Comprehension During Guided, Shared, and Independent Reading, Grades K - 6 Carson-Dellosa Publishing

Teaching children how to manage their thoughts and words without interrupting. Louis always interrupts! All of his thoughts are very important to him, and when he has something to say, his words rumble and grumble in his tummy, they wiggle and jiggle on his tongue and then they push on his teeth, right before he ERUPTS (or interrupts). His mouth is a volcano! But when others begin to interrupt Louis, he learns how to respectfully wait for his turn to talk. My Mouth Is A Volcano takes an empathetic approach to the habit of interrupting and teaches children a witty technique to help them manage their rambunctious thoughts and words. Told from Louis' perspective, this story provides parents, teachers, and counselors with an entertaining way to teach children the value of respecting others by listening and waiting for their turn to speak.

"This book offers a unique interpretation of traditional workshop instruction by showing teachers how to integrate their separate reading and writing workshops into one 'literacy workshop' (periodically and as dictated by student needs) that takes advantage of the inherent reciprocity between reading and writing. Through narrative discussion, student samples, photographs, instructional resources, online content, suggested lessons and various mentor texts, the book explains the structure of the literacy workshop, tells readers how to get started with it, and shows them how to decide when it's best to merge the two workshops into one. The book is divided into two parts. Part I (Chapters 1-4) lays the foundation and gives the nuts and bolts of literacy workshop. Part II (Chapters 5-9) includes engagement/strategy/topic focused demonstration lessons - which includes a primary and an intermediate level example lesson for each Big Idea"--
