This fascinating book provides a detailed history of one of the most famous, and controversial, firearms manufacturers, and its products. Smith & Wesson, founded in 1852 by two men, Horace Smith and Daniel B. Wesson who shared a dream of developing a new type of firearm. Their ideas moved firearms manufacturing out of the muzzle-loading era that had dominated the industry since the invention of the hand cannon in the 14th century. Complete with more than 200 full-colour photographs, this stunning book describes the range of Smith & Wesson firearms in detail, and features cutaway drawings to show the mechanisms, along with detailed technical evaluations.
