also other media into the curriculum. This concise book provides the basics for becoming a knowledgeable educator in the 21st century: understanding the foundations of learning and technology; planning technology/media-supported learning experiences, integrating technology and media meaningfully into the curriculum,

and ensuring the success of technology/media-supported lessons. Understanding and Teaching American Slavery Life of William Grimes Incidents in the Life of a Slave Girl (EasyRead Super Large 20pt Edition) The slave trade is one of the best known yet least understood processes in our history. The popular image of traders in slave ships going to Africa and rounding up slaves as if they were cattle is not only historically inaccurate, it also disguises the fact that the slave trade was a highly organized Atlantic-wide system that required close collaboration at the

highest levels of government in Europe, Africa, and the New World. Using the private journal of First Lieutenant Robert Durand, and supplementing it with a wealth of archival research, Yale historian Robert Harms re-creates in astonishing detail the voyage of the French slave ship The Diligent. We have histories of the slave trade, most recently Hugh Thomas's massive and authoritative The Slave Trade, but The Diligent is something entirely different: a deep bore into the economic, political, and moral worldviews of the participants on all sides of the trade, complete with a vivid *dramatis personae*. Nobody who reads this book will ever

---

look at the slave trade in the same way again.

An Indigenous Peoples' History of the United States

Yearling

Kidnapped at the age of 11 from his home in Benin, Africa, Olaudah Equiano spent the next 11 years as a slave in England, the U.S., and the West Indies, until he was able to buy his freedom. His autobiography, published in 1789, was a bestseller in its own time. Cameron has modernized and shortened it while remaining true to the spirit of the original. It's a gripping story of adventure, betrayal, cruelty, and courage. In searing scenes, Equiano describes the savagery of his capture, the appalling

conditions on the slave ship, the auction, and the forced labor. . . .

Kids will read this young man's story on their own; it will also enrich curriculum units on history and on writing.

The true story

behind the

acclaimed movie 12

Years a Slave, this

book is based on

the life of Solomon

Northup, a free

black man from

New York who was

captured in the

United States and

sold into slavery in

Louisiana. Solomon

Northup awoke in

the middle of the

night with his body

trembling. Slowly,

he realized that he was handcuffed in a dark room and his feet were chained to the floor. He

managed to slip his hand into his pocket to look for his free papers that proved he was one of 400,000 free blacks in a nation where 2.5 million other African Americans were slaves. They were gone. This remarkable story follows Northup through his 12 years of bondage as a man kidnapped into slavery, enduring the hardships of slave life in Louisiana. But the tale also has a remarkable ending. Northup is rescued from his master's

---

cotton plantation in the deep South by friends in New York. This is a compelling tale that looks into a little known slice of history, sure to rivet young readers and adults alike. National Geographic supports K-12 educators with ELA Common Core Resources. Visit [www.natgeoed.org/commcore](http://www.natgeoed.org/commcore) for more information. *The Giver* Univ of Wisconsin Press Many teens today who use the Internet are actively involved in participatory cultures—joining online communities (Facebook, message boards, game clans), producing creative work in new forms (digital sampling, modding, fan videomaking, fan fiction), working in teams to complete tasks and develop new knowledge (as in Wikipedia), and shaping the flow of media (as in blogging or podcasting). A growing body of scholarship suggests potential benefits of these activities, including opportunities for peer-to-peer learning, development of skills useful in the modern workplace, and a more empowered conception of citizenship. Some argue that young people pick up these key skills and competencies on their own by interacting with popular culture; but the problems of unequal access, lack of media transparency, and the breakdown of traditional forms of socialization and professional training suggest a role for policy and pedagogical intervention. This report aims to shift the conversation about the "digital divide" from questions about access to technology to questions about access to opportunities for involvement in participatory culture and how to provide all young people

---

with the chance to develop the cultural competencies and social skills needed. Fostering these skills, the authors argue, requires a systemic approach to media education; schools, afterschool programs, and parents all have distinctive roles to play. The John D. and Catherine T. MacArthur Foundation Reports on Digital Media and Learning *Stolen into Slavery* Franklin Classics A Finalist for the 2016 National Book Award New York Times Bestseller A SeattleTimes pick for Summer Reading Roundup

2017 The acclaimed New York Times bestselling and National Book Award-winning author of *Brown Girl Dreaming* delivers her first adult novel in twenty years. *Running into a long-ago friend* sets memory from the 1970s in motion for August, transporting her to a time and a place where friendship was everything—until it disappeared. A wasn't. For August and her girls, sharing confidences as they ambled through neighborhood

streets, Brooklyn was a place where they believed that they were beautiful, talented, brilliant—a part of a future that belonged to them. But beneath the hopeful veneer, there was another Brooklyn, a dangerous place where grown men reached for innocent girls in dark hallways, where ghosts haunted the night, where mothers disappeared. A world where madness was just a sunset away and fathers found hope in religion. Like Louise Meriwether's

whole. 30,000 first printing.  
The Atlantic Slave Trade The Floating Press Are the deep insights of Hugo Black, William Brennan, and Felix Frankfurter that have defined our cherished Bill of Rights fatally flawed? With meticulous historical scholarship and elegant legal interpretation a leading scholar of Constitutional law boldly answers yes as he explodes conventional wisdom about the first ten amendments to the U.S. Constitution

in this incisive new account of our most basic charter of liberty. Akhil Reed Amar brilliantly illuminates in rich detail not simply the text, structure, and history of individual clauses of the 1789 Bill, but their intended relationships to each other and to other constitutional provisions. Amar's corrective does not end there, however, for as his powerful narrative proves, a later generation of antislavery activists profoundly changed the meaning of the Bill in the Reconstruction era. With the Fourteenth Amendment, Americans underwent a new birth of freedom that transformed the old Bill of Rights. We have as a result a complex historical document originally designed to protect the people against self-interested government and revised by the Fourteenth Amendment to guard minority against majority. In our continuing battles over freedom of religion and

---

expression, arms bearing, privacy, states' rights, and popular sovereignty, Amar concludes, we must hearken to both the Founding Fathers who created the Bill and their sons and daughters who reconstructed it. Amar's landmark work invites citizens to a deeper understanding of their Bill of Rights and will set the basic terms of debate about it for modern lawyers, jurists, and historians for years to come.	Narrative of the Life of Frederick Douglass First published in 1845, Narrative of the Life of Frederick Douglass is an eye-opening depiction of American slavery. Part autobiography, part human-rights treatise, it describes the everyday horrors inflicted on captive laborers, as well as the strength and courage needed to survive. Narrative of the Life of Frederick Douglass Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent	years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. Narrative of the Life of Frederick Douglass Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its gripping

stories, the intensity of spirit, and heartfelt humanity. Narrative of the Life of Frederick Douglass This ebook has been professionally proofread to ensure accuracy and readability on all devices. Narrative of the Life of Frederick Douglass Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever	recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. Narrative of the Life of Frederick Douglass Written more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to	explain why America still suffers from the great injustices of the past. ### **The Kidnapped**

Prince Knopf

Books for Young Readers

"To know things, for us to know things, is bad for them. We get to wanting and when we get to wanting

it's bad for them.

They thinks we want what they got . . . That's why they don't want us reading." -- Nightjohn "I didn't know what letters was, not what they meant, but I thought it might be something I wanted to know. To learn."--Sarny Sarny, a female slave at the Waller plantation, first sees Nightjohn when he is brought there with a rope around his neck, his body covered in scars. He had escaped north to freedom, but he came back--came back to teach reading. Knowing that the penalty for reading is dismemberment

Nightjohn still

retuned to slavery to teach others how to read. And twelve-year-old Sarny is willing to take the risk to learn. Set in the 1850s, Gary Paulsen's groundbreaking new novel is unlike anything else the award-winning author has written. It is a meticulously researched, historically accurate, and artistically crafted portrayal of a grim time in our nation's past, brought to light through the personal history of two unforgettable characters.
