Some studies focused on how attitudes are formed, changed by the social context and measured to ascertain whether change has occurred. Amongst some of the most famous work in social psychology is that on obedience conducted by Milgram in his “electric shock” study, which looked at the role an authority figure plays in shaping behavior. Similarly, Zimbardo’s prison simulation notably ...

:SOCIAL PSYCHOLOGY

As always, the eighth edition of Social Psychology provides balanced coverage of the latest findings in the field with classic studies in social psychology. Noting that some older studies deserve their status as cornerstones of the discipline, the authors encourage students to experience the continuity and depth of the field by examining its past, present, and future.
