#1 bestselling YA Norse-mythology-based Paranormal romance: *Runes* (book 1): Seventeen-year-old Raine Cooper has enough on her plate dealing with her father's disappearance, her mother's erratic behavior and the possibility of her boyfriend relocating. The last thing she needs is Torin St. James—a mysterious new neighbor with a wicked smile and uncanny way of reading her. Raine is drawn to Torin's dark sexiness against her better judgment, until he saves her life with weird marks and she realizes he is different. But by healing her, Torin changes something inside Raine. Now she can't stop thinking about him. Half the time, she's not sure whether to fall into his arms or run. Scared, she sets out to find out what Torin is. But the closer she gets to the truth the more she uncovers something sinister about him. What Torin is goes back to an ancient mythology and Raine is somehow part of it. Not only is she and her friends in danger, she must choose a side, but the wrong choice will cost Raine her life *Immortals* (book 2): Nothing can stop Raine Cooper when she wants something... Raine finally knows that her gorgeous neighbor, Torin St. James, is a legend straight out of Norse mythology, and that her feelings for him are strong. Torin is crazy about Raine too, breaking the one rule he lives by: Never fall for a mortal. The problem is he no longer remembers her, his memories erased by Norns—Norse destiny deities—to punish her for defying them. So Raine comes up with a plan... She will make Torin forget his one rule a second time and fall in love with her all over again. But she quickly learns that well-laid plans do not work when dealing with deities and supernatural beings. Desperate, Raine makes choices that could not only tear her and Torin further apart, but lead to the destruction of everything and everyone she loves gods might have erased Torin's memories, but they didn't take into account his feelings for Raine and hers for him. *Grimnirs* (book 3): Straight out of the psych ward, Cora just wants her life to be normal. She doesn't want to see souls or the reapers collecting them. The guy she's loved from a distance for years moves away without saying goodbye. So yes, she's nursing a serious heartbreak. It's no wonder love is the last thing on her mind when Echo storms into her life. Too bad Echo is the poster boy for everything she hates in a guy—hot, beautiful, and cocky. He is also a soul reaper. A Grimnir. The very beings she wants out of her life. Maybe normal is overrated because Cora wants it all. Answers. Love. A life.

A girl's disappearance in Australia induces a family reckoning in this "dark and lovely work . . . full of elegance and mystery" (The New York Times Book Review). A two-time winner of Australia's prestigious The Age Book of the Year Award, Joan London's debut novel, *Gilgamesh*, a New York Times Notable Book, was published to rapturous acclaim both in her native Australia and in the United States. Now, London delivers *The Good Parents*, a "completely absorbing" tale of mother love and the harrowing moment when a daughter spreads her wings and vanishes from her parents' orbit (The Boston Globe). Maya de Jong is a shy, sweet, eighteen-year-old country girl who moves to Melbourne and begins an affair with her older, married boss. When Maya's parents, Toni and Jacob, arrive for a visit, Maya is gone, and no one knows where. Maya, for reasons of her own, leaves haunting clues in late-night calls to her brother at home, carefully—and puzzlingly—avoiding detection by the two people who love her most. Ultimately, to find her daughter Toni will have to revisit a part of her own past that she thought she had shut off forever—the closest she ever came to being a lost girl herself. *The Good Parents* is a stunning portrait of familial love, delusions and compromises, and how far we can drift apart in the moments between the words we speak. Enthralling, unsettling, and riveting, this "arresting novel . . . explains the attraction of bad love for young women attempting to break free" (The Independent).

This on-the-ground study of one square mile in Detroit was written in collaboration with neighborhood residents, many of whom were involved with the famous Detroit Geographical Expedition and Institute. Fitzgerald, at its core, is dedicated to understanding global phenomena through the intensive study of a small, local place. Beginning with an 1816 encounter between the Ojibwa population and the neighborhood's first surveyor, William Bunge examines the racialized imposition of local landscapes over the course of European American settlement. Historical events are firmly situated in space—a task Bunge accomplishes through liberal use of maps and frequent references to recognizable twentieth-century landmarks. More than a work of historical geography, Fitzgerald is a political intervention. By 1967 the neighborhood was mostly African American; Black Power was ascendant; and Detroit would experience a major riot. Immersed in the daily life of the area, Bunge encouraged residents to tell their stories and to think about local politics in spatial terms. His desire to undertake a different sort of geography led him to create a work that was nothing like a typical work of social science. The jumble of text, maps, and images makes it a particularly urgent book—a major theoretical contribution to urban

geography that is also a startling evocation of street-level Detroit during a turbulent era. A Sarah Mills Hodge Fund Publication

Kath Weston's powerful collection of essays, *Long, Slow Burn*, challenges the preconception that queer studies is the brainchild of the humanities and argues that social science has been talking about sex all along. To deny this one would have to overlook Kinsey's pioneering sex research in the 1950s, or the psychiatrist Evelyn Hooker's pathbreaking study of homosexuality, but also in the “sex talk” that lies at the heart of classic debates on kinship, inequality, cognition, and other foundational topics in the social sciences. What is different now, Weston claims, is the way sexuality has been isolated from other contemporary issues. Not content with its ghettoization as a contained subfield, Weston refuses to draw an artificial line around sexuality.
