## **Sociology** Pearson

The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm. Texts that are organized the way the discipline structures itself intellectually no longer connect with the majority of student learners. This is not an issue of pandering to students or otherwise seeking the lowest common denominator. On the contrary, it is a question of again making the practice of sociological thinking meaningful, rigorous, and relevant to today's world of undergraduates. This comparatively concise, highly visual, and affordable book offers a refreshingly new way forward to reach students, using one of the most powerful tools in a sociologist's teaching arsenal—the familiar stuff in students' everyday lives throughout the world: the jeans they wear to class, the coffee they drink each morning, or the phones their professors tell

them to put away during lectures. A focus on consumer culture, seeing the strange in the familiar, is not only interesting for students; it is also (the authors suggest) pedagogically superior to more traditional approaches. By engaging students through their stuff, this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking. It moves beyond describing what sociology is, so that students can practice what sociological thinking can do. This pedagogy also posits a relationship between teacher and learner that is bi-directional. Many students feel a sense of authority in various areas of consumer culture, and they often enjoy sharing their knowledge with fellow students and with their instructor. Opening up the sociology classroom to discussion of these topics validates students' expertise on their own life-worlds. Teachers, in turn, gain insight from the goods, services, and

---

cultural expectations that shape students' lives. While innovative, the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core sociological foundations in a single semester. A map on pages ii–iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained. Theory, method, and active learning exercises in every chapter constantly encourage the sociological imagination as well as the "doing" of sociology.

Service Sociology and Academic  
Engagement in Social Problems  
Anchor

A notable contribution to our understanding of ourselves. This book explores the realm of human behavior in social situations and the way that we

appear to others. Dr. Goffman uses the metaphor of theatrical performance as a framework. Each person in everyday social intercourse presents himself and his activity to others, attempts to guide and control the impressions they form of him, and employs certain techniques in order to sustain his performance, just as an actor presents a character to an audience. The discussions of these social techniques offered here are based upon detailed research and observation of social customs in many regions.

**Sociology Open Road Media**  
Henslin's best-selling brief paperback text

---

shares the excitement of sociology its acclaimed "down-to-earth" approach and personal writing style highlight the sociology of everyday life and its relevance to students' lives. This text is a brief version of the highly regarded hardcover introductory text, *Sociology: A Down-to-Earth Approach*, 6/e. The essential 15 chapters cover all of the topics in the 22-chapter text, and retain the dual emphases on micro and macro (individual and structural) sociology. James Henslin has a unique ability to engage students without talking down to them or sacrificing content. With wit, personal reflection, and illuminating examples, he shares with readers a passion for sociology unmatched by any other introductory text.

*Essentials of Sociology* Allyn & Bacon

This guide helps students review and reflect on the material presented in *Sociology*,

*Eleventh Edition*. Each of the twenty-four chapters in the Study Guide provides an overview of the corresponding chapter in the student text, summarizes its major topics and concepts, offers applied exercises, and features end-of-chapter tests with solutions.

*Essentials of Sociology* Simon and Schuster

"Throughout this text, the goal is to share with your students how fascinating and enlightening sociology is. Because sociology is about social life and we live in a changing global society, this 15th edition of *Sociology: A Down-to-Earth Approach* continues to reflect the national and global changes that engulf us, as well as presents new

---

sociological research. The down-to-earth examples, for which this text is known, will help your students see how sociology applies to them. So will the photos, about 555 of them, of which 228 are new. The photos are neither random nor "fillers." I have either selected or taken each of these photos, as well as written each caption. By tying the photos and their captions directly into the text, they become part of your students' learning experience"--

The Sociological Imagination Routledge  
"Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core

concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface."--Website of text.

A brief version of the introductory text Sociology: A Down-to-Earth Approach. The 15 chapters presented

---

here retain the dual emphases on micro and macro (individual and structural) sociology, as well as the focus upon culture and everyday life.

Introduction to Sociology Allyn & Bacon

The twelfth edition's new readings include selections on the unspoken rules of social interaction, the shocking disparities between upper- and lower-class life, America's changing attitudes toward work and family and the roles they fulfill, and the "McDonaldization" of American society. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne,

Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in *Down to Earth Sociology* highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, sports, and religion, to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

*Down to Earth Sociology: 14th Edition*  
Pearson Higher Education AU

A watershed event in the field of sociology, this text introduced "a major breakthrough in the sociology of knowledge and sociological theory

---

generally ” (George Simpson, *American Sociological Review*). In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

Sociology Taylor & Francis

by Lori Ann Fowler, Tarrant County College The Study Guide Plus includes study strategies, a glossary of words

to know, chapter summaries, learning objectives, key terms and people, and student projects. Practice tests with 80 questions per chapter in multiple-choice, true-false, short answer, matching, and essay formats help students prepare for quizzes and exams. An answer key is provided for all questions.

#### Classic Readings in Sociology SAGE

The most popular book of readings for the Introductory Sociology college market is brought up to date with this fourteenth edition, which includes 30 percent new articles addressing current issues of contemporary sociology. With more than 225,000 copies of previous editions sold,

this widely used reader, which supplements traditional sociology texts, has been revised to include stimulating new material for the introductory course as well as classic articles that all sociology students should have. As in the former editions, the focus here is on participant observation—giving students a sense of “being there” as some of the field’s top practitioners conduct and report on their investigations. Articles examine diverse topics, ranging from the sociology of gender, power, politics, sports, religion, and wealth to the contemporary crises of violent crime, poverty, internet dating, and cosmetic surgery. In addition, a convenient chart correlates each article in Down to Earth Sociology to related chapters in each of the thirty-eight most widely used introductory textbooks.

#### The Presentation of Self in

---

## Everyday Life Allyn & Bacon

Adapted from Henslin's best-selling comprehensive text, *Core Concepts* provides in-depth coverage of ten high-priority topics that are the foundation of many introductory sociology courses. This unique paperback offers a concise and economical format without sacrificing depth of coverage.

Unlike a brief or essentials text, the ten chapters that make up *Core Concepts* are not edited down from a longer book. Instead, they provide full coverage of those topics that instructors emphasize the most in a one-semester or one-term introductory sociology course. And

like Henslin's other texts, it features the author's familiar down-to-earth approach and personal writing style that highlight the sociology of everyday life. With wit, personal reflection, and illuminating examples, Henslin shares with readers a passion for sociology unmatched by any other introductory text.

## The Social Construction of Reality Simon and Schuster

the conversation with one of sociology ' s best-known thinkers. In the fully updated Fourth Edition of *Essentials to Sociology*, bestselling author George Ritzer shows students the relevance of sociology to their lives. Adapted from Ritzer ' s *Introduction to Sociology*, this text provides students with a rock-solid foundation in a shorter and more streamlined format. Students will learn about traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the "McDonaldization" of society. Packed with current examples and the latest research of how "public" sociologists

are engaging with the critical issues of today, this new edition encourages students to apply a sociological perspective to their worldview—empowering them to participate in a global conversation about current social problems. Digital Option / Courseware SAGE Vantage is an intuitive digital platform that delivers this text ' s content and course materials in a learning experience that offers auto-graded assignments and interactive multimedia tools, all carefully designed to ignite student engagement and drive critical thinking. Built with you and your students in mind, it offers simple course set-up and enables students to better prepare for class. Assignable Video with

You can still access all of the same online resources for this title via the password-protected Instructor Resource Site. SAGE Lecture Spark Designed to save you time and ignite student engagement, these free weekly lecture launchers focus on current event topics tied to key concepts in Sociology.

Introducing Sociology Wadsworth Publishing Company  
Introduction to Sociology 3e aligns to the topics and objectives of many introductory sociology courses. It is arranged in a manner that provides foundational sociological theories and contexts, then progresses through various aspects of human and societal interactions. The new edition is focused on driving meaningful and memorable learning experiences related to critical thinking about society and culture. The text includes comprehensive coverage of core concepts, discussions and data relevant to a diverse audience, and features that draw learners into the discipline in powerful and personal ways. Overall, Introduction to Sociology 3e aims to center the course and discipline as crucial elements for understanding

---

relationships, society, and civic engagement; the authors seek to lay the foundation for students to apply what they learn throughout their lives and careers.

### Sociology Free Press

James Henslin has always been able to share the excitement of sociology, with his acclaimed "down-to-earth" approach and personal writing style that highlight the sociology of everyday life and its relevance to students' lives. Adapted for students studying within Australia, this text, now in a second edition, has been made even more relevant and engaging to students. With wit, personal reflection, and illuminating examples, the local author team share their passion for sociology, promote sociology to students and entice them to delve deeper into this exciting science. Six central themes run throughout this text: down-to-earth

sociology, globalisation, cultural diversity, critical thinking, the new technology, and the growing influence of the mass media on our lives. These themes are especially useful for introducing the controversial topics that make studying sociology such a lively, exciting activity.
