The Diligent: Worlds Of The Slave Trade
Life of William

Grimes Incidents in the Life of a Slave Girl (EasyRead Super Large 20pt Edition)

Running a Thousand Miles for Freedom details the escape of Ellen and William Craft from slavery in Georgia in the United States. Well publicized at the time, the married

couple became celebrities in the abolitionist struggle. Their daring and risky plan meant passing the light-skinned Ellen off as a white male traveling with 'his' slave, William, as no woman would have traveled alone with a slave at the time. Running a Thousand Miles for Freedom gives a unique historical opportunity to witness a first hand account of notions of race, gender and class as they stood in a nineteenth century society which treated them as fixed and defining. Follow the Drinking Gourd One World "The Emancipation Proclamation" by Abraham Lincoln. Published by Good Press. Good Press publishes a wide range

of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. By the Waters of Babylon Simon and Schuster Curtin combines modern research and statistical methods with his broad knowledge of the field to present the first book-length quantitative analysis of the Atlantic slave trade. Its basic evidence suggests revision of currently held opinions concerning the place

of the slave trade in the economies of the Old World nations and their American colonies.

“ Curtin ’ s work will not only be the starting point for all future research on the slave trade and comparative slavery, but will become an indispensable reference for anyone interested in Afro-American studies. ” —Journal of American History “ Curtin has produced a stimulating monograph, the product of immaculate scholarship, against which all past and future studies will have to be judged. ” —Journal of American Studies

“ Professor Curtin ’ s new book is up to his customary standard of performance: within the limits he set for himself, *The Atlantic Slave Trade* could hardly be a better or more important book. ” —American Historical Review

Black Mother Laurel Leaf

The true story behind the acclaimed movie *12 Years a Slave*, this book is based on the life of Solomon Northup, a free black man from New York who was captured in the United States and sold into slavery in Louisiana. Solomon Northup awoke in the middle of the night with his body trembling. Slowly, he realized that he was handcuffed in a dark room and his feet were chained to the floor. He managed to slip his hand into his pocket to look for his free papers that proved he was one of 400,000 free blacks in a

nation where 2.5 million other African Americans were slaves. They were gone. This remarkable story follows Northup through his 12 years of bondage as a man kidnapped into slavery, enduring the hardships of slave life in Louisiana. But the tale also has a remarkable ending. Northup is rescued from his master's cotton plantation in the deep South by friends in New York. This is a compelling tale that looks into a little known slice of history, sure to rivet young readers and adults alike. National Geographic supports K-12 educators with ELA Common Core Resources. Educational Technology for Teaching and Learning The Floating Press

No topic in U.S. history is as emotionally fraught, or as widely taught, as the nation's centuries-long entanglement with slavery. This volume offers advice to college and high school instructors to help their students grapple with this challenging history and its legacies.

Life of William Grimes Univ of Wisconsin Press

"To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting it's bad for them. They think we want what they got . . . That's why they don't want us reading." -- Nightjohn "I didn't know what letters was, not what they meant, but I thought it might be something I wanted to

know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope around his neck, his body covered in scars. He had escaped north to freedom, but he came back--came back to teach reading. Knowing that the penalty for reading is dismemberment Nightjohn still returned to slavery to teach others how to read. And twelve-year-old Sarny is willing to take the risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously researched, historically accurate, and artistically crafted portrayal of a grim time in our nation's past, brought to light through the personal history of two unforgettable characters.

How the Other Half Lives Scholastic Inc.

Are the deep insights of Hugo Black, William Brennan, and Felix Frankfurter that have defined our cherished Bill of Rights fatally flawed? With meticulous historical scholarship and elegant legal interpretation a leading scholar of Constitutional law boldly answers yes as he explodes conventional wisdom about the first ten amendments to the U.S. Constitution in this incisive new account of

our most basic charter of liberty. Akhil Reed Amar brilliantly illuminates in rich detail not simply the text, structure, and history of individual clauses of the 1789 Bill, but their intended relationships to each other and to other constitutional provisions. Amar's corrective does not end there, however, for as his powerful narrative proves, a later generation of antislavery activists profoundly changed the meaning of the Bill in the Reconstruction era. With the Fourteenth Amendment, Americans underwent a new birth of freedom that transformed the old Bill of Rights. We have as a result a complex historical document originally designed to protect the people against self-interested government and revised by the Fourteenth Amendment to guard minority against majority. In our continuing battles over freedom of religion and expression, arms bearing, privacy, states' rights, and popular sovereignty, Amar concludes, we must hearken to both the Founding Fathers who created the Bill and their sons and daughters who reconstructed it. Amar's landmark work invites citizens to a deeper understanding of their Bill of Rights and will set the basic

terms of debate about it for modern lawyers, jurists, and historians for years to come. **The Emancipation Proclamation** Beacon Press
Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in Wikipedia), and shaping the flow of media (as in blogging or podcasting). A growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional training suggest a role for policy and pedagogical intervention. This report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory

culture and how to provide all young people with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T. MacArthur Foundation Reports on Digital Media and Learning

Good Press

Narrative of the Life of Frederick Douglass
First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening depiction of American slavery.

Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive.

Narrative of the Life of Frederick Douglass
Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom.

Narrative of the Life of Frederick Douglass
Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of

Frederick Douglass
This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass
Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass
Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past.

Now part of the HBO docuseries "Exterminate All the Brutes," written and directed by Raoul Peck
Recipient of the American Book Award
The first history of the United States told

from the perspective of indigenous peoples
Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, An Indigenous Peoples' History of the United States is an essential resource providing historical threads that are crucial for understanding the present. In An Indigenous Peoples' History of the United States, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the

Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: “The country can be rid of them only by exterminating them.” Spanning more than four hundred years, this classic bottom-up peoples’ history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

A Picture of Freedom Prentice Hall

A Finalist for the 2016 National Book Award
New York Times Bestseller A SeattleTimes
pick for Summer Reading Roundup 2017 The
acclaimed New York Times bestselling and

National Book Award–winning author of *Brown Girl Dreaming* delivers her first adult novel in twenty years. Running into a long-ago friend sets memory from the 1970s in motion for August, transporting her to a time and a place where friendship was everything—until it wasn’t. For August and her girls, sharing confidences as they ambled through neighborhood streets, Brooklyn was a place where they believed that they were beautiful, talented, brilliant—a part of a future that belonged to them. But beneath the hopeful veneer, there was another Brooklyn, a dangerous place where grown men reached for innocent girls in dark hallways, where ghosts haunted the night, where mothers disappeared. A world where madness was just a sunset away and fathers found hope in religion. Like Louise Meriwether’s *Daddy Was a Number Runner* and Dorothy Allison’s *Bastard Out of Carolina*, Jacqueline Woodson’s *Another Brooklyn* heartbreakingly illuminates the formative time when childhood gives way to adulthood—the promise and peril of growing up—and exquisitely renders a powerful, indelible, and fleeting friendship that united four young lives. *Understanding and Teaching American Slavery* Scholastic Incorporated

NOW A MAJOR MOTION PICTURE

STARRING MICHAEL B. JORDAN AND JAMIE FOXX • A powerful true story about the potential for mercy to redeem us, and a clarion call to fix our broken system of justice—from one of the most brilliant and influential lawyers of our time. “[Bryan Stevenson’s] dedication to fighting for justice and equality has inspired me and many others and made a lasting impact on our country.”—John Legend
NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • Named One of the Best Books of the Year by The New York Times • The Washington Post • The Boston Globe • The Seattle Times • Esquire • Time
Bryan Stevenson was a young lawyer when he founded the Equal Justice Initiative, a legal practice dedicated to defending those most desperate and in need: the poor, the wrongly condemned, and women and children trapped in the farthest reaches of our criminal justice system. One of his first cases was that of Walter McMillian, a young man who was sentenced to die for a notorious murder he insisted he didn’t commit. The case drew Bryan into a tangle of conspiracy, political machination, and legal brinkmanship—and transformed his understanding of mercy and justice forever. *Just Mercy* is at once an unforgettable account of an idealistic, gifted

young lawyer's coming of age, a moving window into the lives of those he has defended, and an inspiring argument for compassion in the pursuit of true justice. Winner of the Carnegie Medal for Excellence in Nonfiction • Winner of the NAACP Image Award for Nonfiction • Winner of a Books for a Better Life Award • Finalist for the Los Angeles Times Book Prize • Finalist for the Kirkus Reviews Prize • An American Library Association Notable Book "Every bit as moving as *To Kill a Mockingbird*, and in some ways more so . . . a searing indictment of American criminal justice and a stirring testament to the salvation that fighting for the vulnerable sometimes yields."—David Cole, *The New York Review of Books* "Searing, moving . . . Bryan Stevenson may, indeed, be America's Mandela."—Nicholas Kristof, *The New York Times* "You don't have to read too long to start cheering for this man. . . . The message of this book . . . is that evil can be overcome, a difference can be made. Just Mercy will make you upset and it will make you hopeful."—Ted Conover, *The New York Times Book Review* "Inspiring . . . a work of style, substance and clarity . . . Stevenson is not only a great lawyer, he's also a gifted writer and storyteller."—*The Washington Post* "As deeply moving, poignant and powerful a book

as has been, and maybe ever can be, written about the death penalty."—*The Financial Times* "Brilliant."—*The Philadelphia Inquirer* [The Atlantic Slave Trade](#) St. Martin's Press When her owner dies at the start of the Revolution, a greedy nephew keeps Isabel and her younger sister enslaved and sells them to Loyalists in New York, where Isabel is offered the chance to spy for the Patriots.

BEYOND BOOKS HUB

Winner of the 2018 NAACP Image Award for Outstanding Literary Work, Fiction These nearly 150 African American folktales animate our past and reclaim a lost cultural legacy to redefine American literature. Drawing from the great folklorists of the past while expanding African American lore with dozens of tales rarely seen before, *The Annotated African American Folktales* revolutionizes the canon like no other volume. Following in the tradition of such classics as Arthur Huff Fauset's *"Negro Folk Tales from the South"* (1927), Zora Neale Hurston's *Mules and Men* (1935), and Virginia Hamilton's *The People Could Fly* (1985), acclaimed scholars Henry Louis Gates Jr. and Maria Tatar assemble a groundbreaking collection of folktales, myths, and legends that revitalizes a vibrant African American past to produce the most

comprehensive and ambitious collection of African American folktales ever published in American literary history. Arguing for the value of these deceptively simple stories as part of a sophisticated, complex, and heterogeneous cultural heritage, Gates and Tatar show how these remarkable stories deserve a place alongside the classic works of African American literature, and American literature more broadly. Opening with two introductory essays and twenty seminal African tales as historical background, Gates and Tatar present nearly 150 African American stories, among them familiar Brer Rabbit classics, but also stories like "The Talking Skull" and "Witches Who Ride," as well as out-of-print tales from the 1890s' *Southern Workman*. Beginning with the figure of Anansi, the African trickster, master of improvisation—a spider who plots and weaves in scandalous ways—*The Annotated African American Folktales* then goes on to draw Caribbean and Creole tales into the orbit of the folkloric canon. It retrieves stories not seen since the Harlem Renaissance and brings back archival tales of "Negro folklore" that Booker T. Washington proclaimed had emanated from a "grapevine" that existed even before the American Revolution, stories brought over by slaves who had survived the Middle Passage. Furthermore, Gates and

Tatar's volume not only defines a new canon but reveals how these folktales were hijacked and misappropriated in previous incarnations, egregiously by Joel Chandler Harris, a Southern newspaperman, as well as by Walt Disney, who cannibalized and capitalized on Harris's volumes by creating cartoon characters drawn from this African American lore. Presenting these tales with illuminating annotations and hundreds of revelatory illustrations, *The Annotated African American Folktales* reminds us that stories not only move, entertain, and instruct but, more fundamentally, inspire and keep hope alive. *The Annotated African American Folktales* includes: Introductory essays, nearly 150 African American stories, and 20 seminal African tales as historical background. The familiar Brer Rabbit classics, as well as news-making vernacular tales from the 1890s' Southern Workman. An entire section of Caribbean and Latin American folktales that finally become incorporated into the canon. Approximately 200 full-color, museum-quality images.

Confronting the Challenges of Participatory Culture HarperCollins
 Draws on the private journal of First Lieutenant Robert Durand and a variety of archival material to describe the voyage of the French slave ship *The Diligent* and its

role within the context of the slave trade as a whole. 30,000 first printing.

Incidents in the Life of a Slave Girl (EasyRead Super Large 20pt Edition) Liveright Publishing
 Congressman John Lewis (GA-5) is an American icon, one of the key figures of the civil rights movement. His commitment to justice and nonviolence has taken him from an Alabama sharecropper's farm to the halls of Congress, from a segregated schoolroom to the 1963 March on Washington, and from receiving beatings from state troopers to receiving the Medal of Freedom from the first African-American president. Now, to share his remarkable story with new generations, Lewis presents *March*, a graphic novel trilogy, in collaboration with co-writer Andrew Aydin and New York Times best-selling artist Nate Powell (winner of the Eisner Award and LA Times Book Prize finalist for *Swallow Me Whole*). *March* is a vivid first-hand account of John Lewis' lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis' personal story, it also reflects on the highs and lows of the broader civil rights movement. Book One spans John Lewis' youth in rural Alabama, his life-changing meeting with

Martin Luther King, Jr., the birth of the Nashville Student Movement, and their battle to tear down segregation through nonviolent lunch counter sit-ins, building to a stunning climax on the steps of City Hall. Many years ago, John Lewis and other student activists drew inspiration from the 1958 comic book *Martin Luther King and the Montgomery Story*. Now, his own comics bring those days to life for a new audience, testifying to a movement whose echoes will be heard for generations.
