and class oppression people and punctured are joined at the hip" (Robin D. G. Kelley, author of *Freedom Dreams*). The eruption of mass protests in the wake of the police murders of Michael Brown in Ferguson, Missouri, and Eric Garner in New York City have challenged the impunity with which officers of the law carry out violence against black

Rooted in a period of vigorous exploration and colonialism, The Island Race: Englishness, empire and gender in the eighteenth century is an innovative study of the issues of nation, gender and identity. Wilson bases her analysis on a wide range of case studies drawn both from Britain and across the Atlantic and Pacific worlds. Creating a colourful and original colonial landscape, she considers topics such as: * sodomy * theatre * masculinity * the symbolism of Britannia * the role of women in war. Wilson shows the far-

reaching implications that colonial power and expansion had upon the English people's sense of self, and argues that the vaunted singularity of English culture was in fact constituted by the bodies, practices and exchanges of peoples across the globe. Theoretically rigorous and highly readable, *The Island Race* will become a seminal text for understanding the pressing issues that it confronts. *The General Evening Post* US Army Combined Arms Center

Joris-Karl Huysmans' shocking novel of an innocent's descent into a world of depraved, blasphemous rituals. Durtal, a shy, censorious man, is writing a biography of Gilles de Rais, the monstrous fifteenth-century child-murderer thought to be the original for 'Bluebeard'. Bored and disgusted by the vulgarity of everyday life, Durtal seeks spiritual solace by immersing himself in another age. But when he starts asking questions

about Gilles's involvement in satanic rituals and is introduced to the exquisitely evil madame Chantelouve, he is soon drawn into a twilight world of black magic and erotic devilry in fin-de- siècle Paris. Published in 1891, *The Damned* cemented Huysmans's reputation as a writer at the forefront of the avant-garde and as one of the most challenging and innovative figures in European literature. Purg I: Fallen Angel by Nicholas Black A serial killer is roaming the streets of Los Angeles. The police can't catch him; the FBI can't understand him; and nobody-including the 'voices'-can stop him. In another part of the panicked city, a young mother struggles to keep her small family together. The problem is that forces, which humans can barely comprehend, are carrying out orders that have been

sent down from another plane of existence. There, the life and death of a young child is just another violent step in the cascade of events leading to the End of Days. Caught in the middle is a fallen Guardian Angel, one of many, condemned to carry out the service of God in the darkest city . . . Purgatory. It is the place where all Souls wait, determining their final choice. They may choose the Grace of God, or they may cross the Torn Valley and enter the city of Hades-a bright place of sin and

pleasure . . . and of Lucifer. *Purg II* Applause Theatre & Cinema

A fascinating mix of autobiographical episodes and extraordinary Egyptian theology, Burroughs's final novel is poignant and melancholic. Blending war films and pornography, and referencing Kafka and Mailer, *The Western Lands* confirms his status as one of America's greatest writers. The final novel of the trilogy containing *Cities of the Red Night* and *The Place of Dead Roads*, this is a profound meditation on

morality, loneliness, life and death.

See Jack Die (Part I in the series) Jack Pagan might as well be 4½ months old. He awoke in a hospital after suffering a head injury that left him dead for over 67 minutes. All of his long-term memories were destroyed. Now he has to start his life again. But his accidental flirt with death left him a special gift. In those few minutes as he fades off to sleep each night, and in those early hours of the morning as he numbly awakens . . . he sees them. At first, the shadows would just stretch into strange shapes and

forms. Jack thought that he was hallucinating. That his medication was playing with his vision. Then the strange shadows began to walk around, moving freely. Jack chalked it up to a brain tumor. Some disease in his cerebral cortex. Schizophrenia, even. Something he could live with. Run, Jack, run. Now these creatures are not only haunting his nights, but his days. And they have a tendency to show themselves around people who are about to die. Seeking help he turns to a psychic who gives him a very special book. A book that he was destined to find. Jack learns that the only way he will ever know about

who he was, is to face his worst fears, and die . . . again. In a series of incredible twists and turns, Jack finds out that the worlds of the living and of the dead are much closer than any of us can possibly imagine. And monsters . . . are real.

In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates

to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and

radical democratic theory. *Love in the Time of Cholera (Illustrated Edition)* Nicholas Black The idea behind 10-Second Feelings was to mimic a philosophy that has resonated through warriors, philosophers, deep thinkers and athletes for literally hundreds of years. A MILESTONE IN GAY
FICTION Phillip Froelich is in trouble. The year is 1946, and he's traveling to Seattle where he will face a court martial for acting insubordinate to a lazy officer in the closing days of World War II. On the way to Seattle he meets Tim Danelaw, and soon the court martial is among the least of Phillip's concerns.... So begins *Quatrefoil*, a novel originally published in 1950. It marked a milestone in gay writing, with two of the first non-stereotyped gay characters to appear in American fiction. For readers of the Fifties, it was a rare chance to counteract the

negative imagery that surrounded them. Today, *Quatrefoil* ranks as a classic work of gay writing, a novel that is still as gripping and enjoyable as ever. It is of extra interest to the modern reader for the vivid picture it draws of what life was like for gay men in our recent but little-known past.

The 120 Days of Sodom by Marquis de Sade relates the story of four wealthy men who enslave 24 mostly teenaged victims and sexually torture them while listening to stories told by

old prostitutes. The book was written while Sade was imprisoned in the Bastille and the manuscript was lost during the storming of the Bastille. Sade wrote that he "wept tears of blood" over the manuscript's loss. Many consider this to be Sade crowing achievement.

Looking at a heretofore overlooked set of archival records of London in the late 17th and early 18th centuries, Hurl-Eamon reassesses the impact of gender on petty crime and its prosecution during the period. This book

offers a new approach to the growing body of work on the history of violence in past societies. By focusing upon low-cost prosecutions in minor courts, Hurl-Eamon uncovers thousands of assaults on the streets of early modern London. Previous histories stressing the masculine nature of past violence are questioned here: women perpetrated one-third of all assaults. In looking at more mundane altercations rather than the homicidal attacks studied in previous histories, the book investigates violence as a physical language, with some forms that were subject to gender constraints, but many of which were available to both men and women. Quantitative analyses of various circumstances surrounding the assaults--including initial causes, weapons used, and injuries sustained--outline the patterns of violence as a language. Hurl-Eamon also stresses the importance of focusing on the prosecutorial voice. In bringing the court's attention to petty attacks, thousands of early modern men and women should be seen as agents rather than victims. This view is especially interesting in the context of domestic violence, where hundreds of wives and servants prosecuted patriarchs for assault, and in the Mohock Scare of 1712, where London's populace rose up in opposition to aristocratic violence. The discussion is informed by a detailed knowledge of assault laws and the rules governing justices of the peace.

120 Days of Sodom Routledge
A “funny, erudite, and fascinating” miscellany of things lost, large and small—from cultures to candies, species to sports gear—by the acclaimed columnist (A.C. Grayling). They go. They vanish. People. Civilizations. Languages. Philosophies. Works of art disappear, species are extinguished, books are lost.

Dunwich is drowned, Pompeii buried, Athena's statue gone from the Parthenon, Suetonius's Lives of the Great Whores gone the way of the Roman Empire. Whole libraries of knowledge, galleries of secrets. Gone. Little things, too. Train compartments. Snuff, galoshes, smog. Your mother's perfume. Michael Bywater argues that we are not defined by what we have but by what we have lost along the way. In *Lost Worlds*, he offers a witty, eclectic, and endlessly fascinating glossary of the missing, a cabinet of absent curiosities, weaving a web of everything we no longer have. **Lost Worlds** Cambridge

Providing an alphabetical listing of sexual language and locution in 16th and 17th-century English, this book draws especially on the more immediate literary modes: the theatre, broadside ballads, newsbooks and pamphlets. The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings; and more broadly, to chart, through illustrative quotation,

shifting and recurrent linguistic patterns. Linguistic habit is closely bound up with the ideas and assumptions of a period, and the figurative language of sexuality across this period is highly illuminating of socio-cultural change as well as linguistic development. Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden.
