Editor Joseph P. Byrne, together with an advisory board of specialists and over 100 scholars, research scientists, and medical practitioners from 13 countries, has produced a uniquely interdisciplinary treatment of the ways in which diseases pestilence, and plagues have affected human life. From the Athenian flu pandemic to the Black Death to AIDS, this extensive two-volume set offers a sociocultural, historical, and medical look at infectious diseases and their place in human history from Neolithic times to the present. Nearly 300 entries cover individual diseases (such as HIV /AIDS, malaria, Ebola, and SARS); major epidemics (such as the Black Death, 16th-century syphilis, cholera in the nineteenth century, and the Spanish Flu of 1918-19); environmental factors (such as ecology, travel, poverty, wealth, slavery, and war); and historical and cultural effects of disease (such as the relationship of Romanticism to Tuberculosis, the closing of London theaters during plague epidemics, and the effect of venereal disease on social reform). Primary source sidebars, over 70 illustrations, a glossary, and an extensive print and nonprint bibliography round out the work.

Twelve-year-old Rosie Goldglitt is a never-been-kissed, hopeless romantic. Her mother has a new boyfriend. So why can't Rosie attract the attentions of the cutest boy in the seventh grade, Robbie Romano? Is it because she's two inches taller than he is? Is it her horrible name? Or is she simply a dork? If only she could be more like her rival, the perfect and popular Mary Katz, then maybe Robbie would notice her. As Rosie navigates the ups and downs of adolescence, she eagerly anticipates the experience of a first kiss - when she's not completely grossed out at the thought of it. But by the time the big dance rolls around, Rosie manages to surprise herself, in more ways than one. This perceptive and funny story captures the bittersweetness and euphoria of growing up, the messiness of having a crush, and how sometimes the most unexpected things in life are the most enjoyable.
