Kate Jones: This sexy, successful businesswoman has getting even on her mind—and a target in her sights....
Slow Hands Harlequin
Published in 1993, this brave, original novel is considered to be the finest account ever written of the complexities of a transgendered existence. Woman or man? That's the question that rages like a storm around Jess Goldberg, clouding her life and her identity. Growing up differently gendered in a blue-collar town in the 1950s, coming out as a butch in the bars and factories of the prefeminist 60s, deciding to pass as a man in order to survive when she is left without work or a community in the early 70s. This powerful, provocative and deeply moving novel sees Jess coming full circle, she learns to accept the complexities of being a transgendered person in a world demanding simple explanations: a he-she emerging whole, weathering the turbulence.

Triple Play: An Unrated! Prequel Harlequin

This title explores the connections between the origins of the English empire and unfree labour by exploring how England's imperial designs influenced contemporary politics and debates about labour, population, political economy, and overseas trade. It pays particular attention to how and why slavery and England's participation in the transatlantic slave trade came to be widely accepted as central to the national and imperial interest by contributing to the idea that colonies with slaves were essential for the functioning of the empire.

The definitive history of America's greatest incubator of innovation and the birthplace of some of the 20th century's most influential technologies "Filled with colorful characters and inspiring lessons... The Idea Factory explores one of the most critical issues of our time: What causes innovation?" —Walter Isaacson, The New York Times Book Review "Compelling... Gertner's book offers fascinating evidence for those seeking to understand how a society should best invest its research resources." —The Wall Street Journal From its beginnings in the 1920s until its demise in the 1980s, Bell Labs—officially, the research and development wing of AT&T—was the biggest, and arguably the best, laboratory for new ideas in the world. From the transistor to the laser, from digital communications to cellular telephony, it's hard to find an aspect of modern life that hasn't been touched by Bell Labs. In *The Idea Factory*, Jon Gertner traces the origins of some of the twentieth century's most important inventions and delivers a riveting and heretofore untold chapter of American history. At its heart this is a story about the life and work of a small group of brilliant and eccentric men—Mervin Kelly, Bill Shockley, Claude Shannon, John Pierce, and Bill Baker—who spent their careers at Bell Labs. Today, when the drive to invent has become a mantra, Bell Labs offers us a way to enrich our understanding of the challenges and solutions to technological innovation. Here, after all, was where the foundational ideas on the management of innovation were born.

Subject: Danny Wilkes, navy pilot. Current status: On shore rotation. Very intrigued by a sassy visiting lecturer... Mission: Enter the astronaut training program. Obstacle: Marissa Marshall, Ph.D. She's keeping Danny preoccupied with earthly delights... Danny Wilkes might have outgrown his risk-taking flyboy days, but he still loves a thrill now and then. And nobody's thrilled him lately like fiery Mari Marshall. Sex with her is a bigger turn-on than any of the air maneuvers Danny's ever pulled. He falls head over heels...hard. But Mari has bitter memories of being a military brat. She'll never enter that life again—not even for the best sex she's ever had. It's a hell of a choice. Does Danny give up his skyrocketing career? Or let go of the only woman who revs his engine into the stratosphere?

The Golden House Harlequin

Former air force pilot Max Taylor has gained something

of a reputation with the high-society ladies he shuttles around on his charter airline service. And the rumor mill has been out of control since he's become a chapter in the tell-all book written by a late congressman's widow! Looking to lie low while the courts restore his good name, Max has decided to hide out with his grandfather in the tiny town of Trouble, Pennsylvania. Sabrina Cavanaugh isn't the sultry, mysterious heiress she's pretending to be. In fact, she's a junior book editor who happens to be on a mission — to nail Max Taylor for the womanizing creep he is. Having worked hand in hand with the loose-lipped widow in writing her memoirs, there's no way Sabrina's going to let some spoiled (and hot) flyboy kill her career-making project with a lawsuit. It looks as if the love of a lifetime is on the horizon.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

CR: Slow Hands HarperCollins

A big-hearted, beautiful, and funny novel told from multiple viewpoints about neurodiversity, friendship, and community from the award-winning author of *The Truth as Told* by Mason Buttle, Leslie Connor. Eleven-year-old Aurora Petrequin's best friend has never spoken a word to her. In fact, Frenchie Livernois doesn't talk. Aurora is bouncy, loud and impulsive— "a big old blurter." Making friends has never come easily. When Frenchie, who is autistic,

silently chose Aurora as his person back in third grade, she chose him back. They make a good team, sharing their love of the natural world in coastal Maine. In the woods, Aurora and Frenchie encounter a piebald deer, a rare creature with a coat like a patchwork quilt. Whenever it appears, Aurora feels compelled to follow. At school, Aurora looks out for Frenchie, who has been her classmate until this year. One morning, Frenchie doesn't make it to his classroom. Aurora feels she's to blame. The entire town begins to search, and everyone wonders: how is it possible that nobody has seen Frenchie? At the heart of this story is the friendship between hyper-talkative Aurora and nonvocal Frenchie. Conflict arises when Aurora is better able to expand her social abilities and finds new friends. When Frenchie goes missing, Aurora must figure out how to use her voice to help find him, and lift him up when he is found. Featuring a compelling mystery and a memorable voice, this is a natural next-read after Leslie Connor's *The Truth as Told by Mason Buttle*. * Kids' Indie Next Pick * "Leslie Connor brilliantly depicts a genuine and meaningful friendship between a dynamic girl and her nonvocal friend. By showing the ways Aurora and Frenchie communicate, Connor gives us a blueprint for seeing autistic children in a new light. I loved, loved, loved this book!" —Cammie McGovern, author of *Frankie and Amelia* and *Chester and Gus*
