### **A Book in 5 Minutes: Smart People Should Build Things**

The book "Smart People Should Build Things" makes a basic argument. If year after year we send our top people to financial services, management consulting, and law schools, we'll wind up

with the pattern we're already seeing: layers of highly paid professionals working astride faltering companies and industries. But if we send them to startups, we'll get something else. Early-stage ...

Season 2, Episode 10: Smart people should build things – on recruiting and the global competition for top talent. The very nature of a high-growth startup means that the company is always growing and hiring at a rapid rate. And for African startups, in particular, the talent question is even more acute, given the general challenges of sourcing for select roles, as well as the difficulty in ...
