Sociology Wadsworth Publishing Company

A complete set of tools for analyzing any social problem.

Down to Earth Sociology: 14th Edition WCB/McGraw-Hill

"Featuring eighty-two seminal writings, Social Theory helps students draw connections across different schools of thought. Each reading is enhanced by a concise, thought-provoking introduction that highlights its key points and frames it in a larger context. These introductions serve as a useful 'road map' for students as they travel through the diverse views and continuing debates that make the study of social theory an exciting adventure. The introductions also explain core issues and relationships among the topics covered.

American Society Prentice Hall

Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhoft Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonalidization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond (Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

The twelfth edition's new readings include selections on the unspoken rules of social interaction, the shocking disparities between upper- and lower-class life, America's changing attitudes toward work and family and the roles they fulfill, and the "McDonalidization" of American society. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in Down to Earth Sociology highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, sports, and religion, to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

DOWN TO EARTH SOCIOLOGY. SAGE Publications

"This is an undergraduate level reader for students taking courses in social problems"--

Understanding Social Problems W. W. Norton

"A sociological understanding of social problems. "" "Social Problems: A Down to Earth Approach, "11/e is a theoretically balanced text that provides the latest research and a consistent structure to help students analyze critical social problems facing the United States." "The author presents both sides of an argument with a neutral voice and uses a "down-to-earth" writing style. By using this text, not only do students gain a sociological understanding of social problems, but also they are able to explore and evaluate their own opinions about specific social problems. They will gain a greater awareness of the social forces that shape their orientations to social problems and their perspectives on social life. The ideas in this book penetrate students' thinking and help give shape to their

views of the world. MySocLab for "Social Problems "features an engaging student experience including an interactive eText, the New Core Concepts Video Series, the New Social Explorer. Teaching & Learning Experience "Personalize Learning" - "MySocLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. "Improve Critical Thinking"" - Thinking Critically About the Chapter - At the end of each chapter are several questions designed to help students evaluate what they have read. These questions also lend themselves well for stimulating class discussions. "Engage Students"" -Opening Vignette - Intended to arouse student interest in the social problem and to stimulate the desire to read more, this brief opening story presents essential elements of the social problem. "Explore Research"" -Spotlight on Research boxes - Major researchers in social problems share an insider's perspective of how they became interested in a social problem and how they did their research "Explore Theory" - The three basic theories - Symbolic interaction theory, functional theory, and conflict theory-- are introduced early in the text; giving students the opportunity t immediately grasp the differences of these theories. "Support Instructors"" - MySocLab, Instructor's eText, Instructor's Manual, Test Item File, Electronic "MyTest" Test Bank, PowerPoint Presentation Slides, and Pearson Custom course material are available. Note MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com or you can purchase a ValuePack of the text + NEW MySocLab (at no additional cost): ValuePack ISBN-10: 0205965121 / ValuePack ISBN-13: 9780205965120. [Sociology Unlocked](#) Oxford University Press, USA

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value -- this format costs significantly less than a new textbook Families and Their Social Worlds 3/e, leads students to view the family on a macro level by examining policies in place and how those policies impact families. Author Karen Secombe encourages students to think about families beyond their own personal experiences, and even beyond family structure in the United States. Integrated coverage of important policy considerations throughout each chapter illustrates what is currently being done, and perhaps more importantly what can be done, to strengthen families and intimate relationships.

Social Problems Simon and Schuster

Classical and Contemporary Sociological Theory: Text and Readings provides students with the best of both worlds--carefully-edited excerpts from the original works of sociology s key thinkers accompanied by an analytical framework that discusses the lives, ideas, and historical circumstances of each theorist. This unique format enables students to examine, compare, and contrast each theorist ' s major themes and concepts.

Intro to Sociology 4th Cengage Learning

Social Problems in a Diverse Society provides students and instructors with a text that covers all the major social concerns we must deal with today. It focuses on the significance of racialization and ethnicity, age, sexual orientation, class, ability, and gender in understanding social problems in Canada and around the globe.

Throughout the text, people--especially those from marginalized groups--are shown not merely as "victims" of social problems, but also as individual actors with agency who resist discrimination and inequality and seek to bring about change in families, schools, workplaces, and the larger society.

Sociology Simon and Schuster

Social Problems: An Introduction to Critical Constructionism, Fifth Edition, synthesizes conflict theory and social constructionism to help students think critically about social problems. A concise, student-friendly alternative to all-encompassing standard textbooks, this book examines a single theoretical paradigm in depth, demonstrating how theory can be used to understand a range of critical social issues.

[Seeing Social Problems](#) Allyn & Bacon

This thoroughly revised edition of Mooney, Knox, and Schacht's text uses a theoretically balanced, student-centered approach to provide a comprehensive exploration of social problems. UNDERSTANDING SOCIAL PROBLEMS, Tenth Edition, progresses from a micro to macro level of analysis, focusing first on problems related to health care, drugs and alcohols, families, and crime, and then broadening to the larger issues of poverty and inequality, population growth, aging, environmental problems, and conflict around the world. The social problem in each chapter is framed in a global as well as a U.S. context. In addition, the three major theoretical perspectives are applied to the problem under discussion, and its consequences -- as well as alternative solutions -- are explored. Pedagogical features such as The Human Side and Self and Society enable students to grasp how social problems affect the lives of individuals and apply their understanding of social problems to their own lives. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Social Problems in a Diverse Society SAGE Publications
Authentic. Applied. Accessible for all. Your key to unlocking sociology. This brief and economical reader, edited by Jim Henslin, is specifically

designed to be used as a companion to Sociology: A Down-to-Earth Approach, Seventh Edition.

[Focus on Social Problems](#) Allyn & Bacon

"Our students already live sociologically. They are drawn to topics of urgent sociological concern--race, class, gender, family, popular culture, health, and crime--by a need to understand the forces that shape their world, as well as a desire to change that world for the better. Yet they do not always find it easy to connect sociological concepts with real-world applications. Helping students make that connection is what we have sought to do with Living Sociologically: Concepts and Connections, Concise Edition. The task was made more urgent by the extraordinary events of 2020, which unfolded as we created the Concise version. Alongside our students - metaphorically, as we all became remote teachers and learners - we witnessed and sought to make sense of the protests and uprisings after the murder of George Floyd; the economic devastation and medical challenges of COVID-19; and the fear, misinformation, and rage leading up to (and falling out from) the presidential election. Sociology gives us both structure and vocabulary to analyze these events - and search together for not just meaning but resolution. Students naturally want to know how the study of sociology can inform their career and professional choices. Throughout this textbook, we illustrate not only the ways in which sociologists live their profession, but also the rich and surprising ways in which sociological theories inform parenting and romantic relationships, political commitments, economic decisions, cultural expressions, and religious beliefs. Living sociologically is not only interesting--it's useful. Sociology provides not only big ideas to understand social life but also concrete tools for acting in the world with purpose and meaning. Sociology helps connect the individual level with the system level, revealing a layer of reality that is not always immediately obvious. We wrote Living Sociologically because we wanted a teaching resource that was grounded in the sociological tradition but also offered a more contemporary and practical approach to the discipline. By the end of the Introduction to Sociology course, our hope is that students will be critical rather than cynical, empirically committed rather than scientifically or politically dogmatic, and attuned to social relationships as well as individual stories"-- Social Theory Pearson

Imagining Sociology introduces students to the concept of the sociological imagination and provides them with the foundational concepts and theories that will help them use this lens to understand the social world. Organized around the themes of social inequality, social institutions, and social change, the text introduces the key ideas of sociology in a student-friendly, easy-to-understand way. Each chapter contains two primary-source readings, by either classical theorists or contemporary researchers, carefully integrated into the text, and critical reading questions encourage students to make connections between the readings and the key ideas in the chapter. Activity boxes in each chapter provide ideas for thought-provoking class activities that will capture students' interest (all class-tested by the author), while highlight boxes offer deeper analysis of important contemporary social issues, such as gender and racial inequality or the effects of the COVID-19 pandemic.

Social Problems SAGE Publications

Trained at UCLA and at NYU respectively, Laura Desfor Edles and Scott Appelrouth were frustrated by their inability to find a sociological theory text that could inspire enthusiasm in undergraduate students while providing them with analytical tools for understanding theory and exposing them to original writings from pivotal theorists. They developed this widely used text/reader to fill that need. Sociological Theory in the Classical Era introduces students to original major writings from sociology's key classical theorists. It also provides a thorough framework for understanding these challenging readings. For each theorist, the authors give a biographical sketch, discuss intellectual influences and core ideas, and offer contemporary examples and applications of those ideas. Introductions to every reading provide additional background on their structure and significance. This book also makes frequent use of photos, diagrams, tables, and charts to help illustrate important concepts.

Sociological Footprints W. W. Norton

Empower your students to become part of the solution. With a clear and upbeat voice, author Anna Leon-Guerrero ' s thought-provoking overview of social problems challenges readers to understand and recognize social problems in their communities and inspires them to become part of the solution. The Fifth Edition of Social Problems: Community, Policy, and Social Action goes beyond the typical presentation of contemporary social problems and their consequences by emphasizing the importance and effectiveness of community involvement to achieve real solutions. With an overarching focus on social inequalities and policy, this proven text provides a platform for discussion that encourages critical thinking and inspires hope. " The extra emphasis on social action and movements is a real strength... I like that the three major perspectives are used in each chapter as I feel many texts just put that in the first chapter and then forget about it. " --Todd Michael Callais, University of Cincinnati-Blue Ash [Social Problems in a Diverse Society](#) Oxford University Press, USA

The definitive critical introduction to American society.

Social Problems and the Quality of Life Ingram
For thirty-five years and through thirteen editions, Jim Henslin's Down to Earth Sociology has opened new windows onto the social realities that shape our world. Now in its fourteenth

edition, the most popular anthology in sociology includes new articles on our changing world while also retaining its classic must-read essays. Focusing on social interaction in everyday life, the forty-six selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The fourteenth edition's exceptional new readings include selections on the role of sympathy in everyday life, mistaken perceptions of the American family, the effects of a criminal record on getting a job, and the major social trends affecting our future. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in *Down to Earth Sociology* highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, and religion to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.
