depth seem like a window into a living, breathing world. Video game art is no different. Drawing Basics and Video Game Art is first to examine the connections between classical art and video games, enabling developers to create more expressive and varied emotional experiences in games. Artist game designer Chris SolarSKI gives readers a comprehensive introduction to basic and advanced drawing and design skills—light, value, color, anatomy, concept development—as well as detailed instruction for using these methods to design complex characters, worlds, and gameplay experiences. Artwork by the likes of Michelangelo, Titian, and Rubens are studied alongside AAA games like BioShock, Journey, the Mario series, and Portal 2, to demonstrate perpetual theories of depth, composition, movement, artistic anatomy, and expression. Although Drawing Basics and Video Game Art is primarily a practical reference for artists and designers working in the video games industry, it's equally accessible for those interested to learn about gaming's future, and potential as an artistic medium. ### Mass Effect 3 National Geographic Books

With the release of The Old Hunters, Bloodborne becomes complete. And since the expansion is worthy of its own guide, here we go again: our Bloodborne Collector's Edition Guide is about to get the perfect companion. With the same understated look, unparalleled detail and luxurious extra content, these two books are designed -- inside and out -- to sit side-by-side. The original Bloodborne Collector's Edition Guide is one of the highest rated and best-received game books ever made, and we're giving The Old Hunters the same treatment. Whether you want to fully explore the new areas, learn everything there is to know about each new weapon and character, understand the intricate Lore or admire the work of FromSoftware's concept artists, you'll have a single, invaluable resource to delve into. A Whole New Game: an entire chapter dedicated to highlighting the ways Bloodborne has changed since its release and analyzing how The Old Hunters impacts progression through the full game. Hunting the Nightmare: using our unique hybrid area guide format, exclusive, beautifully illustrated maps take you through the new areas the way you want -- either follow along a route or focus on a single location -- you determine the pace of action. Twice the Arsenal: the Old Hunters almost doubles your available tools, so the possibilities in combat have increased exponentially. Find out not only how every new weapon, spell and Caryl Rune works and is used most efficiently, but how they affect Bloodborne's existing arsenal as well. The Most Lethal Enemies: new nightmare creatures are introduced in The Old Hunters, and -- here's a promise -- they're the toughest and most lethal you'll have faced in Bloodborne. We've dedicated countless hours to turn killing each of them into a science you can rely upon, no matter what play style or equipment you prefer. Interconnected Lore: detailing NPC quests and character interactions is no longer just an invaluable extra -- it's our aim to provide the most complete look at Bloodborne's story and character connections available anywhere! Every important line of text or dialog that links one place or character to another is laid out in an intuitive format for clarity and reference. Extended Art: we've made it our highest priority to showcase FromSoftware's glorious original and newly created artwork on lavishly designed pages. Each piece is displayed sharp and in full size for your viewing pleasure.

"Print Guide: Full coverage of the original Fallout 4 content. GOTY DLC Expansions: The free eGuide provides interactive maps plus coverage of each of the DLC expansions (Automatron, Wasteland Workshop, Far Harbor, Contraptions Workshop, Vault-Tec Workshop, and Nuka-World!) NAVIGATING THE WASTELAND: If you do choose to go aboveground, we have provided an atlas of the surrounding area, with as much detail and information as possible, to satisfy your curiosity and dissuade you from ever venturing outside. EQUIPMENT AND SURVIVAL GEAR: In the unfortunate event that you actually decide to leave the Vault, this manual

provides schematics and data for the types of weaponry you may be inclined to use while fighting for your life. Again, we urge you to reconsider going outside. CRAFTING AND RESOURCES: Making good use of your surroundings is essential for survival, should you make the poor decision to venture outside Vault 111. But, just in case, this guide contains schematics and data vital for creating and repairing useful weapons and essential technology. TIPS FOR DANGEROUS ENCOUNTERS: Nothing should deter you from leaving the safety of the Vault like the threat of good, old-fashioned danger. Be sure to study the data that our scientists have compiled about the radiated terrors that you might find outside the comforts of Vault 111. You have been warned! Free Mobile-Friendly eGuide: Includes a code to access the eGuide, a web-access version of the complete guide optimized for a second-screen experience." --Amazon.com.
