CPOG is intended for Obstetricians and Gynecologists both in practice and training. It is would be highly useful book for those taking their board exams and also for MRCOG candidates.

Large Print Word Search Spark Notes These are not mere dreams and visions: these are a calling. Six people. Five mind-numbing visions. Four ancient and mysterious artifacts. Two exotic locations. And one greedy man who will

stop at nothing, not even murder, to achieve his goal. Rev. Adam Bridger and his wife, Dr. Rachel Tremaine are once again in the center of an adventure not of their making. And joining them are four total strangers who, along with Rachel, have seen visions that most mortals can't imagine. They have been called on a mission that will forever change the world--if they survive.

Through My Eyes Andrews McMeel Pub Created and edited by Justin Kestler and Ben Florman, SparkNotes Literature Guides provide analysis of (currently) 175 classic works of English and foreign language literature - novels, biographies, plays and poetry - that most commonly appear on examination syllabuses. These books provide the insights that today's students need to know.

Studies in Religion, Politics, and Culture
Mallard Fillmore lampoons everything from political correctness to Phil, Oprah, and Geraldo to our government's insatiable appetite for spending our money. His marvelous supporting cast includes wickedly wonderful caricatures of everyone who's anyone, from Hollywood to D.C. to Arkansas.
Junior Theory Level 1 Naval Institute Press From the flapper to The Feminine Mystique, a cultural history of single women in the city through the reclaimed life of glamorous guru Marjorie Hillis. You 've met the extra woman: she 's sophisticated, she lives comfortably alone, she pursues her passions unabashedly, and—contrary to society 's suspicions—she really is happy. Despite multiple waves of feminist revolution, today 's

single woman is still mired in judgment or, worse, pity. But for a brief, exclamatory period in the late 1930s, she was all the rage. A delicious cocktail of cultural history and literary biography, *The Extra Woman* transports us to the turbulent and transformative years between suffrage and the sixties, when, thanks to the glamorous grit of one Marjorie Hillis, single women boldly claimed and enjoyed their independence. Marjorie Hillis, pragmatic daughter of a Brooklyn preacher, was poised for reinvention when she moved to the big city to start a life of her own. Gone were the days of the flirty flapper; ladies of Depression-era New York embraced a new icon: the independent working woman. Hillis was already a success at *Vogue* when she published a radical self-help book in 1936: *Live Alone and Like It: A Guide for the Extra Woman*. With Dorothy Parker – esque wit, she urged spinsters, divorcees, and “old maids” to shed derogatory labels and take control of their lives, and her philosophy became a phenomenon. From the importance of a peignoir to the joy of breakfast in bed (alone), Hillis’ tips made single life desirable and chic. In a style as irresistible as Hillis’ own, Joanna Scutts, a leading cultural critic, explores the revolutionary years following the Live-Alone movement, when the status of these “brazen ladies” peaked

and then collapsed. Other innovative lifestyle gurus set similar trends that celebrated guiltless female independence and pleasure: Dorothy Draper’s interior design smash, *Decorating Is Fun!* transformed apartments; Irma Rombauer’s warm and welcoming recipe book, *The Joy of Cooking*, reassured the nervous home chef that she, too, was capable of decadent culinary feats. By painting the wider picture, Scutts reveals just how influential Hillis’ career was, spanning decades and numerous best sellers. As she refashioned her message with every life experience, Hillis proved that guts, grace, and perseverance would always be in vogue. With this vibrant examination of a remarkable life and profound feminist philosophy, Joanna Scutts at last reclaims Marjorie Hillis as the original queen of a maligned sisterhood. Channeling Hillis’ charm, *The Extra Woman* is both a brilliant exposé of women who forged their independent paths before the domestic backlash of the 1950s trapped them behind picket fences, and an illuminating excursion into the joys of fashion, mixology, decorating, and other manifestations of shameless self-love. The New Reagan Revolution Omair Nazir *Atlas at War!* collects fifty hard-hitting stories from Atlas Comics, the company that

became Marvel Comics and published more war titles than anyone in the industry between the years 1951 and 1960. Comics historian Dr. Michael J. Vassallo has chosen the best of the best, many of which are coming back into print for the first time, from sixteen different Atlas war titles and featuring the artwork of twenty different artists--giants of the genre, including Russ Heath, John Severin, Bernie Krigstein, Joe Maneely, Jerry Robinson, Steve Ditko, and Jack Kirby. Each page has been meticulously restored from its first printing by comic art restorer Allan Harvey. *Atlas at War!* covers the brutal pre-code period where graphic depictions of war action were rendered by artists who were World War II veterans themselves, as well as the post-code period, where code restrictions forced creators to tell stories without graphic violence but produced some of the most beautiful comic art of the genre. In addition to the artists, stories cover all aspects of war--from famous campaigns, weaponry, and personal soldier stories to political topics, Nazi atrocities, and even one story tinged with pre-code horror! Often overlooked in favor of its competitors, *Atlas at War!* will finally show that Atlas' war titles were second to no one. *Atlas at War* Junior Theory Level 1 - a foundational music theory book specifically designed for children aged 4-7.

The Extra Woman

In this work, leading contemporary philosophers discuss key facets of the human person from a variety of perspectives in Christian thought. An excellent source for scholars, this book is also ideal for courses in philosophy, theology, and psychology.

Mallard Fillmore--

"There are cynics who say that a party platform is something that no one bothers to read and it doesn't very often amount to much. Whether it is different this time than it has ever been before, I believe the Republican Party has a platform that is a banner of bold, unmistakable colors, with no pastel

shades." — Ronald Reagan, 1976 Republican National Convention
When Ronald Reagan was called to the podium by President Ford during the 1976 Republican National Convention, he had no prepared remarks. But the unrehearsed speech he gave that night is still regarded as one of the most moving speeches of his political career. The reason he was able to give such a powerful speech on a moment's notice was that he was proclaiming the core principles of his heart and soul, which he had been teaching and preaching for years. The New Reagan Revolution reveals new insights into the life, thoughts, and actions of the man who changed the world during the 1980s. The challenges and threats we face today are eerily similar to the conditions in the world before the beginning of the Reagan era. The good news is that we already know what works. Ronald Reagan has given us the blueprint. This book is not merely a diagnosis of our nation's ills, but a prescription to heal our nation, rooted in the words and principles of Ronald Reagan. In these pages, you'll find a plan for returning America to its former greatness, soundness, and prosperity. It's the plan Ronald Reagan developed over years of study, observation, and reflection. It's a plan he announced to the nation, straight from his heart, one summer evening during America's 200th year. It's the plan he put into action during his eight years in office as the most effective president of the 20th century, and it is the plan we can use today to help return America to its former greatness, soundness, and prosperity.
