Crossover Literature and Age in Crisis at the Turn of the 21st Century Tsuki no Usagi Press Winner of the Hugo Award! In A Psalm for the Wild-Built, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen

again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series asks: in a world where people have what they want, does having more matter? In So the Witch Won't Eat Me Bloch draws on 25 years of psychoanalytic practice. Her book is both a summary of her experience as a therapist and a disclosure of what she has learned about the inner workings of the human mind. She believes that the fear of infanticide, which originates in our vulnerability as infants, is later compounded by the magical thinking that leads us as children to blame ourselves for any unhappy development in our environment and therefore to anticipate punishment. As she also demonstrates, psychoanalytic treatment can be very effective in resolving the resulting emotional problems.

[Sons of Rebellion: A Motorcycle Club Romance](#) Castle Rock & Ku Klux Klan For anyone who has ever felt like they don't belong, *Sigh, Gone* shares an irreverent, funny, and moving tale of displacement and assimilation woven together with poignant themes from beloved works of classic literature. In 1975, during the fall of Saigon, Phuc Tran immigrates to America along with his family. By sheer chance they land in Carlisle, Pennsylvania, a small town where the Trans struggle to assimilate into their new life. In this coming-of-age memoir told through the themes of great books such as *The Metamorphosis*, *The Scarlet Letter*, *The Iliad*, and more, Tran navigates the push and pull of finding and accepting himself despite the challenges of immigration, feelings of isolation, and teenage rebellion, all while attempting to meet the rigid expectations set by

his immigrant parents. Appealing to fans of coming-of-age memoirs such as *Fresh Off the Boat*, *Running with Scissors*, or tales of assimilation like Viet Thanh Nguyen's *The Displaced* and *The Refugees*, *Sigh, Gone* explores one man's bewildering experiences of abuse, racism, and tragedy and reveals redemption and connection in books and punk rock. Against the hairspray-and-synthesizer backdrop of the '80s, he finds solace and kinship in the wisdom of classic literature, and in the subculture of punk rock, he finds affirmation and echoes of his disaffection. In his journey for self-discovery Tran ultimately finds refuge and inspiration in the art that shapes—and ultimately saves—him. *Slayer* Routledge 'Sound Targets' explores the role of music in American military culture, focusing on the experiences of soldiers returning from active service in Iraq. Around town, Cadeon Morris was known as trouble. He rode a Harley, owned a tattoo shop, and inked the local motorcycle club. He was who he was and explained himself to no one. Stella was the daughter of Mickey "Scars" Lore, President of the MC in the town of Reckless. She was used to the members of the MC threatening and scaring off any guy who showed interest in her. But at twenty-three, she wanted to experience life for herself, go wild, and do something she may regret later. It was time for Stella to get a little ink of her own, and Cadeon was going to be the man to give it to her. Getting it on with a bad boy sounded like a pretty good way to let loose, and it was only meant to be temporary. But it seemed Cadeon wasn't all about a one-night stand kind of fling.
