Delacorte Press
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY
Newsweek/The Daily Beast • The Huffington Post • Kansas City Star • Time Out New York • Kirkus Reviews
This extraordinary collection of personal correspondence has all the hallmarks of Kurt Vonnegut's fiction. Written over a sixty-year period, these letters, the vast majority of them never before published, are funny, moving, and full of the same uncanny wisdom

that has endeared his work to readers worldwide. Included in this comprehensive volume: the letter a twenty-two-year-old Vonnegut wrote home immediately upon being freed from a German POW camp, recounting the ghastly firebombing of Dresden that would be the subject of his masterpiece *Slaughterhouse-Five*; wry dispatches from Vonnegut's years as a struggling writer slowly finding an audience and then dealing with sudden international fame in middle age; righteously angry letters of protest to local school boards that tried to ban his work; intimate remembrances penned to high school classmates, fellow veterans, friends, and family; and letters of commiseration and encouragement

to such contemporaries as Gail Godwin, Günter Grass, and Bernard Malamud. Vonnegut's unmediated observations on science, art, and commerce prove to be just as inventive as any found in his novels—from a crackpot scheme for manufacturing “atomic” bow ties to a tongue-in-cheek proposal that publishers be allowed to trade authors like baseball players. (“Knopf, for example, might give John Updike's contract to Simon and Schuster, and receive Joan Didion's contract in return.”) Taken together, these letters add considerable depth to our understanding of this one-of-a-kind literary icon, in both his public and private lives. Each letter brims

with the mordant humor and openhearted humanism upon which he built his legend. And virtually every page contains a quotable nugget that will make its way into the permanent Vonnegut lexicon. • On a job he had as a young man: “Hell is running an elevator throughout eternity in a building with only six floors.” • To a relative who calls him a “great literary figure”: “I am an American fad—of a slightly higher order than the hula hoop.” • To his daughter Nanny: “Most letters from a parent contain a parent's own lost dreams disguised as good advice.” • To Norman Mailer: “I am cuter than you are.” Sometimes biting and ironical, sometimes achingly sweet, and

always alive with the unique point of view that made him the true cultural heir to Mark Twain, these letters comprise the autobiography Kurt Vonnegut never wrote. Praise for Kurt Vonnegut: Letters “Splendidly assembled . . . familiar, funny, cranky . . . chronicling [Vonnegut's] life in real time.” —Kurt Andersen, *The New York Times Book Review* “[This collection is] by turns hilarious, heartbreaking and mundane. . . . Vonnegut himself is a near-perfect example of the same flawed, wonderful humanity that he loved and despaired over his entire life.” —NPR “Congenial, whimsical and often insightful missives . . . one of [Vonnegut's] very best.” —*Newsday* “These

letters display all the hallmarks of Vonnegut ' s fiction—smart, hilarious and heartbreaking. ” —The New York Times Book Review

<i>Slaughterhouse-Five</i> , an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction,	An instant bestseller, <i>Slaughterhouse-Five</i> made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time,	Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael

Crichton, Tim O' Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that

might yet save us from ourselves." More than fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties. The story is told in a non-linear order by an unreliable narrator (he begins the novel by telling the reader, "All of this happened, more or less"). Events become clear through flashbacks and descriptions of his time travel experiences. In the first chapter, the narrator describes his writing of the book, his experiences as a University of Chicago anthropology student and a Chicago City News Bureau correspondent, his research on the Children's Crusade and the history of Dresden, and his visit

to Cold War-era Europe with his wartime friend Bernard V. O'Hare. He then writes about Billy Pilgrim, an American man from the fictional town of Ilium, New York, who believes that he was held at one time in an alien zoo on a planet he calls Tralfamadore, and that he has experienced time travel. As a chaplain's assistant in the United States Army during World War II, Billy is an ill-trained, disoriented, and fatalistic American soldier who discovers that he does not like war and refuses to fight. He is transferred from a base in South Carolina to the front line in Luxembourg during the Battle of the Bulge. He narrowly escapes death as the result of a string of events. He also meets Roland Weary, a patriot, warmonger, and sadistic bully who derides Billy's cowardice. The two of them are captured in 1944 by the Germans, who confiscate all of Weary's belongings and force him to wear wooden clogs that cut painfully into his feet; the resulting wounds become gangrenous, which eventually kills him. While Weary is dying in a rail car full of prisoners, he convinces a fellow soldier, Paul Lazzaro, that Billy is to blame for his death. Lazzaro vows to avenge Weary's death by killing Billy, because revenge is "the sweetest thing in life". At this exact time, Billy becomes "unstuck in time" and has flashbacks from his former and future life. Billy and the other prisoners are transported into Germany. By 1945, the prisoners have arrived in the German city of Dresden to work in "contract labor" (forced labor). The Germans hold Billy and his fellow prisoners in an empty slaughterhouse called Schlachthof-f ü n f ("slaughterhouse five"). During the extensive bombing of

Dresden by the Allies, German guards hide with the prisoners in the slaughterhouse, which is partially underground and well-protected from the damage on the surface. As a result, they are among the few survivors of the firestorm that rages in the city between February 13 and 15, 1945. After V-E Day in May 1945, Billy is transferred to the United States and receives an honorable discharge in July 1945.

America owes Kurt Vonnegut a debt of gratitude for infusing its culture with the brilliant insight found in books like *Mother Night*, *Player Piano* and *Slaughterhouse-5*—and for the mordantly funny writings assembled in this collection. *The Nation* was one of Vonnegut's outlets for his political writings. He contributed to the magazine once or twice a year from 1978 to 1998, like a regular donation to the United Way. His politics were consistently on the left, and after fighting in World War II—which, for all its horrors, he considered just—he angrily

condemned all of the United States' subsequent wars of choice. He wrote in a kind of faux-simpleminded style. He avoided the high seriousness demanded by some critics, who dismissed his body of work as a product of the 1960s counterculture, popular only among shaggy-haired youths with callow taste. But his best work, as you'll see, deals with ultimate questions.

Constructing Slaughterhouse-

Five is a close reading of

Kurt Vonnegut's

Slaughterhouse-Five. It puts

a special focus on the aspects of time and temporal structure in relation to the novel form and its narrative structure in relation to the protagonist Billy Pilgrim's personal trauma, his war experience and his time travelling in relation to the alternative model of time of the Tralfamadorians. Thus, it concentrates on the postmodernist criticism of an uncritical believe in linear time, teleology and progression as also represented in the form of linear narratives.

The story of Kurt Vonnegut and Slaughterhouse-Five, an enduring masterpiece on trauma and memory Kurt Vonnegut was twenty years old when he enlisted in the United States Army. Less than two years later, he was

captured by the Germans in the single deadliest US engagement of the war, the Battle of the Bulge. He was taken to a POW camp, then transferred to a work camp near Dresden, and held in a slaughterhouse called Schlachthof F ü n f where he survived the horrific firebombing that killed thousands and destroyed the city. To the millions of fans of Vonnegut ' s great novel Slaughterhouse-Five, these details are familiar. They ' re told by the book ' s author / narrator, and

experienced by his enduring character Billy Pilgrim, a war veteran who “has come unstuck in time.” Writing during the tumultuous days of the Vietnam conflict, with the novel, Vonnegut had, after more than two decades of struggle, taken trauma and created a work of art, one that still resonates today. In *The Writer’s Crusade*, author Tom Roston examines the connection between Vonnegut’s life and *Slaughterhouse-Five*. Did Vonnegut suffer from Post-Traumatic Stress

Disorder? Did Billy Pilgrim? Roston probes Vonnegut’s work, his personal history, and discarded drafts of the novel, as well as original interviews with the writer’s family, friends, scholars, psychologists, and other novelists including Karl Marlantes, Kevin Powers, and Tim O’Brien. *The Writer’s Crusade* is a literary and biographical journey that asks fundamental questions about trauma, creativity, and the power of storytelling. As an anti-war novel of the 1960s, Vonnegut wrote *Slaughterhouse-Five* as a double story: the main character suffers from the traumatic effects of war; the author struggles with the effects of war on both the character and the author. Moreover, his writing shows his belief that art is no longer a finished product, but it is an ongoing process.

This Bright Notes Study Guide explores the context and history of Vonnegut ' s classic work, helping students to thoroughly explore the reasons it has stood the literary test of time. Reading is a revolutionary act, an act of engagement in a culture that wants us to disengage. In *The Lost Art of Reading*, David L. Ulin asks a number of timely questions - why is literature important? What does it offer, especially now? Blending commentary with memoir, Ulin addresses the importance of the simple

act of reading in an increasingly digital culture. Reading a book, flipping through hard pages, or shuffling them on screen - it doesn't matter. The key is the act of reading, and it's seriousness and depth. Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book, and the accompanying focus required to let the mind run free in a world that is not one's own. Are we willing to risk our collective interest in contemplation, nuanced thinking, and empathy? Far from preaching to the choir, *The Lost Art of Reading* is a

call to arms, or rather, to pages.
