Springer Science & Business Media

The Criminal Law of Sierra Leone documents the substantive criminal law as it has been applied, expounded, and developed since the introduction of English Common Law, using relevant case-law authorities and illustrations. The author takes a broad approach to the study of the country's criminal law, using cases to highlight and elucidate the principles and rules developed by the courts and also to demonstrate the real world impact of judicial decisions. This study provides an analytical understanding of the country's criminal law principles and doctrines, and the opportunity to critique court decisions from their own perspectives of fairness and justice. The author begins by introducing the courts that exercise criminal jurisdiction in Sierra Leone, an analysis of the specific features of criminal law, and an exposition of its underlying principles, theories, and doctrines as a social control mechanism. He then discusses the basic elements of crime and describes how crimes are classified. Finally, he presents the defenses to criminal liability available under the law and articulates the case for major reforms of the country's criminal law.

Complete Criminal Law Oxford University Press, USA

Fully updated and revised to fit in with the new laws and structure in the Commonwealth Caribbean law and legal systems, this new edition examines the institutions, structures and processes of the law in the Commonwealth Caribbean. The author explores: - the court system and the new Caribbean Court of Justice which replaces appeals to the Privy Council - the offshore financial legal sector - Caribbean customary law and the rights of indigenous peoples - the Constitutions of Commonwealth Caribbean jurisdictions and Human Rights - the impact of the historical continuum to the region's jurisprudence including the question of reparations - the complexities of judicial precedent for Caribbean peoples - international law as a source of law - alternative dispute mechanisms and the Ombudsman Effortlessly combining discussions of traditional subjects with those on more innovative subject areas, this book is an exciting exposition of Caribbean law and legal systems for those studying comparative law.

Cases and Materials on Criminal Law Oxford University Press
Fresh, modern, and practical, Public Law provides law undergraduates with a unique approach to constitutional and administrative law, aptly demonstrating why this is an exciting time to be studying the subject. Writing in a fluid, succinct style, the authors carve a logical pathway through the key areas studied on the LLB, guiding students to a solid understanding of the fundamental principles. This theoretical grounding is then rooted in reality, with each concept applied to a hypothetical scenario (included at the start of each chapter) to set it into a practical context. While this practical element helps students to understand how the law applies and develop problem-solving skills, a trio of supportive learning features also encourages active engagement with and a critical appreciation of public law. 'Key case' boxes highlight and analyse the significant case law in each area; 'Counterpoint' boxes flag alternative viewpoints and areas of debate; and 'Pause for reflection' boxes prompt readers to consider the impact of laws, and what potential developments and reforms may lie ahead. Public Law's modern approach and unique combination of practical application and theoretically critical discussion makes it the ideal choice for students seeking to understand concepts not only in the abstract but in practice, helping them to develop the skills they need to succeed at university and beyond. Online Resources This title is supported by an online resources platform for students featuring guidance on approaching and analysing the real life scenarios in the book, a bank of multiple choice questions, legal updates, and links to useful material elsewhere on the web.

The Art and Technique of Pen Drawing Courier Corporation

Modern Land Law offers a lively and thought-provoking account of a subject that remains at the heart of our legal system.

Dispelling any apprehension about the subject's formidability from the outset, this compact textbook provides an absorbing and exact analysis of all the key legal principles relating to land.

Written with students firmly in mind, the principal features of this textbook include: • a clear introduction to every chapter which frames each topic in its wider context; • corresponding chapter summaries which help to consolidate learning and encourage reflection; • the use of tables and diagrams to aid understanding of complicated topics; • a friendly two-color text design which complements Martin Dixon's comprehensible and engaging writing; • an updated companion website which supports this textbook with a fully customizable testbank for lecturers; self-test

questions and practice exam-style questions for students as well as podcasts to keep students updated with new cases, important decisions and other newsworthy issues relating to land law. This 9th edition has been thoroughly revised and updated to take into account key developments in the law in the light of the Law Commission's recommendations on easements and covenants, as well as the increased impact of the HRA 1998 on case law. All major recent decisions and judgments will be incorporated alongside a discussion of proposals for reform and new legislation. Modern Land Law is one of the most current and reliable textbooks available on land law today.

Essays in Honour of Glanville Williams Routledge

This book examines the rapid development of the fundamental concept of a crime in international criminal law from a comparative law perspective. In this context, particular thought has been given to the catalyzing impact of the criminal law theory that has developed in major world legal systems upon the crystallization of the substantive part of international criminal law. This study offers a critical overview of international and domestic jurisprudence with regard to the construal of the concept of a crime (actus reus, mens rea, defences, modes of liability) and exposes roots of confusion in international criminal law through a comprehensive comparative analysis of substantive criminal laws in selected legal jurisdictions.

Glass Ceilings and Bottomless Pits Oxford University Press

Smith's Law of Theft has long been established as the authoritative work on the subject, and is frequently cited in the courts. Now in its ninth edition, the book provides a detailed and critical account of the law of theft and related dishonesty offences, as well as the extensive case law which has grown up around them.

Smith and Hogan's Criminal Law Cambridge University Press

Ashworth's Principles of Criminal Law, now in its ninth edition, takes a distinctive approach to the subject of criminal law, whilst still covering all of the vital topics found on criminal law courses. Uniquely theoretical, it seeks to enlighten the reader as to the underlying principles and theoretical foundations of the criminal law, critically engaging readers by contextualizing and analysing the law. This is essential reading for students seeking a sophisticated and critically engaging exploration of the subject. Online Resources The text is accompanied by online resources housing a full bibliography as well as a selection of useful web links.

Core Concepts in Criminal Law and Criminal Justice Pearson Higher Ed

Smith, Hogan, & Ormerod's Text, Cases, & Materials on Criminal Law is a thorough and accessible guide to criminal law, combining extracts from key cases and statutes, together with invaluable extracts from expert reports and articles. Ormerod and Laird expertly guide the reader through the various facets of the law while posing numerous questions for further investigation and reflection. The contents of the twelfth edition have been substantially revised and restructured to closely match the structure of contemporary courses. This new edition includes significantly more explanatory text and third-party critical commentary, ensuring that the book is suitable for use as a core textbook. This book provides the law student with everything they need to develop a thorough understanding of this fascinating subject. Online Resource Centre www.oxfordtextbooks.co.uk/orc/sho/ This book is accompanied by a selection of online resources, including detailed annual updates, useful web links, and outline answer guidance to selected in-text questions.

Simister and Sullivan's Criminal Law Oxford University Press, USA

Includes bibliographical references index.

Criminal Law: Text, Cases, and Materials Macmillan Distribution

A comparative and collaborative study of the foundational principles and concepts that underpin different domestic systems of criminal law.

Landmark Cases in Criminal Law Oxford University Press

This new edition has been made more digestible by dividing some of

the longer chapters. It has been fully revised and takes account of recent very important case law, particularly the decisions of the House of Lords in B (a minor)/I and K (strict liability), Morgan Smith/I (provocation) and Hinks/I (theft). It includes statutory changes, particularly those made by the Sexual Offences (Amendment) Act 2000 and the - so far slight - impact of the Human Rights Act 1998 on the substantive criminal law. A new short account of money-laundering offences is included.

Criminal Law OUP Oxford

If you could change one part of the criminal law, what would it be? The editors put this question to nine leading academics and practitioners. The first nine chapters of the collection present their responses in the form of legal reform proposals, with topics ranging across criminal law, criminal justice and evidence – including confiscation, control orders, criminal attempts, homicide, assisted dying, the special status of children, time restrictions on prosecution, the right to silence, and special measures in court. Each chapter is followed by a comment from a different author, providing an additional expert view on each reform proposal. Finally, the last two chapters broaden the debate to discuss criminal law reform in general, examining various reform bodies and mechanisms across England, Wales and Scotland. Criminal Law Reform Now highlights and explores the current reform debates that matter most to legal experts, with each chapter making a case for positive change.

Criminal Law Macmillan International Higher Education

Smith, Hogan, and Ormerod's Essentials of Criminal Law provides an ideal gateway into the dynamic world of criminal law. Focused, expert coverage, a hallmark of the Smith, Hogan, and Ormerod books, is supported by a wealth of student-friendly learning features that enhance learning in this ideal introduction for first time students. Dr John Child and Professor David Ormerod QC expertly guide new undergraduate readers through the subject, addressing all the key topics on the LLB. Complex issues are demystified and explained, offering a clear understanding of offences, defences and principles that underlie them. Particular attention is paid to student assessment, with end of chapter sections offering advice on how to approach essay and problem questions. Short learning and assessment tips are provided throughout the chapters. Online Resources A range of online resources are provided to further a student's understanding, including video tutorials from the authors and students, examination questions with answer guidance from the authors, multiple choice questions, chapter summaries, and further reading.

An array of carefully selected case report and academic article extracts combined with author commentary to provide a thorough and engaging assessment of criminal law provisions.

Smith and Hogan Criminal Law Bloomsbury Publishing

Criminal cases raise difficult normative and legal questions, and are often a consequence of compelling human drama. In this collection, expert authors place leading cases in criminal law in their historical and legal contexts, highlighting their significance both in the past and for the present. The cases in this volume range from the fifteenth to the twenty-first century. Many of

them are well known to modern criminal lawyers and students; others are overlooked landmarks that deserve reconsideration. The essays, often based on extensive and original archival research, range over a wide spectrum of criminal law, covering procedure and doctrine, statute and common law, individual offences and general principles. Together, the essays explore common themes, including the scope of criminal law and criminalisation, the role of the jury, and the causes of change in criminal law.
