groundbreaking
history
demonstrating
that America's
economic
supremacy was
built on the
backs of slaves
Americans tend
to cast slavery
as a pre-modern
institution -- the
nation's original
sin, perhaps, but
isolated in time
and divorced
from America's

later success. But
to do so robs the
millions who
suffered in
bondage of their
full legacy. As
historian Edward
E. Baptist
reveals in *The
Half Has Never
Been Told*, the
expansion of
slavery in the
first eight
decades after
American
independence
drove the
evolution and
modernization of
the United
States. In the
span of a single
lifetime, the
South grew from
a narrow coastal
strip of worn-out
tobacco

plantations to a
continental
cotton empire,
and the United
States grew into
a modern,
industrial, and
capitalist
economy. Told
through intimate
slave narratives,
plantation
records,
newspapers, and
the words of
politicians,
entrepreneurs,
and escaped
slaves, *The Half
Has Never Been
Told* offers a
radical new
interpretation of
American history.
Sugar in the Blood

Based on lengthy
interviews with

Ellington's bandmates, family, and friends, Duke Ellington and His World offers a fresh look at this legendary composer. The first biography of the composer written by a fellow musician and African-American, the book traces Ellington's life and career in terms of the social, cultural, political, and economic realities of his times. Beginning with his birth in Washington, DC, through his first bands and work at the legendary Cotton Club, to his final great extended compositions, this book gives a thorough introduction to Ellington's music and

how it was made. It also illuminates his personal life because, for Ellington, music was his life and his life was a constant inspiration for music. Inheriting the Trade Univ of South Carolina Press Is there anything new to say about Thomas Jefferson and slavery? The answer is a resounding yes. Master of the Mountain, Henry Wiencek's eloquent, persuasive book—based on new information coming from archaeological work at Monticello and on hitherto overlooked or disregarded evidence in

Jefferson's papers—opens up a huge, poorly understood dimension of Jefferson's world. We must, Wiencek suggests, follow the money. So far, historians have offered only easy irony or paradox to explain this extraordinary Founding Father who was an emancipationist in his youth and then recoiled from his own inspiring rhetoric and equivocated about slavery; who enjoyed his renown as a revolutionary leader yet kept some of his own children as slaves. But Wiencek's Jefferson is a man of business

and public affairs who makes a success of his debt-ridden plantation thanks to what he calls the "silent profits" gained from his slaves—and thanks to a skewed moral universe that he and thousands of others readily inhabited. We see Jefferson taking out a slave-equity line of credit with a Dutch bank to finance the building of Monticello and deftly creating smoke screens when visitors are dismayed by his apparent endorsement of a system they thought he'd vowed to overturn. It is not a pretty story. Slave boys are whipped to make them work in

the nail factory at Monticello that pays Jefferson's grocery bills. Parents are divided from children—in his ledgers they are recast as money—while he composes theories that obscure the dynamics of what some of his friends call "a vile commerce." Many people of Jefferson's time saw a catastrophe coming and tried to stop it, but not Jefferson. The pursuit of happiness had been badly distorted, and an oligarchy was getting very rich. Is this the quintessential American story? The Washingtons of

Wessyngton Plantation
Harper Collins Best Book of the Year NPR • The Washington Post • Boston Globe • TIME • USA Today • Entertainment Weekly • Real Simple • Parade • BuzzFeed • Electric Literature • LitHub • BookRiot • PopSugar • Goop • Library Journal • BookBub • KCRW • Finalist for the National Book Award • One of the New York Times Notable Books of the

Year • One of the New York Times Best Historical Fiction of the Year • Instant New York Times Bestseller A singular and stunning debut novel about the forbidden union between two enslaved young men on a Deep South plantation, the refuge they find in each other, and a betrayal that threatens their existence. Isaiah was Samuel's and Samuel was Isaiah's. That was the way it was since the beginning, and the way it was to be until the

end. In the barn they tended to the animals, but also to each other, transforming the hollowed-out shed into a place of human refuge, a source of intimacy and hope in a world ruled by vicious masters. But when an older man—a fellow slave—seeks to gain favor by preaching the master's gospel on the plantation, the enslaved begin to turn on their own. Isaiah and Samuel's love, which was once so simple, is seen as sinful and a clear

danger to the plantation's harmony. With a lyricism reminiscent of Toni Morrison, Robert Jones, Jr., fiercely summons the voices of slaver and enslaved alike, from Isaiah and Samuel to the calculating slave master to the long line of women that surround them, women who have carried the soul of the plantation on their shoulders. As tensions build and the weight of centuries—of ancestors and future

generations to come—culminates in a climactic reckoning, *The Prophets* fearlessly reveals the pain and suffering of inheritance, but is also shot through with hope, beauty, and truth, portraying the enormous, heroic power of love.

Black Cloud Rising

University of

Chicago Press

In the late 1630s, lured by the promise of the New World, Andrea Stuart's earliest known maternal ancestor, George Ashby, set sail from England to settle in Barbados. He fell

into the life of a sugar plantation owner by mere chance, but by the time he harvested his first crop, a revolution was fully under way: the farming of sugar cane, and the swiftly increasing demands for sugar worldwide, would not only lift George Ashby from abject poverty and shape the lives of his descendants, but it would also bind together ambitious white entrepreneurs and enslaved black workers in a strangling embrace. Stuart uses her own family story—from the seventeenth century through the present—as the pivot for this epic tale of

migration, settlement, survival, slavery and the making of the Americas. As it grew, the sugar trade enriched Europe as never before, financing the Industrial Revolution and fuelling the Enlightenment. And, as well, it became the basis of many economies in South America, played an important part in the evolution of the United States as a world power and transformed the Caribbean into an archipelago of riches. But this sweet and hugely profitable trade—"white gold," as it was known—had profoundly less

palatable consequences in its precipitation of the enslavement of Africans to work the fields on the islands and, ultimately, throughout the American continents. Interspersing the tectonic shifts of colonial history with her family's experience, Stuart explores the interconnected themes of settlement, sugar and slavery with extraordinary subtlety and sensitivity. In examining how these forces shaped her own family—its genealogy, intimate relationships, circumstances of birth, varying hues

of skin—she illuminates how her family, among millions of others like it, in turn transformed the society in which they lived, and how that interchange continues to this day. Shifting between personal and global history, Stuart gives us a deepened understanding of the connections between continents, between black and white, between men and women, between the free and the enslaved. It is a story brought to life with riveting and unparalleled immediacy, a story of fundamental importance to the making of our

world.
Denmark Vesey's Garden Harper Collins
Set during the American Civil War, *Black Cloud Rising* is the powerful story of a man grappling with his own complicated history as he forges a future for himself—and his country. For readers of Edward P. Jones and Colson Whitehead Told by Sgt. Richard Etheridge, the son of an enslaved woman and her former master, *Black Cloud Rising* is based on the true story of the African Brigade, an all-Black regiment led by General Edward Augustus Wild, a one-armed white abolitionist who terrorized the North Carolina

countryside. Eager to prove his manhood and worth, but deeply conflicted about his own notions of Blackness and whiteness, Richard must navigate a world of violence and moral uncertainty, never knowing whether the shot that could end his life will be fired by his own white cousin, who has turned Confederate guerrilla, or his fellow soldier, the self-named Revere, who sneeringly sees through Richard's racial self-doubt. *Escape from Slavery* HarperCollins The ultimate collection of books for life-changing wealth and success. It's time to stop living your life on the margins and claim the financial success you deserve.

Essential Prosperity is a treasury of wisdom that will empower you to move from a life of want—defined by debt, fear, and missed possibilities—to one of true success. You have the power and potential to create the life of abundance you've always imagined and Essential Prosperity will show you how. Essential Prosperity includes fourteen life-changing books from the thought leaders and teachers whose work has changed the world, including: - The Richest Man in Babylon by George S. Clason - Think and Grow Rich by Napoleon Hill - Power of Your Subconscious Mind by Joseph Murphy - As a Man Thinketh by James Allen - Science of Getting Rich by

Wallace Wattles - The Game of Life by Florence Scovel Shinn - The Golden Key by Emmet Fox - The Getter by Peter B. Kyne - How to Live on 24 Hours a Day by Arnold Bennett - Acres of Diamonds by Russell Conwell - Creative Mind and Success by Ernest Holmes - The Secret of Success by William Walker Atkinson - The Life Power and How to Use It by Elizabeth Towne - Prosperity by Annie Rix Militz These experts speak from every background—from self-help and spirituality to finance and business—each of them sharing the secrets to building life changing wealth and prosperity. *Slaves in the Family* Farrar

Fifteen years after its
hardcover debut, the
FSG Classics reissue
of the celebrated
work of narrative
nonfiction that won
the National Book

Award and changed the American conversation about race, with a new preface by the author. The Ball family hails from South Carolina—Charleston and thereabouts. Their plantations were among the oldest and longest-standing plantations in the South. Between 1698 and 1865, close to four thousand black people were born into slavery under the Balls or were bought by them. In *Slaves in the Family*, Edward Ball recounts his efforts to track down and meet the descendants of his family's slaves. Part historical narrative, part oral history, part personal story of investigation and catharsis, *Slaves in the Family* is, in the words of Pat Conroy,

"a work of breathtaking generosity and courage, a magnificent study of the complexity and strangeness and beauty of the word 'family.'" [Thirty Years a Slave](#) St. Martin's Essentials Winner of the Pulitzer Prize and the National Book Award, this #1 New York Times bestseller chronicles a young slave's adventures as she makes a desperate bid for freedom in the antebellum South. The basis for the acclaimed original Amazon Prime Video series directed by Barry

Jenkins. Cora is a slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no

 the everyday horrors

inflicted on captive laborers, as well as the strength and courage needed to survive. *Narrative of the Life of Frederick Douglass* Born into slavery on a Maryland plantation in 1818, Frederick Douglass spent years secretly teaching himself to read and write—a crime for which he risked life and limb. After two failed escapes, Douglass finally, blessedly boarded a train in 1838 that would eventually lead him to New York City and freedom. *Narrative of the Life of Frederick Douglass* Few books have done more to change America's notion of African Americans than this seminal work. Beyond its historical and social relevancy, it is admired today for its

gripping stories, the intensity of spirit, and heartfelt humanity. *Narrative of the Life of Frederick Douglass* This ebook has been professionally proofread to ensure accuracy and readability on all devices. *Narrative of the Life of Frederick Douglass* Born into a life of bondage, Frederick Douglass secretly taught himself to read and write. It was a crime punishable by death, but it resulted in one of the most eloquent indictments of slavery ever recorded. His gripping narrative takes us into the fields, cabins, and manors of pre-Civil War plantations in the South and reveals the daily terrors he suffered. *Narrative of the Life of Frederick Douglass* Written

more than a century and a half ago by a Black man who went on to become a famous orator, U.S. minister to Haiti, and leader of his people, this timeless classic still speaks directly to our age. It is a record of savagery and inhumanity that goes far to explain why America still suffers from the great injustices of the past. *Narrative of the Life of Frederick Douglass* *The Inventor and the Tycoon* Simon and Schuster On the evening of April 15, 1848, nearly eighty enslaved Americans attempted one of history's most audacious escapes. Setting sail from Washington, D.C., on a schooner

named the Pearl, the fugitives began a daring 225-mile journey to freedom in the North—and put in motion a furiously fought battle over slavery in America that would consume Congress, the streets of the capital, and the White House itself. Mary Kay Ricks's unforgettable chronicle brings to life the Underground Railroad's largest escape attempt, the seemingly immutable politics of slavery, and the individuals who struggled to end it. *Escape on the Pearl* reveals the incredible odyssey of those who were

onboard, including the remarkable lives of fugitives Mary and Emily Edmonson, the two sisters at the heart of this true story of courage and determination. *Escape on the Pearl* University of Georgia Press Explores the slave-holding dynasty of Elias Ball, a South Carolina plantation owner, the history of slave uprisings, and the memories of the descendants of those slaves Ties That Bound Yale University Press From the National Book Award-winning author of *Slaves in the Family*, a riveting true life/true crime

narrative of the partnership between the murderer who invented the movies and the robber baron who built the railroads. One hundred and thirty years ago Eadweard Muybridge invented stop-motion photography, anticipating and making possible motion pictures. He was the first to capture time and play it back for an audience, giving birth to visual media and screen entertainments of all kinds. Yet the artist and inventor Muybridge was also a murderer who killed coolly and meticulously, and his trial is one of the early instances of a

media sensation. His patron was railroad tycoon (and former California governor) Leland Stanford, whose particular obsession was whether four hooves of a running horse ever left the ground at once. Stanford hired Muybridge and his camera to answer that question. And between them, the murderer and the railroad mogul launched the age of visual media. Set in California during its frontier decades, *The Tycoon and the Inventor* interweaves Muybridge's quest to unlock the secrets of motion through photography, an obsessive murder

plot, and the peculiar partnership of an eccentric inventor and a driven entrepreneur. A tale from the great American West, this popular history unspools a story of passion, wealth, and sinister ingenuity. *To the Finland Station* Farrar, Straus and Giroux From National Book Award winner Edward Ball comes *The Sweet Hell Inside*, the story of the fascinating Harleston family of South Carolina, the progeny of a Southern gentleman and his slave, who cast off their blemished roots and prospered despite racial barriers. Enhanced by recollections from the family's archivist,

eighty-four-year-old Edwina Harleston Whitlock -- whose bloodline the author shares. *The Sweet Hell Inside* features a celebrated portrait artist whose subjects included industrialist Pierre du Pont; a black classical composer in the Lost Generation of 1920s Paris; and an orphanage founder who created the famous Jenkins Orphanage Band, a definitive force in the development of ragtime and jazz. With evocative and engrossing storytelling, Edward Ball introduces a cast of historical characters rarely seen before: cultured, vain, imperfect, rich, and black -- a family of eccentrics who defied social convention and flourished.

Slaves in the Family

Penguin
One of the great works of modern historical writing, the classic account of the ideas, people, and politics that led to the Bolshevik Revolution
Edmund Wilson's *To the Finland Station* is intellectual history on a grand scale, full of romance, idealism, intrigue, and conspiracy, that traces the revolutionary ideas that shaped the modern world from the French Revolution up through Lenin's arrival at Finland Station in St. Petersburg in 1917. Fueled by Wilson's own passionate engagement with the ideas and politics at play, it is a lively and vivid, sweeping account of a singular

idea—that it is possible to construct a society based on justice, equality, and freedom—gaining the power to change history. Vico, Michelet, Bakunin, and especially Marx—along with scores of other anarchists, socialists, nihilists, utopians, and more—all come to life in these pages. And in Wilson's telling, their stories and their ideas remain as alive, as provocative, as relevant now as they were in their own time.
[The Known World](#)
Basic Books
Life in the old South has always fascinated Americans--whether in the mythical portrayals of the planter elite from fiction such as *Gone With the Wind* or in historical studies that

look inside the slave cabin. Now Brenda E. Stevenson presents a reality far more gripping than popular legend, even as she challenges the conventional wisdom of academic historians. Life in *Black and White* provides a panoramic portrait of family and community life in and around Loudoun County, Virginia--weaving the fascinating personal stories of planters and slaves, of free blacks and poor-to-middling whites, into a powerful portrait of southern society from the mid-eighteenth century to the Civil War. Loudoun County and its vicinity encapsulated the full sweep of southern life. Here the region's most illustrious families--the Lees,

Masons, Carters, Monroes, and Peytons--helped forge southern traditions and attitudes that became characteristic of the entire region while mingling with yeoman farmers of German, Scotch-Irish, and Irish descent, and free black families who lived alongside abolitionist Quakers and thousands of slaves. Stevenson brilliantly recounts their stories as she builds the complex picture of their intertwined lives, revealing how their combined histories guaranteed Loudon's role in important state, regional, and national events and controversies. Both the Declaration of Independence and the U.S. Constitution, for example, were hidden at a local plantation during the War of 1812. James Monroe wrote his famous "Doctrine" at his Loudon estate. The area also was the birthplace of celebrated fugitive slave Daniel Dangerfield, the home of John Janney, chairman of the Virginia secession convention, a center for Underground Railroad activities, and the location of John Brown's infamous 1859 raid at Harpers Ferry. In exploring the central role of the family, Brenda Stevenson offers a wealth of insight: we look into the lives of upper class women, who bore the oppressive weight of marriage and motherhood as practiced in the South and the equally burdensome roles of their husbands whose honor was tied to their ability to support and lead regardless of their personal preference; the yeoman farm family's struggle for respectability; and the marginal economic existence of free blacks and its undermining influence on their family life. Most important, Stevenson breaks new ground in her depiction of slave family life. Following the lead of historian Herbert Gutman, most scholars have accepted the idea that, like white, slaves embraced the nuclear family, both as a living reality and an ideal. Stevenson destroys this notion, showing that the harsh realities of slavery, even for those who belonged to such

attentive masters as George Washington, allowed little possibility of a nuclear family. Far more important were extended kin networks and female headed households. Meticulously researched, insightful, and moving, *Life in Black and White* offers our most detailed portrait yet of the reality of southern life. It forever changes our understanding of family and race relations during the reign of the peculiar institution in the American South. *The Long Emancipation* Routledge Follows Thomas DeWolf and other members of his family as they travel to New England, West Africa, and Cuba to learn about

the horrors of the slave trade, a business in which their ancestors were deeply involved. Remembering Slavery BEYOND BOOKS HUB "Journalist Ball confronts the legacy of his family's slave-owning past, uncovering the story of the people, both black and white, who lived and worked on the Balls' South Carolina plantations. It is an unprecedented family record that reveals how the painful legacy of slavery continues to endure in America's collective memory

and experience.

Ball, a descendant of one of the largest slave-owning families in the South, discovered that his ancestors owned 25 plantations, worked by nearly 4,000 slaves. Through meticulous research and by interviewing scattered relatives, Ball contacted some 100,000 African-Americans who are all descendants of Ball slaves. In intimate conversations with them, he garnered information, hard words, and devastating family

stories of precisely
what it means to
be enslaved. He
found that the
family plantation
owners were far
from benevolent
patriarchs; instead
there is a dark
history of
exploitation,
interbreeding, and
extreme violence"-
